The annual affair at West Gate Temple is scheduled to get underway at 7 p. m. with a wide variety of entertainment being promised by entertainment chairmen Rev. Joseph Shellhaas and Spang Spangler.

The ground has been plowed and disced and the plots measuring approximately 40 by 100 feet are now ready for planting. Cost of the plot is but $10 for the season.

Monument Officially Designates Harder Lake

Charles Harder, this week looked at the new bronze plaque which was placed just west of the casting site at the lake in Westgate Park and said, "It's something that sort of chokes a fellow up." He was referring to the tablet which was placed there this past week by the City of Columbus officially designating the lake as Harder Lake in recognition of the efforts of the man now 81 years young to teach the youngsters of the area the arts of casting and his interest in youth of the neighborhood in providing guidance to them. Said Harder, "Most of the time tablets like this are erected after a man has passed on. It's a great feeling to know that folks remember you while you're still among the living."

Columbus State Hospital Observes Mental Health Week May 4-11

Hilltop residents will have an opportunity to participate in the observance of National Mental Health Week, May 4-11, which is to be emphasized in various ways in different communities all over the nation. In panel discussions, radio talks, television shows and hospital visits the importance of understanding what mental health means will be pointed out.

Hilltop participation will be highlighted by a series of tours to be conducted during the week when the Columbus State Hospital 1960 W Broad-st, holds "Open House." Dr. C. E. Hamner, Acting Superintendent not only extends a hearty invitation to residents of this community during this very important week but at any time throughout the year.

The theme for National Mental Health week, this year, is "Mental Illness—America's Number One Problem—Let's Face It So We Can Fight It". Dr. Benjamin Kovitz, Clinical Director, of Columbus State Hospital, commenting on this slogan said, "The first step in any compaign is to understand the enemy. In understanding mental illness, the words themselves get in our way. The phrase "mental illness" tends to suggest something embarrassing, even irrational.

"If we really want to understand, we must skip the words and look at the facts. No one ever sees a mental illness off by itself in a bottle. We only see people who are in trouble, who suffer and who make mistakes. The problem of mental illness is far from limited to just a few hundred thousand people in hospitals, although that is serious enough. It applies to all of us, and to the forces in all of our lives that hinder us from living with the health and success that we naturally deserve. The problem is to discover the constructive aim behind the illness and help the patient reach a better solution."

The first of the hospital tours will be Sunday afternoon, May 4, at 2 o'clock. Other tours will be conducted daily, Monday through Friday at 10:00 a. m. and 1:00 p. m. Guests will gather in the front hall of the main building of the hospital.

Members of the hospital staff, assisted by Red Cross Gray Ladies, will escort the visitors through the various departments of the hospital, explaining the services which contribute so importantly to the mental health of the community.

Motion pictures in the hospital auditorium will also be a feature of "Open House" week and the public is urged to take advantage of this opportunity to visit one of the outstanding hospitals in Ohio.

Tasso Campbell, 50 Midland-av, pleaded guilty to the charge of neglect of duty to draw a three-day suspension from Safety Director Donald D. Cook from the fire department. The charge was based on an error in dispatching equipment and failure to follow fire communications office procedure.

National Homes To Be Shown This Sunday

The first 1952 National Home will be open for inspection for the first time in Hilliards Sunday from 2 p. m., until 8 p. m. and from 3 to 8 p. m. week days according to The Grant Wayne Co. The home open to the public is one of the three bedroom models and is located at 101 Norwich-st, Hilliards. It is just one of the entirely new designs available in the 1952 series of National Homes.

An outstanding feature of National Homes is the speed with which they are erected. The entire house, except for plumbing and wiring, is produced in plants at Lafayette, Ind. and shipped to the construction site in specially designed trailer-trucks. Construction crews of seven to ten men have the house under roof in a few hours and ready for occupancy in about three weeks.

"Get Out The Vote" Drive Is Sponsored By Hilltop Kiwanis

Warren-av, enacts in the photo above a scene that will be repeated many times on election day when Kiwanians put their "Get Out The Vote" campaign into effect. Porter, 81 years of age, a Past Master of West Gate Lodge, has only missed voting once in his lifetime.

Members of the Hilltop Kiwanis Club will be out in full force next Tuesday waging a campaign to "Get-Out-The Vote" and to insure that vote coming out in this community they are personally offering their time and their cars to transport persons to the polls.

John Nippert, chairman of the campaign said this week that thus far 20 cars have been offered to furnish transportation to persons who may have difficulty in getting to their voting places on Tuesday. In addition to furnishing transportation, Kiwanians under the leadership of Dr. J. W. Miles, Sr., will be stationed near the voting booths and after a person has voted will present to each of them a small button bearing the inscription, "I Voted Today. Did You?"

Kiwanis members said that anyone in the Hilltop area who may have no means of getting to the polling places, and who desire transportation need only to call one of the following and transportation will be arranged:

When finally completed the shelter will provide a building for year round activities. It is situated across Harder Lake from the older shelter constructed several years ago.

Local Magistrate Declares War On Littering Of Roads

Franklin-twp Justice of the Peace W. S. Brown, this week served notice on city dwellers that the practice of littering the township and county roads with garbage and other rubbish is going to cease insofar as he is concerned.

During this past week a woman was hailed into the local magistrate's court and fined the sum of $10 and costs for dumping of rubbish on Brown-rd, south of Frank-rd. In levying the fine and costs Brown warned the woman that should she or any other malefactors be brought before his court for the same charge he will not hesitate in imposing the maximum penalty of $50 and costs.

Brown said this week, "There is absolutely no reason whatsoever for the people living within the city to think that the county and township roadways can be used as a public dump. We of the rural districts want to keep our neighborhoods as clean and as respectable as anyone else and see no reason for anyone to feel that the roadsides should be littered with trash and rubbish from city dwellers. The arrest was made this past week by deputies of the sheriff's office and I want to warn any other violators that if they are brought to my court on charges of littering the highways the maximum penalty permissible by law will be imposed."

According to Franklin County Engineer Guy Elbin, keeping the roadsides clean is a year around job and not just something that can be done in the spring and forgotten for a year. Already this year workmen have picked up 46 truck loads of rubbish and garbage from the county highways.

He says, "One week after the men clean up a section of road, it is littered again. Our men are not police officers and it would take more than are available from the sheriff's office to attempt any sort of a drive to prevent this dumping of trash and garbage."

There's literally nothing the public doesn't dump on the roads. Dead dogs, dead cats, beer and soft drink bottles, old clothes, grass clippings, tree limbs, bricks, waste paper, empty cans, old cardboard boxes—these are some of the more common items.

"People are getting a little more considerate," he said. "Now they are putting their trash in boxes before they throw them out on the road. But, maybe that's because it makes it easier to throw. Perhaps it is hard to realize the unnecessary spending involved because of thoughtlessness and carelessness. Man hours and equipment used this way are taken from the road maintenance and building program."

It's getting close now to the time when the trash tossing will begin to reach a peak—coinciding with housecleaning activities. Franklin County residents could save themselves a lot of money if they would take their trash to a regular dump instead of tossing it out on roads.

Local Sailor Is Aboard Carrier Wasp In Mishap

Howard E. Gease, 23, was an aviation apprentice aboard the Wasp this week when it was rammed by the mine-sweeper Hobson. Gease's wife, Mrs. Beverly Wright Gease, 26 N. Huron-av, is expecting to hear from her husband when the Wasp docks this week-end in New York.

Versatile George Riddle Plans For Hilltop Accordion Studio

Heading the list of "future plans" for the George Riddle attractions, 2907 E. Fifth-av, is a Hilltop accordion studio. The Riddles, Mr. and Mrs. and Barbara, 20, and John, 9, all play the popular accordion and with the aid of several extra instructors run a profitable school. In addition Mr. Riddle has a repair shop for the complicated instruments of music in the basement of the Riddle home, 2908 E. 13th-av.

Their interest in the Hilltop is understood when a list of their students is analyzed. For instance in their forthcoming recital scheduled for May 31 at Central High School we find the following Hilltoppers to be among the performers: Darlene Giffin, Betty Hawes, Connie Laff, Buddy Suttles, Tommy Thompson, Barbara Randall and Connie Stout. These are only a portion of the Hilltoppers taking "squeeze-box" lessons from the Riddle studio.

The family itself is indeed a talented one. In addition to being an accordion virtuoso Papa Riddle claims to be the only person in central Ohio who can repair an accordion, which totals 14,780 parts. Mrs. Riddle, who didn't take up accordion until 1947, is a former dancer in musical comedy shows, and has instilled some of her talent in daughter Barbara, who also dances. The attractive 20-year-old daughter has been playing the family instrument since she was four years old and now teaches at her father's studio.

Son John, although only nine, has been playing since he was six and is very proud of his attractive accordion.

The family agrees that the accordion is easy to learn to play although it can get a little heavy even when you're used to it. The instrument is so popular today that, according to Riddle, American manufacturers could supply only one-half of the demand in the city of Chicago alone. The bulk still comes from Europe, where the majority of the highly skilled workmen are Italians.

Hilltop Had First Recreation Center In Columbus

By Pat Martindale

The Hilltop has the distinction of having had the first recreation center and playground in Columbus.

Prior to 1908 Glenwood Recreation Center was the only shelter an. playground maintained on the West Side by the Columbus Recreation Department.

Glenwood building was actually erected in 1904 as a shelterhouse but no records are left as to who or for what purpose it was built. The gymnasium was later added by the city.

In 1908 a group of Columbus women recognizing the need for playgrounds sponsored a "Tag Day" which is said to be the first in Columbus, to raise funds to maintain playgrounds, mostly on school property and to set up a committee to serve as supervisors, without compensation.

In July of 1910, the City Recreation Department was established by a city ordinance, which created a position for one paid official and appointed a commission of seven prominent Columbus people to serve without compensation.

A sum of $6000 was appropriated for recreational needs and in May of 1911 an additional $9000 was appropriated. The first bond issue for city recreation amounting to $20,000 was passed in May, 1911.

The first Hilltop Community Center to be established was at West Broad Street School where both adults and children met for handicraft, dramatics, public lectures, and competitive athletics, chief among which were indoor baseball and basketball.

During the depression years a greater need for recreation facilities arose among adults as well as children, and today a wider variety of programs is needed, offered and taken advantage of by persons of all ages.

The Hilltop now has besides the Glenwood Center (where programs are carried on the year around) four city sponsored playgrounds; Westgate Park, with two shelters for picnic groups and outings; Holton Park also with a shelter, Columbian playground and Highland Avenue School playground. Each playground is equipped with sanitary facilities and trained supervisors are on the grounds at all times during opening hours. Activities in sports, dancing, crafts, music and dramatics with many other special events are offered to all who wish to take part in the programs.

As the Hilltop grows, so grows the need for added, well supervised and sanitary recreation centers and playgrounds.

Singing Sheriffs Will Entertain At Local GOP Rally Next Thurs.

The Franklin County Singing Sheriffs will be the highlight of a rally of 10th and 11th ward Republicans at West Broad Street Elementary School next Thursday evening, May 1, beginning at 8 p. m., according to Arthur J. Beller, publicity chairman for the event. The rally which is open to the public with no admission charge will also see introduction of candidates by Sheriff Ralph J. Paul and a principal address by Judge John F. Seidel. Co-chairmen of the rally are George A. Sinclair and Earl Brownlee.

County Roads In Hilltop Area Get Plenty Of Care These Days

County roads in the Hilltop area aren't magic carpets. They don't stay smooth under the pounding of modern traffic, without help.

The Rome-Hilliards-rd in 1951, for instance: Workmen from the office of County Engineer Guy Elbin completed 93 separate repair and maintenance projects on that road, plus a complete resurfacing project. This road is just one example of the unceasing work by road workers that is necessary to give you good motoring.

"You can't just build a good road and then leave it without maintenance," said Elbin. "You must keep at it constantly, no matter how good the road is when it's built.

"The Rome-Hilliards-rd is 7.5 miles long. It's a busy road. It takes a lot of pounding from high speed cars and some heavy trucks. My records show that maintenance crews patched early in 1951, 15 major locations and countless small places in that road so that Franklin County residents would not be hitting deep chuck-holes.

"In addition, we later completely resurfaced the entire length of the road at a cost of $48,234. In 1952 we'll be out on the Rome-Hilliards-rd again making sure that this new surface isn't left to be pounded to pieces."

Franklin county roads, among the best county roads in Ohio, are beautiful in appearance, too. That's because county crewmen remove unsightly trees, mow weeds, put up guard rails, clean up debris, clean out ditches, work on driveways and work on the berm alongside the hard surface.

Berm work was a major item on the Rome-Hilliards-rd. Forty-eight different berm projetes were completed in 1951.

No matter how often you drive county roads in the Hilltop area, you probably never dreamed that county workmen work so constantly on one road.

After all, there are nearly 300 different county roads to service. But, precise planning results in many visits to each route.

For example, Hague -av—a comparatively short road under county care from the Columbus city limits to Trabue-rd—received varied attention from county engineer workmen about 60 times in 1951 and more than two miles of the route was given surface treatment.

McKinley-ay, one project for widening sometime in the future to provide Hilltoppers with a faster route to and from downtown—was worked upon 45 times, and Valleyview-dr had county workmen performing miscellaneous tasks 50 times.

"We can't be on any one road as much as we'd like," said Elbin, "but through efficient organization and constant pressure, we are able to make the rounds many times. The amount of maintenance work this office is able to do through our patrol crew is truly amazing."

Indian Village Scout Camp To Open June 23

Indian Village Camp which has been operated by the Columbus Recreation Department since 1927 will continue under the same sponsorship for 1952, it was decided by the Recreation Commission at its recent meeting. A proposal by one of the local churches to operate the camp during the coming season was not accepted by the Recreation Commission which at the same time announced that the camp will open on June 23 and will continue for eight weeks—divided into four camping periods of two weeks each.

Located about eight miles from the City Hall on Scioto River north of Griggs Dam, Indian Village Camp has modern facilities consisting of ten cabins, recreation hall, dining room, kitchen and its own swimming pool.

The fee for a camping period of two weeks is only $20, being the lowest in this area. Registrations which are open to both boys and girls, 8-12 years of age, may be made at the Columbus Recreation Department, Room 124, City Hall.

Sanitation Season

With warm spring days in the offing, emphasis on home sanitation again becomes increasingly important.

At this season of the year, the health department puts special emphasis on the spring clean-up, designed primarily for the two-fold purpose of elimination and control of flies and rats.

These two health hazards can be controlled only through sanitary practices. Places where they feed and breed and rest must be destroyed and kept eliminated.

The common house fly has demonstrated its versatility in spreading more than 20 human diseases. Some of the more serious are typhoid fever, diarrhea, tuberculosis, cholera and dysentery. Rats and mice have been implicated in the spread of 20 to 30 diseases.

It is plain to see, therefore, that your health, the health of your family and your community depends in good measure upon your maintenance of clean, fly-and rat-proof premises.

Sanitation is largely a personal matter. It is a way of life expressed in clean and healthful surroundings.

In a sanitary clean-up the necessities of livelihood of flies and rats are removed. Garbage is stored in tightly covered metal cans and disposed of regularly. Rubbish heaps are removed. Dilapidated buildings which serve as harbors for both rats and insects are removed or repaired.

Along with these measures, your home should be properly screened to prevent entry of flies. Any place where a rat might sneak in should be blocked off with hardware cloth or sheet metal.

Spraying to kill flies and poisoning of rats are valuable supplements to the sanitation program, but will not do the elimination job successfully in themselves.

The City High School baseball league was nearly assured of a new champion this week when the West High nine handed the defending champions, Linden-McKinley, their fourth defeat in league play by a score of 6-1.

Bob Thornton, local mound ace, was again in fine form limiting the Panthers to two singles, one of which was of the scratch variety. The Cowboys iced the contest easy in the second inning by scoring four times on Kimbal's three-base blast against the stadium in left. Thornton's double, Gleib's single, and Chesher's triple. Chesher tallied on a passed ball.

Two more tallies came in the fifth when Chesher was safe on a miscue. Orr walked, Hughes forced Orr and Chesher scored on another miscue. Kimball then singled scoring Hughes.

Linden counted an unearned run in the sixth for their only score of the contest on two bases on balls and two Cowboy miscues. The margin of victory might have been even larger had not the locals Fan bases like the Brooklyn Dodgers of old. Three players were picked off base at various times when they were in scoring positions.

The box score is as follows:

A versatile and strong reserve track squad is available for future use of the West High track mentor in the Hilltop Relays on next Wednesday night. This upcoming squad holds every promise of being "poison" to other schools of the league in future years.

The REALLY Unbossed Candidate
For Sheriff of Franklin County

The Man —

Harold D. Pickering — call him "Pick" — is unbeholden to any political boss, past, present, or future. His 20 years as Administrater and Wills Deputy of the Probate Court proves this! Not once has he been known for anything except sympathetic courtesy and business efficiency in the conduct of that office.

"Pick" is a Democrat; a past president of the Franklin County Democrat Club, and of the Young People's Democratic Club of Franklin County.

He is honest. He is qualified. He has made absolutely no promises; entered into no deals. He has nothing to hide, but much to show in real qualifications for the job of Sheriff of this county.

His Campaign —

Professional law enforcement people will be allowed to act as such. Their qualifications as police officers will determine all new deputies.

Full cooperation between county, city, and federal law enforcement agencies. No sniping. No quibbling.

ANTI-GAMBLING LAWS WILL BE ENFORCED!

Bob Cooke Says Experience Vital In Sheriff Job

"Do the good people of Franklin County want a politician or a trained police officer in the sheriff's office?"

That, former Columbus Detective Sergeant Robert E. Cooke, 458 Nashoba-av, asserted, today, is the paramount question facing voters in this year's election of a sheriff.

Commenting on a recent news article identifying him as a "novice" in politics, the Democratic contender for sheriff, declared: "That is absolutely true. I know nothing about politics. My entire career has been devoted to police work, in all its intricate ramifications. My police training, and the fact that I have no bosses, are my only qualifications."

Cooke said "No one urged me to get into the sheriff's race. No one controls me. I decided to run because I am interested in good law enforcement." Then Cooke asked:

What is needed in the sheriff's office? A lawyer or a trained policeman? Or a puppet MAYBE?"

Cooke declared that recent events have proven the need for a trained and experienced man in the sheriff's office." He said such a man must be intelligent, and his intelligence must be fed with understanding and knowledge." Cooke concluded:

"All of this requires extensive training. There is no substitute for experience."

Ray Reynolds Is Candidate For Commissioner

Ray Reynolds, Democratic candidate for county commissioner, said today, "The incumbent board of commissioners require the services of fresh, energetic manpower which will tackle the problems of zoning, drainage and county hospital administration without fear or favor."

A veteran Clinton-twp official, Reynolds has served his township for 14 years as a township trustee. He has been superintendent of road maintenance for the township, a post from which he has taken a leave of absence for the duration of the campaign

"I intend to give the taxpayers of this county a dollar's service for each dollar spent," Reynolds pledged. "I shall spend full time at the job, which is necessary for the expanding communities now growing our borders."

Reynolds, a veterah of World War I, is married and has one daughter. He resides with his family at 4128 Walford-rd.

PIG-PUSHER
PIG-GRO
STARTING AND WEANING MASH

Many farmers have mistakenly given the name "little pig disease" to a condition which is largely the result of faulty nutrition. Pig-Gro is our answer to this situation. It is rich in essential nutrients, including many newer vitamins like choline, niacin and others. It has a milk base, and is producing outstanding results.

VITAMIN SPECIALISTS

The formulas for Pig-Gro have been built in the research laboratories of one of the largest groups of vitamin specialists in the country. Their careful tests prove its high quality conclusively.

Helen Kidwell

The second year home ec. class at Hilliards High School had a family of 17, on Apr. 22. They are studying a unit on Child Care, so the Mothers' Club of Hilliards Elementary School furnished the children. In this class the home ec. girls have gained experience in working with children. It will help them see the difference in the actions of children at the different age levels.

There were eight children who attended the morning session of school and nine in the afternoon. When the children arrived they played outdoor games, then they came inside to where there were crayons, paint, balloons, and a model farm. A small table and bench had been moved in for the children.

Two sophomore girls, Nancy Suver and Carolyn Russell were dressed as clowns and told stories to amuse the children. To end the period their favorite stories were read.

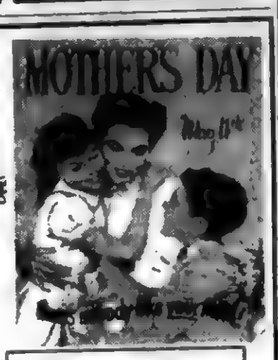
"Circus Party" Fetes Fourth Grade Students At Hilliards School

With the combined efforts of Mrs. Ray Giehl, Mrs. Paul Pugh, Mrs. Alva Streitenberger, Mrs. Frank Seiller and Mrs. James Whalen the students of Miss Weber's fourth grade had a "Circus Party" Tuesday afternoon in the Hilliards school cafeteria. Each student was presented with a clown cutout place-card to color and sign and then the special birthday children were [illegible] to enter the cafeteria and see tables carrying the circus motif.

The children participated in a "Circus Personalities and Animals" game and donned certain identifying garments and props to help the other children guess just what and whom they were. The tight wire walker donned a floral headpiece and carried an umbrella for balance control and walked on a metal measuring rod on the floor. There was also a "pin the clown's button on" game for which thanks are extended to Stephen Meckstroth and mother for its creation.



The tables carried out the circus theme with circus wagons and animals in the center and gaily colored balloons overhead. Table favors consisted of a clown's hat, and a bag of "circus" peanuts, while the cake was adorned with animal crackers.

The 30 children sang a special "Birthday Song" to their teacher, Florence E. Weber, who is a "December Birthday Girl."

Let's Talk Things Over

When Bob died, the neighbors fell to wondering what would happen to the family. He'd been a real family man, a steady earner, but he wasn't very old when the unexpected overtook him. It looked like disaster for the family. You see he'd recently built himself the nicest of homes and, of course, had made only a few payments on the mortgage. His eldest girl was going to high school, and the boy was looking forward to entering next year. The sudden death of Bob surely would end everything.

But it didn't. Of course, there was great grief, but [illegible] to everyone's surprise, the widow kept the home, the kids went to school, and the upsetting which everyone expected didn't come off.

You see Bob believed in life assurance. He knew how important it was to create an immediate estate out of his small savings. He knew too that only life assurance could do this. Now Bob's widow receives a constant income; her home is paid for; and all because Bob realized that it was part of his responsibility to look after his lovely wife and family in the best way he knew how.

Let's talk things over—today!

In Passing

By ESTHER WEAKLEY

APRIL

There is something timeless in returning April
That speaks eternally of other springs;
Each summer, winter, autumn we have known
Are individual things, but all our springs—
A sanctuary to which the heart returns;
We laugh through summer; stroll through autumn leaves,
And weather winter's snow and icy blast,
Then as a worn traveler, so we look for spring.
Like the sight of homes and budding trees,
And like the call of welcome, song of birds;
Renewal of the spirit, here—and peace,
Comforting as lights of home, the words:
Here at last is spring.

Norma Pallay,
in The Columbus Citizen.

• • •

From "Sanaire" Joke Page: "Moron is something which in the wintertime gals wouldn't have so many colds if they put." From the same source: "The man who falls down gets up a lot quicker than the man who lies down."

The friendly voice of Larry D. Lawrence has been familiar to radio listeners for more than 24 years, and for almost two years he has been seen as well as heard on WTVN, each morning at 11:45. Born in Pennsylvania, he came to Columbus in 1919. He and Mrs. Lawrence will soon celebrate their thirty-third wedding anniversary. They have one son and live at 2900 Shawnee Trail, near Powell. Larry began his radio career at WCAH (Now WBNS) in 1928. Later he went to WAIU (WHKC) where he conducts a program each morning, Monday through Friday. He is also heard at 6:15 each Saturday morning, over WRFD. He has done everything there is to do on radio—from newscasting to singing—and has done it well. At one time he had a daily rhymed newscast which must have been quite a job, even though he is a poet of no small ability. He has officiated as master of ceremonies at more club affairs than he can remember; has also worked at WING, Dayton; WNEW, New York City, and WAAT in Jersey City, N. J. An employee of Ohio State Employment Service, Div. of B. U. C., he is in charge of their radio and television broadcasting. On WTVN he is known as "The Farmer's Friend," but Larry is everybody's friend.

Two Columbus ministers called to invite the nurse friend who recently returned from Korea, to attend their respective church services. Both gentlemen assured her that "strangers are welcomed" in their churches, and made to know they are welcome.

Incidentally, one of them said it's an old gag but he intended to wish his Easter Sunday congregation a merry Christmas since he wouldn't be seeing some of them in church till next Easter.

• • •

My private Waterloo — finding pennies for postage due . . . folding easy-to-fold card tables . . . and road maps . . . telephone advertisers who effervesce while they tell you this is your day; you are the luckiest person in all Columbus because your name has been selected by some miracle (unexplained), and you have won a free prize which you discover as he/she gushes on will cost you $5.98, plus postage . . . announcers of late tv shows who apparently believe audiences have the IQ of five-year-olds, so it is necessary for them to explain in great detail the plot of the old movie about to be shown.

• • •

Sign of the times: two wrecked airplanes in the automobile cemetery near Zanesville.

Have you seen Richard Purdy in tv shows, or do you know he is a native of Ohio and lived in Columbus at one time? He appeared with Sarah Churchill recently, and in other top-notch plays. Dale Engle, native of Logan, is also becoming well known as a tv actor. Dale also writes—poetry and plays.

From somewhere: "Length of life depends less on the star you were born under than the color of the traffic light when you cross the street" . . . "Uncle Millie's stuff is so original you can hardly remember from whom he swiped it" . . . "One man with courage is a majority."

"Growing With The Hilltop" Is Thrift's Slogan

Pictured above is an interior view of the new Thrift Finance offices located at W. Broad-st and Wayne-av. "Growing with the Hilltop" is the slogan adopted by this progressive firm which recently moved to the new location into the modern offices which are designed to give the utmost in service to their patrons. W. R. Hessler is manager of the local firm which in the past twelve-month period has shown rapid growth in the community.

Our Correspondents

Many of The Hilltop Record's most avid readers are fans of one or more of the ten correspondents who are now presented in the Record each week. Mrs. Harry Downing, 2080 Eakin-rd, has written the news about Brown-rd folks for over five years. She began when her daughter Libby Downing (Watson) was society editor of the paper. She lives with her younger children, Mary Lee, 16, and Stephen, 8. A member of South-Franklin PTA, Grove City American Legion Auxiliary, and Briggsdale Methodist Church, she spends her free time sewing for her youngsters.

Elizabeth Stoll, 186 Norwich, Hilliards, writes a column of news about her home town people. She has been with the Record for four years and until recently also wrote for the Tri-County News. Miss Stoll spent many years caring for her invalid father and later her aunt. She resides with her uncle, J. F. Ninegar, at the present time. He is 84 years old. For 23 years she was a telephone operator in Hilliards and was displaced when the dial system was inaugurated. She attends Hilliards Methodist Church and is active in the WSCS there.

Pat Martindale writes the Gatepost, plus special feature stories. She has been affiliated with the paper for better than four years. She compiles and edits a mimeographed paper for the recreation center and acts as public relations director for the Hilltop Community Council; also publicity director for the Columbus State School, and as mother to 15-year-old and 17-year-old sons, one to be a June grad of Aquinas. She and her husband, Kenneth, are in the St. Aloysius parish, and Pat has always been a Hilltopper and is the former Vivian Ingles.

Three years ago, Jo Ann Kidd took over the Reabow news from her sister-in-law, Clara May Kidd. Now the Rea and Rainbow news is compiled with the help of Mrs. Hebart Kidd, Jo Ann's mother. Jo Ann is 20 years old and employed in the State Office building by the Industrial Commission. She lives with her parents at 2259 Vadis-st, and is very active in Warren Avenue Church of the Nazarene where she is a member of the choir and a regular in Sunday School.

Mrs. Eva Ramey has been sending her copy in from Galloway for three years. She is the mother of Virginia Ann, 17, and Bernard, who recently returned from two years' service in Alaska and is now stationed in Missouri. Mrs. Ramey's husband's name is Isaac and they go to the Galloway Presbyterian Church. She is an African Violet enthusiast and has always lived in Galloway.

Mrs. James Whalen took over the News of Rome two years ago when Mrs. E. C. Sheets retired from the job. She resides with her husband and Virginia and Jimmy, Jr., at 36 Buena Vista-dr. She is a member of the Rome PTA and Study Club and the Rome Bridge Club. She studied journalism at Grand River Boarding School where she was a major in English and also did further study in fine arts and ceramics. She is an organizing member of the Franklinton-Bexley Chapter of the DAR and is a member of St. Cecilia's in Rome and the Altar-Rosary Society. She is the public-ity manager of the Rome Business Association, the WSCS of Columbia Heights Methodist Church and the Rhoda Guild of St. Paul Lutheran Church. She and her husband moved to New Rome from Cleveland, O., in 1938.

Peg Warren is one of the latest arrivals to the Record. Her column covers a broad scope and is called "With Peg Warren ABOUT THE HILLTOP." She began her association with the Record around the first of the year. She is a graduate of Holy Family High School and attended Ohio State. She and her husband, William (Ralph) Warren, reside with part of their family at 470 Townsend-av. John, 9, Pat, 14, and Peggy, a student at OSU, are at home with Bill serving in the air corps. Mrs. Warren is a former Girl Scout leader and has taken part in many community projects. She plays a little golf but her favorite sport is fishing at Buckeye Lake and what whoppers she does catch! She is a member of the Buckeye Lake Yacht Club Auxiliary and usually spends the summer at the lake.

Woody Owens recently returned to the pages of The Hilltop Record with his Sports Slants. His popular column was in the paper previous to the second world war. He is employed at General Motors and resides with his wife, Dorothy, and son, Michael, 8, at 288 S. Sylvan-av. He graduated from West in 1933 and his interest in sports was well on the way. He played semi-pro baseball after graduation and has since coached many amateur teams.

"In Passing" by Esther Weakley has been the favorite of many Hilltoppers since way back when. The poetry and philosophy in the column are part quotes and part original and all reflect Mrs. Weakley's wonderful humor. She lives with her husband at 3 Belvidere-av and has been active in poetry clubs, including the Verse Writers Guild. She also writes for a downtown newspaper.

Irene Hayslip took over the Moneyback news notes last fall from her neighbor, Mrs. Frank Wolfe. Mrs. Hayslip resides at 3963 Plainview-rd.

Frank P. Shea Is 10th Ward Candidate

Frank P. Shea, 10th Ward Democratic committeeman hopeful, is a resident of 878 Belvidere-av. He attends St. Aloysius Church and is past president of the PTA there. He is an industrial real estate salesman with Feibel-Wears Real Estate.

Thirty-nine years of age, he graduated from Aquinas High School and attended Xavier University in Cincinnati.

Blueprint FOR Happiness

Years of good dreams . . . years of good work are finally resolving into a blueprint for happiness. This young family is building a home of its own . . . and even Rusty seems to like the idea of having a new neighbor next door.

True, this won't be the most expensive home in town. But it will be light, airy, neat and compact. Just what they've always wanted—just what they're going to have.

It's going to be a happy home. For this young family, even during the "lean" years when the idea of a home seemed to be far away, maintained their church membership, and attended church often. Only the church, they found, gave them faith in themselves and their dreams, and furnished inspiration for the work and savings that enabled them to build up not only savings for their new home, but an abiding faith and respect for each other and their God.

Churches don't exist simply to satisfy the religious needs of people who have "arrived." They have real work to do—and do real work in providing young families with a basis of religious faith that develops into one of their most abiding assets. And as long as that faith continues to grow with association with a church, any family can make its own blueprint for happiness that will be with them wherever they are, and wherever they may go . . .

So then faith cometh by hearing, and hearing by the word of God.
—Romans 10:17

Bible Comment:

World Peace Must Be Built on Foundation Of Righteousness

LAWS and ideals are one thing; observances and performances are quite another. Nowhere, perhaps, in all history were there more idealistic regulations than those to be found in ancient Israel. Yet in spite of these, injustice and oppressions were prevalent.

Imagine some thoughtful, intelligent, hard-working farmer, who understands the conditions upon which our life and welfare depends, coming into one of our modern cities. He would observe the ease and luxury of those making no real contribution to society, not to mention the evil and corruption that are so flagrant. Then you can understand something of what the prophet Amos was to his times.

Amos was a herdsman, accustomed to clean living. He was roused to indignation by what he saw . . . "the dust of the earth on the head of the poor . . . the righteous sold for a pair of shoes."

He saw the gross immorality of fathers and sons, the turning of judgment to wormwood, and the abandonment of righteousness. He saw the very acts and rites of religion perverted, feasts observed and offerings sacrificed by those who had no true observance or sacrifice in their hearts.

Amos represents God as saying "I hate, I despise your feast days, and I will not smell in your solemn assemblies."

But he calls for repentance: "Let judgment run down as waters and righteousness as a mighty stream." Don't we need that call today?

The association of righteousness with peace is not accidental. It reminds us of the only true foundation upon which peace can be built, whether it be domestic peace, the solution of industrial problems or international peace. Organization and negotiation are not enough. We must find, and build upon, a sure foundation of righteousness.

JOE BRIGGS Says:

An egg a day keeps the ox away.

Eggs aren't alike. They look alike—but. All insurance companies look very much alike, but the real test is in the service that you receive after you have had a loss or an accident and present your claim. Wise property owners are company conscious—they look into the stability and reputation of the company back of their policies.

He is a graduate of Hilliards High School and formerly was associated with the General Motors-Ternstedt Division in the capacity of apprentice in the tool department. During his furlough, Pfc. Shaner wed Pat Lippe, daughter of Mrs. Virginia Lippe at the Bellows Avenue Church of the Nazarene on Easter Sunday at 4:30 p. m. Pfc. Shaner leaves Sunday, Apr. 27, for Camp Pendleton, Calif., point of embarkation.

Pvt. Charles R. Wilson, son of Mr. and Mrs. L. R. Wilson, 761 Maine-av, recently completed a five week course in the army's communication school, Camp Roeder, Austria. He received specialized instruction in installing and maintaining military communication facilities under normal and combat conditions. He is with Headquarters Company, 350th Infantry Regiment.

• • •

Watts is a member of the 21st regiment, 24th Infantry Division, U. S. Army. He received his basic training at Camp Breckenridge, Ky., and was shipped overseas to Korea on Mar. 30, 1951, where he served with the 24th Division as combat leader for more than 10 months on the Korean front. Sgt. Watts wears the Presidential Unit Citation, Korean Unit Citation, Combat Infantryman's Badge, two battle stars and other awards of merit. Prior to his induction into the service he graduated from Central High School and was associated with the Ohio National Bank until November, 1950. Ralph Watts, brother, served as a paratrooper in World War II and was stationed in France. Sgt. Watts was welcomed home by his parents, brother, Ralph, and two sisters, Mrs. Ruth Notturiano (who is his twin), and Mrs. Donald (Helen) Bateman, 124 Buena Vista-av, New Rome. Sgt. West Side To Be Home Of One Of Nation's Largest TV Studios

The West Side will soon have a new and modern industry. WTVN television's new studio building shortly will be in operation on Harmon-rd. One of the largest in the nation, the new building is already well toward completion.

Station owner Edward Lamb says the building should be completed by May 15. The huge windowless building will house two main studios for the production of "live" shows. An alternate studio is included as well as a large film studio complete with air-conditioned and humidified film storage facilities.

Three separate air conditioning units will be used in the studios, Lamb said. This is is necessary to insure a complete job of cooling, humidifying and heating in the offices and studios which cover nearly 15,000 square feet.

Lamb built the first building especially designed for television when he opened his other television station, WICU in Erie, Pa. The WTVN building is based upon the lessons learned in constructing the WICU building, as well as suggestions he received during an extensive survey he personally conducted of other stations throughout the country. "The new West Side station of WTVN should easily be the most functional television studio facility in the country," Mr. Lamb said.

Besides the two huge studios, complete facilities are provided for dressing rooms, shower rooms, recreation areas, offices, sponsor lounges, a suite of pent house offices and storage and work areas.

Special cat walks are built into the larger studio to allow for special camera effects. Other novel equipment is being designed for the studio, Lamb said.

Present transmitter facilities in the LeVeque-Lincoln tower will remain where they are when the studios move to the West Side.

We Hope Your Found A Place To Vote

Numerous people were quite disgusted on Tuesday when they went out to try to find a place to vote. In many instances they went to their former voting place only to find that the voting place had been relocated.

Then came the problem of determining just where to go.

The Record office received many calls inquiring of voting place locations. In each case we tried to advise where to go. However, not having the exact boundaries of each new precinct, it was impossible to be accurate in giving such information. So if we told you one place and it turned out to be another please excuse it.

In any event, it appears the board of elections should provide more definite instructions before the fall election.

Six Local Youths Chosen To Attend Buckeye Boys' State This June At Camp Perry

Pictured above are the six successful candidates for Buckeye Boys State from this community. First row, left to right, are Bill Haire, Jimmy Maxwell, Bernard Dishong and Blair Spence. Second row, Dave Green, Chet Wagner, Boys State Chairman of Camp Chase Legion Post, and Fred Elder.

Fifteen boys representing West and Holy Family High Schools appeared before a nine man screening board of review Thursday evening at Camp Chase American Legion Post 98, 3211 W. Broad-st, for the selection of representatives from this area to Buckeye Boy's State, this June. From the group, six were selected to attend Buckeye Boy's State and four more were selected as alternates.

Of the six boys finally elected by the board to attend the annual American Legion affair at Camp Perry five are from West High School and one represents Holy Family High School. Sponsors of the youths are Camp Chase Post 98, Hilltop Kiwanis Club, The 13 Club, Hilltop Lions Club and the Hilltop Business Association.

From the field of 15 candidates the screening board selected the following six youths to represent this area at Buckeye Boys State: Blair Spence, 16, of 249 Ladchworth-av, West High School; Dave Green, 79 N. Burgess-av, 16, of West High School; Jimmy Maxwell, 16, 122 Belvidere-av, of Holy Family High School; Bernard Dishong, 16, of 2400 Ray-st, of West High School; Bill Haire, 17, 3107 Ellispi, of West High School, and Fred Elder, 16, 110 S. Four alternates named by the review board were Roger Myer, 17, 75 N. Huron-av, of West; Daniel Westlake, 16, 1394 W. Broad-st of West; Don Rings, 16, 214 Powhatan-av, of West, and Bob Johnson, 16, 59 S. Ogden-av, of West.

Buckeye Boys state is a program of education open to juniors in senior high school. It is, in operation, a government unit in which each boy participates in the practical functioning of local, county and state government.

In Boys State, boys become acquainted with the rights and privileges of a citizen and they have instilled in them a deep sense of the duties and obligations which

Hilltop YMCA To Get New Exec. Secretary

Robert W. Schmidt

Robert W. Schmidt, currently of Mansfield, is scheduled to begin his duties as executive secretary of the Hilltop YMCA, on June 1, according to information released this week by the board of directors of the local YMCA unit.

Jack Downing, executive secretary of the local branch since Averille Thorne was called back to military service, will remain on the staff in capacity of program director.

Schmidt is coming to the Hilltop "Y" brings with him a wealth of experience in organization and program planning in YMCA work. From 1948-50 he was Youth Director for the Mansfield "Y" and under his guidance and pushing of two boys clubs saw the program grow to where there were 30 such clubs under the four front program of Indian Guides, Gra-Y, Junior Hi-Y, and Senior Hi-Y. From 1946 to 1948 he was actively engaged in boys work with the Portsmouth YMCA and while there instituted a complete YMCA program that has shown steady progress.

The new Hilltop YMCA executive is a strong advocate of a decentralized YMCA program wherein more leadership is created in neighbor-

Volunteer Groups Urge More Public Interest In Patients At The Columbus State School

Fifteen Girl Scout leaders of District 8 volunteered a day's sewing at the Columbus State School, on Apr. 28. They made uniforms for the school's Nurses' Aid training program. A few of the leaders pictured above are Mrs. Harry Fast, Grove City, Mrs. George Goodrich and Mrs. Lou Workman, Wilson School; Mrs. Lewis Mathers, Grove City; Mrs. Donald McNight, John Burroughs; Mrs. Robert Lamp, Grove City, and seated, Mrs. George Ralph, John Burroughs.

A city of 2300 "children"—some desperately wanting a party, others wishing for some toys or a new dress, but all needing someone to love them, have their hands outstretched o the Hilltop.

The "children" in mind, if not in age, are of the Columbus State School, 1601, W. Broad-st, and are giving to Hilltoppers a ready-made opportunity to be good neighbors and friends. Lloyd P. Ferguson, director of Volunteer Services says, "We have 250 employees to work on three shifts for 2300 patients. The attendants cannot possibly give them the attention they need. Volunteers can play a great part as friends and sub-parents and give the patients the contact with normal people that they need."

Volunteer services can be given by groups or individuals. Already many Columbus groups, including the Hilltop Community Council, are active and a representative from each meet once a month for a Volunteer Activities Council meeting to plot the needs of the school. Personal and group services are being contributed every day, but the need is great. The Columbus State School is a part of the Hilltop community and the finger of conscience for its well being points directly to the community.

What can you do? The list is long and varied. If you can dance, read aloud, paint, sew, type, play basketball or checkers, knit, set hair and many other activities you would be welcomed. If your group could provide entertainment, transportation, refreshments, make draperies, give a party, to mention a few, their services would be invaluable.

In addition to volunteer services, Ferguson continues to say that material needs of all kinds are urgently needed. Material needs of a nature that the State of Ohio does not provide the patients.

When you clean out that closet this spring, check with the school before throwing out that old baseball bat, stack of comic books or scarred card table. The list of furniture, clothes and other personal items that the school can and will use is astonishing. A few of the items are craft work materials, jewelry, cosmetics, furnishings for a recreation room, etc. They will take anything for any age group 6 months to 85 years.

The spotlight has been on the Columbus State School this week, for it is Mental Health Week, May 4-10. It has been open house every

Sgt. J. P. Shott Is Reported As Killed In Korea

Sgt. J. P. Shott, 23, 429 Hanford-st, brother of Mrs. Denver Havens, 2889 Wicklow-rd, is the third of five brothers to lose their lives, the second in war. His parents, Mr. and Mrs. Walter Shoot, Sr., received word that he had been killed in action in Korea.

A brother, Richard, 19, gave his life in Europe in World War II and another brother, Leo, was killed in an automobile accident New Year's Eve, 1950. The accident occurred at W. Mound-st and Hague-av, and was a tragedy to the whole community.

Scheduled to be released from the service in about a month, Sgt. Shott was a squad leader with Co. A, 223rd Infantry Regiment of the 40th Infantry Division at the time of his death, Apr. 28. His parents had received a letter from him only a week ago.

Also surviving are two brothers, James Shott, 191 Skidmore-st, and Walter Shott, Jr., 429 Hanford-st, and another sister, Mrs. Charles Meyer of 429 Hanford-st.

HBA To Honor Past Presidents At May 13 Meeting

Past presidents and their wives will be honored Tuesday, May 13, at Hoge Memorial Church when the Hilltop Business Association holds its regular meeting beginning at 6:30 p. m.

Highlight of the evening will be a panel discussion on "The Shopping Center and its Effect on Established Business." Mayor James A. Rhodes will serve as moderator for the panel consisting of Dr. Paul L. Brown, Dr. William N. Davidson and Dr. W. A. Cullman of Ohio State University.

Tickets to the affair are available from all past presidents of the association.

West High School Commencement Dates Scheduled

Irvin Young, principal of West High School, announced the following dates for the June 1952 class affairs: Senior high baccalaureate service will be held Sunday, June 1, 3 p. m., in the school auditorium; senior high commencement will be held Tuesday, June 3, 8 p. m., and junior high commencement will take place Wednesday, June 4, at 2:30 p. m.

Close Sheriff's Race Steals Primary Show

While most attention in the May 6 primary election was supposed to be centered on the presidential and gubernatorial races, Franklin County came up with an "eye catcher" race for the Democratic sheriff nomination.

Hilltopper Robert Cooke, former city detective, and Harold Pickering drew wide attention as precincts reported with very slight margins between them. At press time, with 626 of the 647 precincts reported, Cooke had 13,206 votes and Pickering 13,099. Cooke's margin was shaved to 72 votes as a precinct from Clinton-twp allowed Pickering to pick up 35 votes.

Seven Injured In Traffic Mishaps

Seven persons were injured on the Hilltop as a result of accidents during the week ending May 4. Six were the result of automobile collisions and the seventh, a juvenile, was struck by a car. Ten accidents resulted in property damage.

Motorists were warned to beware of the "black month" of May in which the yearly accident death peak is usually reached.

Cottage Lunch Fire Loss High

Cottage Lunch, 2717 W. Broad-st, suffered high damages as yet undetermined early Monday morning when a hot water tank caused a fire in the rear of the one-story frame building which is owned by the Hilltop YMCA.

YMCA officials said this week that they were unable at this time to estimate damage to the building which was gutted by the blaze, but that the losses are fully protected by insurance.

According to firemen the blaze spread to the walls and ceiling before being brought under control. Assistant Chief Joseph H. Cassell said the fire could have been caused by the tank being overheated and too close to the floor or by an inflamable material resting against the heater. The blaze burned a hole in the floor, causing the tank to fall through.

Paul Weimer is the proprietor of the restaurant.

Mrs. Lawrence Mack Named Kiwanis Hilltop Mother Of Year

Mrs. Lawrence Mack

When Hilltop Kiwanians meet Thursday noon at Schmelzers, they'll have an extra special guest to be honored by the club at the luncheon meeting. The honored guest will be Mrs. Lawrence Mack, 176 S. Algonquin-av, who was named this past week by the Kiwanis Club as the "Hilltop Mother of the Year." Mrs. Mack will be accorded the honors of the club in a Mother's Day" program.

Courage, and helpfulness to others, despite a handicap caused by dreaded polio were principle factors in determining Mrs. Mack as the Hilltop mother worthy of the honor this year.

Many Hilltoppers best remember Mrs. Mack as Mary Jane Francis of 23 Richardson-av, and former West High Homecoming Queen of 1928. She is better known however as the gallant lady, who though confined to a wheel chair, has given unstintingly of her time to aid the cause of fighting polio. In this capacity, Mary Jane, as she prefers to be called, has served as co-colonel of the Hilltop Polio Drive for one year and as co-colonel of Westgate sector for two years.

When stricken with polio seven years ago, Mrs. Mack was considerably worried about her son, David, then four years of age. She became determined that nothing more would happen to prevent her son having a mother's care and she fought back the attacks of the dread disease. Although she was a patient at Children's Hospital for 14 months and at Warm Springs, Ga., for three months she remained happy and cheery throughout the entire period. Hospital attaches likened her departure from the hospital to "taking away the sunshine."

After having been released from the hospital Mrs. Mack then faced the problem of practically living anew. Her home was remodeled and ramps built in so that she would be able to get about her home. Denied the privilege of keeping house the way she wanted she turned her attention to other fields in order to occupy her time. Hobbies, she avers, are not for her, although she does smilingly admit that son, David, now 11, and her husband, Lawrence, provide plenty of entertainment for her.

Most of her time is spent near a telephone either conducting telephone surveys or contacting customers for magazines of which she is an authorized representative. At Christmas time she conducts a bus-

Miles V. Hoover In Europe On Six-Week Tour

"Cap" Hoover

Miles V. Hoover, 83 W. Park-av, better known as "Cap" to thousands of local folk, left last week for a six-weeks tour of Europe. After stopping briefly in Norwalk, Conn., with Emerson Emrich, a graduate of South High School, the executive secretary of South Side Branch YMCA traveled on to New York City, arriving there sometime Saturday. East Captures Hilltop Relay In Final Event

After North had led all the way in scoring at the Hilltop Relays Tuesday night at Magly Field, East High School suddenly blossomed out as winner of the annual track and field event by capturing the last two events on the card. Homer Wallace, East pole vault mainstay, cleared the crossbar at the 11 foot 6 inch marker to permit the Tigers to win out 79 to 73 1/3 over North before a crowd of nearly 2500 spectators.

Central, winner of the relays in previous meets, was third with 60½, West tallied 55½, South 31 1/3 and Linden McKinley trailed the field with 21 1/3.

Star of the meet was Don Mosely of Central who garnered 21 points for his team to be high scorer. Mosely in addition set a new record for Magly Field and the Hilltop Relays in the 440 yard run. He paced off the distance in a time of 51.4 to beat the previous record of 52 flat held by a former Centralite, Tallman, since 1950.

Two Are Hurt In Accidents On The Hilltop

She was playing with a companion when she darted into the street and into the path of an auto driven by Mrs. Jean Gilmore, 259 S. Sylvan-av.

Hilltop Lions Newspaper Sale To Be May 21

Members of the Hilltop Lions Club are busily engaged these days in preparation for their annual newspaper sale on May 21. This year's Sight Saving Edition will be a special edition of The Hilltop Record in tabloid form printed especially for the local Lions organization.

In the meantime the Lions Club members in addition to turning newspaper men for a while to get out their special paper, are also recruiting the services of every person they can to aid them in the sale of their newspaper.

Entire proceeds resulting from the sale of the newspaper are used in a special sight-saving fund which is used solely for the purpose of caring for children needing special eye attention, providing of pilot dogs for the blind, sponsorship of a blind Girl Scout Troop and employing every possible means for the preservation of sight.

Anyone interested in aiding the Hilltop Lions Club on May 21 is urged to contact John Dickson, JO. 3362; Pinky Higgins, JO. 1900, or Horton Ryan, JO. 4604.

Junior Y League Cage Champions Are Honored

Pictured above with individual trophies they were awarded Sunday morning at Hoge Memorial Church are the members of the Hoge team which garnered the Junior Championship in the Y's Basketball League this past season. Jack Downing of the Hilltop Branch YMCA made presentation of the trophies to Dick Glen, Dick Witter and Glydon Davis in the front row and to Lewis Proper, coach, Jerry McLinn, Keith Jenkins and Scott Pence in the rear row.

day, and at 9:30 a. m. and 1:30 p. m. tours through the buildings have been scheduled. The tours originate in the conference room of the main biulding and are preceded by an orientation talk on mental health, illness and deficiency. Color transparencies on school scenes are shown at this time. The students will act as host and hostesses for the visitors to their living units and will provide entertainment in the exhibit room in the form of art craft work and weaving.

It would be well worth while to get acquainted with the Columbus State School, and to offer services or material aid whenever possible for a very worthy cause.

Small Newspaper Discovered By Hilltop Woman

The newspaper department of the Ohio State Museum has expressed interest in a miniature edition of the 1899 Press Post which is in the possession of Mrs. M. I. Beaver, 121 S. Highland-av. The little paper, complete with 12 pages, is only five inches by six inches in size. The headlines are the only thing which is legible and the exact date is not known. A spokesman for the museum expressed the hope that they would be able to garner further information about the little paper.

Mrs. Beaver has had the newspaper for a long time but doesn't know how she came to be in possession of it. As far as she knows it was not a keepsake of her family. She recently rediscovered it and brought it to the attention of The Hilltop Record because it was stored with a 1918 (second year of publication) edition of The Hilltop Record.

Although issues of the old Press Post are relatively common the curators of the museum were not familiar with any miniature copy such as the one in possession of Mrs. Beaver.

MAY

O the wonder of living while May is here giving
Ten thousand new dreams. Who unfurled
New blue in the sky, new gold in the vale,
New bonnets, new scarlet, new caps For the blossom, the bud and the bush;
New songs for the singers in forest and dale;
New marvels of love for the world.

I laugh with Her madness, her joy and her gladness
For they leap from the earth as I look;
I laugh with the sweetness of her as I listen
To bleat of the sheep from the woods;
To new waters that click crystal heels
On stony descents—I thrill as I christen
Each naked new dream in the brook.

Eris Goff, in The American Album of Poetry.

A mutual friend in Kenton had practically demanded that I listen to Mary Lou Pfeiffer's "Your Home" program (1:30 p. m., five days each week) but not being too domestic, I never had. One afternoon last week when flu had grounded me, I did listen and liked what I heard. The Fact Sheet on Mrs. Pfeiffer, who is Director of Women's Activities of Radio Station WRFD, Worthington, furnishes the following data on her:

She presents two programs daily —"Kitchen Kettle" at 11:15 a. m. and the above-mentioned "Your Home." She is Mrs. Paul Pfeiffer, and mother of Kay, age 13, and Vaughn, age 9. She and her family reside at Kenbargo Acres, near Kenton, Ohio. During the last four years Mrs. Pfeiffer has been associated with Ohio State University Extension Service as instructor and lecturer. The story of Mrs. Pfeiffer and her dream that became Hardin Memorial Hospital at Kenton, is told on page 4 of October number of Goodhousekeeping Magaine. It began several years ago when she was a patient at the old McKitrick Hospital in Hardin County. Mrs. Pfeiffer conceived the idea of Hardin Memorial Auction, to help financially with the building of the new hospital. The first auction netted $13,500. She is a Seventh Degree member of the Grange; member of the Farm Bureau, PTA, Memorial Hospital Guild, served three years on the Farm Security Board, is a homemaker, home economist and lecturer on these subjects before organizations throughout the state. She also entertains with original puppets and marionettes. Her "Good Egg Club" is quite popular. Members secure needed items for shutins and other unfortunate people who are brought to the attention of the club. You must hear Mrs. Pfeiffer's programs to appreciate her warm, sincere personality. I'm glad I listened and you will be too. You'll like the informal, friendly manner in which she interviews women's groups, classes, and individuals who visit her.

Sunday morning (April 20) we started at 5:45 for Washington C. H. It was a wonderful trip. You don't have to go to Washington C. H.—go anywhere, but go early in the morning. There is no traffic and everything is fresh and lovely then. It was a delicate green-against-grey world. The things we saw and heard along the way were balm to traffic—and other city-made nerves. There were all kinds of birds. Lambs, colts, calves and puppies were all trying out their new legs. Dogs that had kept all-night vigil in yards were stretching or standing expectantly at doors, waiting to say Good Morning to their families. A few farmers were plowing; there were people fishing in every stream and boys, with dogs of course, feeding chickens or just walking across fields, thinking their "long, long thoughts." To make the ride more delightful, there was a fine program on WLW with the kind of music that exactly suited a spring morning.

Excerpts from letters — You should add the name of Miss Adams, switchboard operator at WTVN, to your list of pleasant telephone voices . . . If you want to see the loveliest lilacs, and the most, come to Lexington (Ky.) . . . Now that Lil Abner is married (sob) all we have to look forward to is the return of Daddy Warbucks . . . The best way for a public idol to be "debunked" while he is still alive is for him to announce his candidacy for the presidency.

A very nice letter came from Mrs. Nellie Gray Amsbary, 202 N. Harris-av, who is a shutin and a talented and courageous one. Speaking of courage, in Buffalo, N. Y., a man conducts a thriving business from his bed. His slogan: "It doesn't matter what a fellow's misfortune may be, it's the way he takes it."

This "Mother's Day"

Mother's Day is this next Sunday, May 11, a special day set aside on which we take time out from the busy turmoil of todays fast pace of living and to pass along a flower, a box of candy or some other remembrance, to the one person in the whole world that each of us cares the most about.

On this special day, most of us can, if we will, take just a bit more notice of this one day of the year and be just a bit more considerate of that certain person, by being helpful on this day. It's not much of a "Mother's Day" when the entire family comes home to say "Hello Mom" and then as usual permit her to get into the kitchen and prepare a big dinner for the family.

Then too, in addition to remembering her with a gift, there is one thing she'll appreciate more than anything else. A kiss and a hug, to let her know that it's not just one day of the year that she is in your thoughts and plans, but every day in the year. It's a thrill for her to know, "My boy or my girl never forgets me."

Her day this Sunday can be made one for her to remember. Make it a real day for her not by just a gift and your going back home, or just a card. Tell her now that Sunday May 11 is the day you intend to take over. It will truly be "Her Day" to relax, no dinner to prepare or anything. Start the day by going with her to church, take her out to dinner or maybe a picnic these warm days, or an evening show for a change from television. She'll like the fuss you can make over her especially this one day of the year.

Even though your Mother may not be among the living today. You can at least remember by a visit to her resting place to pay homage to she who gave you life and guided your early years with patience, love and understanding. And too, should your Mother be no longer here, there might be a Mother whom you know living close by who on this Mother's Day will think of the son who went away to war and and never returned. Take his place for just this one day and say for him, "Hi Mom."

Remember this Sunday then. It's "Mom's Own Day." Make it a day for her to remember in the years to come. Let it be a day that she will know full well that you have learned and observed the Commandment, "Honor thy Father and thy Mother."

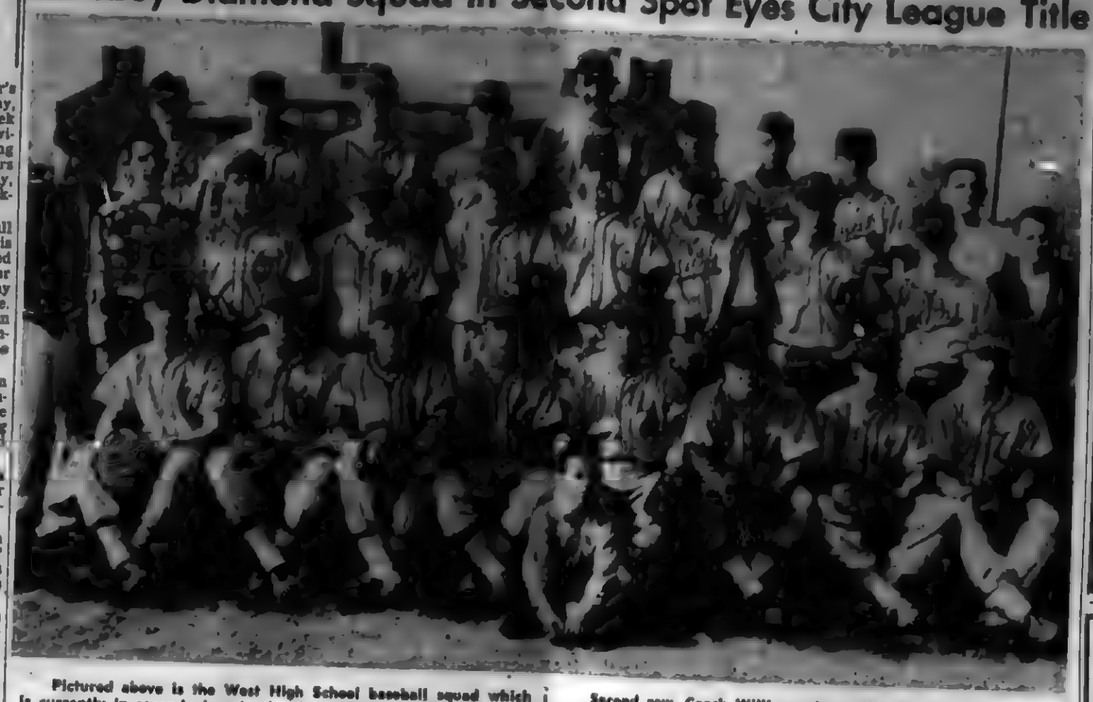
Glenwood Recreation Center's spring round-up will start Monday, May 25. Each day during the week will be devoted to special activities for all ages. Square dancing on the tennis court under the stars will be the feature of Thursday, May 29, to the music of the Buckeye Rhythm Boys.

Baseball is moving along in full swing at the center. Lon Wright is sponsoring a team that is entered in the Saturday afternoon Amateur League. This team will also play in the Senior Knothole League. Some positions are still open on the team and any senior players interested are asked to report to the center for practice.



A few positions are also open on the intermediate team and candidates are asked to report at the center. Candidates are being sought for positions on the second Junior Baseball team.

If a sufficient number of boys of league age apply at the center a second Little League will be organized.

Girls' Softball League will begin play next week and any girls' teams interested in entering this league should contact Glenwood as soon as possible.

"Glenwood Echo," the center's paper, is now available and can be had for the asking. All baseball and softball schedules can be found in the "Echo", plus other schedules, news items and cartoons.

Columbus Redbirds Hold Clinic At Glenwood

Age is no factor when it comes to the great American sport, baseball. Youngster or oldster, enthusiasm begins as soon as spring makes an appearance.

To help encourage the boys in their play at Glenwood Recreation Center several members from Columbus' favorite ball club, the Red Birds, spent last Saturday morning instructing 50 boys in the technicalities of batting and bunting, the proper plays for basemen, infielders, pitchers, catchers and outfielders.

Manager John Keane and players Herb Mancini, infielder, Jay Van Noy, outfielder, Charlie Kress, first baseman, and Mo Mozzali, outfielder, found the Hilltop boys very cooperative. On the other hand the boys expressed satisfaction with the "Birds" and felt that instructions received were worth while.

SPORT SLANTS

By Woody Owens

West High School's baseball nine marked up its fourth city league win of the season last Thursday by nosing out North by a score of 3-2 in a contest played on the loser's diamond.

The locals counted an unearned run in the third and the Polar Bears did likewise in their half of the same frame. The ultimate losers counted again in the fourth to take a 2-1 lead but Snyder, who allowed but two safeties over the first six frames, blew up in the seventh when Vincent and Chesher walked, Hughes sacrificed and all hands were safe on a fielder's choice. Pinch hitter Tom Bowman, making his initial appearance of the season, then walked, forcing the tying run.

Hyder then relieved Snyder and retired the locals without further scoring but in the extra inning Vincent and Chesher singled, then Hughes, Cowboy fine sophomore back snatcher, then lined a single to the outer gardens to drive in the winning run. Bob Thornton, local mound ace, turned in a fine bit of clutch pitching in the North half of the final frame when with the tying run on third and only one out he retired the final two batsmen to gain the victory. It was his third mound appearance in four days.

The defensive play of Ward who also obtained two safeties stood out for the losers;

Coach George Williams was forced to make some quick switches in his dineup for last week's North encounter when regular shortstop Jim Vincent came up with a sore arm. He was switched to second base, first basemen Ed Gliebs was moved to the short field and second sacker, John Chesher played the initial sack.

One of the biggest surprises of the season has been the flawless fielding and terrific hitting of John Chesher, local second baseman. He is leading the Cowboys with a .450 batting average.

The Cowboys basketball hopes for the 52-53 season took on new light when Earl Redman, a letterman at South, re-enrolled at the local institution he attended as a sophomore. He may be the tonic needed to make the locals a serious little contender, as he is an outstanding rebounder and defensive man.

citizenship entails. The training is objective and practical with city, county and state governments being operated by elective and appointive officials duly placed into office by the citizens of Boys State.

The valuable training gained there stands them in good stead in their senior year in high school. Each boy is sponsored by a Legion Post or by some other patriotic, civic, fraternal or religious organization.

Upon their arrival at a Boys State each boy is assigned to a mythical political party and to a city and county. The citizens of each city and county nominate members of their individual parties to be candidates for the various offices. Elections are held with the citizens conducting their own registration of voters and the actual balloting. Election boards serve at city, county and state elections, according to the laws of each state.

Citizens of Boys State are instructed in the duties of various public offices, they learn the functions of each office, its powers and limitations. They set up their own state government, have their own governor and staff of state officials, name the appointive officers, establish the State Supreme Court and other courts, and organize the legislature and all other divisions of government.

Counselors are chosen with an eye to securing highly qualified leaders and instructors. Attorneys and judges, college and high school teachers, athletic officers and public office holders are often selected as counselors to Boys State.

Every phase of the program involves practical learning and doing on the part of the boys as they go about acquiring a practical knowledge of their local and state government.

Chester Wagner, 667 Wiltshire-rd is chairman of the Boys State Committee for Camp Chase Legion Post and chairman of the screening board which reviewed the 15 candidates Thursday evening. Near Tragedy Is Narrowly Averted Sun.

Tragedy was narrowly averted Sunday morning when a '51 Oldsmobile driven by Thomas Lloyd went out of control and careened onto the front lawn of the D. J. Kuns home located at W. Broad-st and Buena Vista-av, New Rome.

Lloyd, with two companions, Jim Conway and Wayne Clark, was driving a car belonging to Mrs. Pearl Clark, 386 Parsons-av, at a high speed down the center island of the highway, scratching motorists' cars on either side.

Lloyd lost control of the car near the Norton-rd intersection and was approached by Deputy Sheriff W. C. Blakeman. After what has been described as a slight altercation Blakeman was able to take the offenders to the home of Clyde E. Wyker, who arraigned the driver for unlawful operation and fined him $80.

on a trans-Atlantic airliner for London, England.

On May 8 the two men will cross the channel for Amsterdam, Holland, where they will meet their host for the European tour, Maj. William T. Heintz, now stationed in Frankfort, Germany.

During the following six weeks the Hoover party will visit such well-known cities as Nurenburg, Venice, Rome, Berlin, and Paris, arriving back in London on June 11.

The purpose of the trip, said Mr. Hoover is to "observe and come to know the people, see the country side, and just have a vacation."

On his long record of service to the people of the South Side, Cap Hoover has such achievements as the heading of the Civilian Defense Program for wards one, two, three, and Marion Township, both during the last war and at the present time.

Through his work, the City Recreation Dept. was removed from politics and placed under a commission. Through his work on the Council of South Side Organizations Hoover promoted the purchase of the Southview Athletic Field by the city.

Hoover is also credited with the formation of the South Side Ministerial Assn., for which he now serves as co-ordinator and consultant.

Under his leadership as executive secretary of the South Side Branch of the YMCA the "Y" Park was built and the Community Center, 2966 Parsons-av, opened.

hood groups, hobby groups, craft shops and recreational activities. "A decentralized 'Y' program" he says, "has its advantages wherein the program reaches out to more youth in the community. I believe in spreading out throughout the whole area and getting as many grown-ups as well as youngsters interested and working in the YMCA. A centralized program from a set point only tends to reach but a small number of youth and eventually interest wanes in the program which if it is to succeed must reach into every neighborhood."

Schmidt is married and the father of three children. He is a member of the First Congregational Church at Mansfield where he served as a Sunday School teacher and as a junior deacon. He attended Otterbein College in 1946 and Whittenburg in 1941. For eight months during the war years he was a member of the U.S. Coast Guard.

Schmidt is now seeking a residence on the Hilltop for his family so that he can actively begin work on June 1.

Jack Downing this week expressed his sincere appreciation to all who assisted him in maintaining the YMCA program during the past several months.

To the Hilltop community:

A YMCA building is destined for the Hilltop community. I say this as the result of association with citizens whose soul desire is to surmount this challenge.

It is their conviction that the YMCA Christian approach and enlightenment will stimulate the mental, social and physical well being of its community members.

Motivated by this conviction its citizens determinedly move forward, conscientiously rendering moral and financial support.

A YMCA building is in the making.

May I express with all sincerity my appreciation for the kindness, thoughtfulness and helpfulness extended to me while serving as acting executive secretary of the Hilltop Branch.

I personally wish to thank the Hilltop YMCA board of management, my secretary, church and school officials and staff members, civic-minded groups and organizations and the business men of the Hilltop for their wholehearted support and cooperation.

And many thanks to the boys and girls, men and women whom I have had the pleasure of meeting in the YMCA program. It's been a fruitful experience.

Thanking you,

Jack E. Downing

Dick Neff Wins Top Honors At State Exhibit

Dick Neff of West captured first place honors at the State-wide Exhibit held recently in conjunction with the Industrial Arts Convention at the Deshler Hotel here. He is pictured above with his prize winning cedar chest which he built in 11A woodshop. Mr. Miller is his teacher.

Dick, West's only blue ribbon winner at the Exhibit, said, "I started making things when I was six or seven years old, and I've been at it ever since."

After he entered West as a 7B student Dick became seriously interested in woodworking.

Under the direction of Mr. Schuster and Mr. Bateman, in Junior High, and now Mr. Miller, Dick has developed a remarkably high degree of skill. All his work shows a capacity for meticulous craftsmanship.

Among other things he has made are a coffee table, end tables, a night stand, and a table lamp built into the unique base of which is a wood football made of several pieces of oval shaped wood perfectly fitted together.

Dick is the son of Mr. and Mrs. George F. Neff, 2850 Valleyview-dr.

DOWN WITH PRICES

We, too, think that the sale price of home furnishings must be reduced. A survey indicates that many, many families desire and need new furniture, but cost of living expenses, increased taxes and a limited budget heretofore did not permit the purchase of new home furnishings. So we decided to do something about it. We eliminated our nearby warehouse display room and added more than 5,000 square feet to our present floor space and combined our display floor, shipping and storage departments all under one roof on a street level floor; no elevators, no expensive heating, no parking lots. Today at City Furniture you get what you pay for—good quality furniture at a low price.

Come to City Furniture, 2288 Sullivant Avenue, corner Highland, and let us definitely prove to you that by combining our facilities, we have reduced our prices. In addition, we offer easiest of terms, 78 weeks to pay; NO DOWN PAYMENT if your purchases are less than $100.00, or trade in your old furniture using it as down payment. Prompt delivery and there is plenty of free parking space; no high pressure salesman. Visit "Your Friendly, Neighborly Store" soon. "Our Location Saves You Money."

Sorrento, Italy New Home For Hilltop Girl

Mrs. Judy Eveland

Bible Comment:

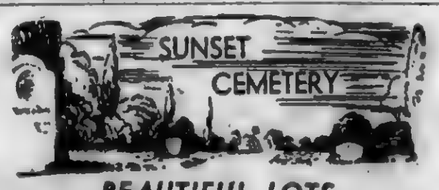
Temperance in All Things Is the True Key to Happiness

"THE Lord knoweth the way of the righteous, but the way of the ungodly shall perish."

That is as true concerning peoples and nations as it is of individuals. And it is as true today as it was in ancient times.

It is recalled that 10 of the 12 tribes of Israel revolted under Jeroboam against Solomon's son, Rehoboam. Successful in revolution, Jeroboam, leader of the Northern Kingdom, had a great opportunity to remedy the abuses of preceding reigns. But he set up idols and led his people in false ways.

Inner weakness left the nation unprepared when danger struck from without. The situation called for wise strategy and sound judgment, but what can be expected when there is a lack of sound and moral character?



The weakness from within had the familiar aspects of all social failure and deterioration—dishonesty and corruption in public life, licentiousness and debauchery among the well-to-do, disregard of the poor, exploitation of the people, and all the evils that have cursed society in the past and are still to be found today.

This is a temperance lesson, and the prophecies of the time in their revelation of the social abuses stress how large a part strong drink had in breaking down morale, bringing woe and destruction upon the nation.

Temperance lessons and lectures are not popular today. The prevalent psychology is favorable to drinking and indulgence, where a generation ago it was favorable to total abstinence. It is fair to make a distinction between drinking and drunkenness, between use and abuse of intoxicants as of other things.

But it is important to remember that intoxicating liquor has in it inherent dangers that do not apply to all other things. The Bible is a temperance textbook, full of warning, and its warnings are borne out in the history of men and nations.

The Northern Kingdom went down to ruin, and any nation that does not overcome evil with good is doomed in similar disaster.

Community Church Planning Unified Service Sunday

Sunday morning at the Hilltop Community Church, 179 N. Hamilton, there will be a Unified Service from 9:30 to 11:10 at which time the service will be completely in charge of the Mothers of the church. Mothers will act as Sunday School superintendent, ushers, song leaders, pianist, etc. Mrs. J. L. Dean, wife of the pastor of the church, and mother of five children, will deliver the sermon.

Every mother will be presented with a gift. Special recognition will be given to the oldest, the youngest, and the mother of the largest family with the largest number of her family present in Sunday School.

Ruth Circle of West Park Methodist WSCS will meet Thursday, May 15, with Mrs. W. D. Vale, 206 N. Chase-ay, for a covered-dish noon luncheon.

A Mother's Dreams

Wondering what to give her? Then we have a suggestion for you. *Can we give to our mothers their dreams?*

You could give her nothing greater. For as the lines of a beautiful church "amen" say, "We shall yet build a world safe for the dreams of motherhood . . ."

Can you think what kind of a world that will be?

There will be no wars, poverty, misunderstanding or malice. No mother ever dreamed those dreams for her children. Her dreams for you were ones in which you strove for right and justice, worked to make the world better than you found it, hoped to make men happier *because you lived*—because you were her child.

Those were her dreams—and her prayers.

No wonder when we see the eyes of our mothers in church this Sunday morning that we realize they shine with the heavenly light that her dreams are made of.

We shall yet build a world safe for the dreams of motherhood . . .

With God's help, we shall make her dreams come true.

Give her the fruit of her hands; and let her own works praise her...

They won a free trip to Chicago with everything paid for except their eats. They reported they had a wonderful time. They also had free tours of Chicago and the neighborhood. This took up most of their time and they had only five free hours to themselves. In summing up the whole trip, Owen Ervin said, "Chicago is big, fancy and cold."

LETTERS TO THE EDITOR

Apr. 30, 1952

Editor:

Please accept our sincere thanks for your help during our Annual Spring Cleaning Drive, which was concluded on Apr. 26.

This drive was once more successful due to the very splendid response of the people of our community in donating their cast-off clothing and discarded furniture, which entirely supports the work of this Center.

Please rest assured we appreciate your very kind help. Thank you very much.

Yours very truly,
L. Castagna, Major

Pvt. Lawrence H. Johnson, 237 S. Wayne-av, was recently awarded the Meritorious Unit Emblem while serving with the 121st Evacuation Hospital in Korea.

MY COUSIN RACHEL

By Daphne DuMaurier

M. Cousin Rachel, Daphne Du Maurier's latest novel of suspense, is written in the same vein of intrigue as that former famous novel Rebecca.

Most of the action takes place at Cornwall, England, and a small part of it at Florence, Italy, many years ago. After the sudden death of Ambrose Ashley, Rachel, his widow comes to visit Philip, cousin of Ambrose. Rachel is a vivacious, likable and mysterious person and Philip falls in love with her. She continues her friendship with the Italian Rainal whom Philip dislikes. Then Philip becomes ill. The hereditary brain disorder and Rachel's knowledge of herbs, both poisonous and otherwise, are cleverly woven into the story.

New Hilliards Home Open For Inspection This Sunday

A complete home arrives aboard a huge semi-trailer at Hilliards, ready for assembly by waiting workmen. The "Saratoga Home" aboard this truck will be a reality before the day is ended.

Toward mid-day the house has taken shape with sidewalls, interior walls and roof in place.

At the end of eight hours work from time of unloading a new home has arisen in Hilliards, interior finishing and installation of fixtures is all that remains in addition to landscaping.

The first 1952 National Home will be open for inspection for the first time in Hilliards, Sunday from noon until 8 p. m. and from 3 p. m. to 8 p. m. week-days, according to The Grant Wayne Co., composed of John Russell, Nelson Russell, Bliss Russell, Bob Glaze and Harold Conklin.

The home is one of the three bedroom models and is located at 101 Norwich-st in a new 15-home sub-division. It is one of the entirely new designs available in the 1952 series of National Homes.

To meet today's growing demand for smarter, more spacious and more luxurious homes at the lowest possible cost, Grant Wayne Co. is offering a completely restyled line of homes in the 1952 models. These models emphasize a lower, smarter roof line that gives a more rambling appearance to the home.

Pleasingly proportioned porches and exquisitely decorated front entrances accentuate the modern yet comfortable Cape Cod style homes. Wide, extending overhanging eaves produce the hospitable lines of rambling-Type homes and bring out the beauty of the ever popular Traditional style.

Interiors are arranged for maximum convenience and use of all available space. Included are bedrooms, living room, bath, kitchen and basement. The living room, 12x18, has therm-a-pane windows with ventilators at the bottom. The spacious bedrooms have cross ventilation and large closets. The bath is complete with modern fixtures, linen shelves and medicine chest.

PRESENTS 4-H CLUBS

By Helen Kidwell

The meaning of 4-H Clubs was presented to students of Hilliards High School in an assembly Apr. 30. Walter Huffman, president of the County Junior Leadership 4-H Club, introduced the ideas behind 4-H Club work. There are four phases of club work—Head, Heart, Hands and Health.

Bob Worrell, assistant county agent of Franklin County, gave a few thoughts on the head phase of club work. Rev. Clyde Pennell of Hilliards Methodist Church spoke on the heart phase.

As each phase was covered, Doris Brown placed a leaf of the 4-H clover upon a standard, as an emblem.

The hands are used in demonstrations, to help others see things. Health is really the most important, as the others are all based on it.

Mr. Worrell gave the 4-H creed, and all of the 4-H members in Hilliards High School stood and gave the 4-H pledge.

Larry Huffman, a member of the Alton Advancers Club, played an accordion solo. Slides were shown of both old and present day 4-H activities. Judy Karr of Dublin gave a short talk on various 4-H projects and activities.

PARIS COMES TO AMERICA

By Helen Kidwell

The Hilliards High School French Club presented an original play written by Sharon Hobbs and Jimmy Trachsel at an assembly for the whole school, Apr. 22. It gave the inside story of New York, as seen by a Frenchman who has never been there, and an American's view of Paris, who likewise has never been there.

The first setting is in Freddy's Flop House, New York City, U.S.A. The actors in the first scene were Phil Hughes, Frenchman; Jimmy Trachsel, narrator; Janet Pierce, jazz singer; Carl Hankinson, American waiter; Bill Fenchter, Tim O'Hara, Barbara Lisle and Carol Sue Snyder, four drunks; Jill Potts, gun moll; Sheldon Hamilton, playboy, and Baldy Rodgers, cowboy.

The second scene takes place in the "Chez When" Nite Club of Paris, as seen through the eyes of an American. Actors in scene two were Jill Potts, entertainer; Charles Tillman, American tourist; Jack Moore, waiter; Gail DeWolfe, Janet Pierce and Sharon Hobbs, three French singers; Joanne Woodin, violinist; Gail DeWolfe, torch singer.

Gail DeWolfe gave the names and leaders of the 11 4-H Clubs in this vicinity. Everyone between the ages of 10 and 21 is invited to join a club in his or her community.

By JoAnne Landis

Twenty Past HBA Presidents Are Honored

Past presidents of the Hilltop Business Association were honored at the meeting of the organization Tuesday evening at Hoge Memorial Church. Special tribute to the group was paid by Mayor James A. Rhodes who spoke of their service in helping to build Columbus.

Past Presidents so honored included the following: R. Owen Harrison, George Painter, H. G. Deems, P. E. Todd, C. H. Campbell, Dr. Morgan Bates, C. Carlton Hartley, Charles Kent, L. E. Saunders, John Riepenhoff, Dr. F. E. McNamee, Joseph M. Briggs, Carl Roberts, Dr. R. J. Miller, Edgard G. Planck, Joe Goodwin, Phil Stout, Ed Witherspoon, John Nippert and Alva Nafzger. Wives of the group were present.

Mayor Rhodes stated that the city has no desire to annex the territory west of the city and that such action would cost the city half a million dollars. The city does have a desire to see that services are provided for the expansion of the community.

Reporting on the progress of the local golf course he stated that it would be completed in time for play next year and that the 75 acres will provide one of the finest parks in the Columbus area.

A panel made up of Dr. Paul Brown of Ohio State University spoke regarding the future of small businesses with the advent of the shopping centers and pointed out that local individual stores still have many advantages but that they should modernize, work toward providing off street parking, seek short time parking, and work for cooperative effort of merchants in certain areas.

The following firms were voted membership in the association, making a total of 185: Customade Cabinet Shop, Filter Queen Sales and Service, Hilltop Tune Shop, Old Trail Lanes, Reebs Confectionery, Rhyan Insurance Agency, Simpkins Pure Oil Service and Tommy's Cleaners.

Lutheran Church Synod Of Ohio Meets May 19

The Synod of Ohio of The United Lutheran Church In America convenes at Wooster May 19 for its thirty-second annual convention in Zion Evangelical Lutheran Church, Rev. John F. Kindsvatter, pastor. Clergymen and lay delegates will represent 279 congregations.

Rev. John E. Hydinger, pastor of the Hilltop Evangelical Lutheran Church, Richard W. Bartel, official delegate and Leonard Echols will be in attendance. They will participate in the business sessions lasting through Thursday.

Dominant thought throughout the convention will be controlled by the theme of the United Lutheran Church in America during 1952, "The Bible in Daily Living." Convention Chaplain, Rev. Ralph M. Krueger, Wittenberg College student pastor, will use Luke 11:28 as the basis for meditations. The Synodical committee on Christian Education and Youth Work headed by Rev. James L. Keyser will give emphasis to the theme at a special session.

The convention begins with the Service of Holy Communion, the President of Synod, Rev. George W. Miller, preaching. A highlight of the meeting comes on Tuesday evening when Rev. F. Eppling Reinartz, secretary of the United Lutheran Church in America, will bring the address to the Convention Dinner at the Smithville Inn.

Elections will be held to determine delegates from the district Synod to the biennial convention of the ULCA in October at Seattle. Several young men will be ordained into the ministry on Wednesday evening when the Rev. E. E. Flack, Dean of Hamma Divinity School, will preach.

The Synod of Ohio is one of thirty-four constituent Synods of the ULCA, with 133,745 members. The total membership of that church body is over two million members.

3 Escape Death In Truck-Train Crash

Pictured above is the scene at the B&O Crossing on W. Mound-st last Saturday afternoon where three men narrowly escaped death in a collision of the truck in the foreground and a fast passenger train.

Man Severely Injured In Mound Central Collision

A man is still in "just fair" condition at Mt. Carmel Hospital as the result of a truck-train accident at the Baltimore and Ohio Railroad crossing at W. Mound-st, just west of Central-av, Saturday. Cecil Boyd, 18, 136 W. Spruce-st, suffered severe burns on his left hand and arm, two broken legs and possible skull and back fractures when the truck he was riding was carried a short distance down the tracks after the collision and exploded into flames.

Thomas Aubrey, 25, 116½ N. Washington-av, driver of the truck, proceeded onto the tracks when the red lights were blinking a warning. He could see nothing on his side of the track and when he asked another passenger, James Johnson, 38, 706 Harrison-av, who was seated on the right, he replied, "Look out! Here she comes." The two men on the outside then jumped, leaving Boyd trapped in the cab of the truck.

A witness to the accident, Edwin H. Stewart, 146 S. Central-av, was driving a truck immediately behind Aubrey. He grabbed a carbon dioxide fire extinguisher from his own truck and rushed to the burning wreckage. Aubrey and Johnson pulled Boyd out of the flames while Stewart attempted to control the gasoline flames with the fire extinguisher.

The train, which was traveling about 40 miles an hour, tried to warn the truck driver, by blowing the train whistle, according to police. Earl McCoy, Newark, engineer on the train, stopped after the accident, and later continued to Union Station.

Fire department equipment put out the fire in the truck, which was heavily damaged. It had struck a utility pole when it careened off the front of the train and electrical apparatus on the pole was damaged. Lights in a large area were off for about two hours.

Township Road Oiling Begun

A campaign against flying summer dust from Franklin County's unpaved roads will be launched May 12 by Franklin County Engineer Guy Elbin and Franklin County Township Trustees.

Engineer Elbin expects to cover about 175 miles of the townships' unpaved routes in 30 days work. Unpaved roads are township routes. Most of the money for the work comes from township funds.

Elbin's office is cooperating with the township trustees in getting the work done.

Plans Made For Sale Of Hoge Memorial

Final plans for the sale of the present Hoge Memorial Church building and immediate construction plans for the new church to be built on W. Broad-st, directly across from the West Gate Masonic Temple, were made Sunday, May 11, at a congregation meeting.

Rev. A. J. Wold, pastor of the church, announced that Trinity Assembly of God, a present West Side church, will move into the present building, 20 S. Eureka-av on Oct. 1.

Construction of the new church will begin in the very near future. Richard Meyer has been named superintendent of construction. Between the Oct. 1 date and the time when the new church will be available for services, Rev. A. J. Wold stated that services would be held at West Broad Street School.

Work Resumed On Two Schools

Hod carriers and building laborers returned to work on the Westgate and West Mound Street School projects last Wednesday after a five-day strike against the construction industry.

Pemberton succeeds Dick Barrett of Youngstown East while Chuck Mather of Massillon's perennial champions moved up to vice-president, the post held by Pemberton for the past year.

The coaches were entertained at a banquet in the Neil House Friday night prior to the elections and heard Rev. Roy T. Burkhart of First Community Church describe the new leadership and urge the wholehearted support of the mentors in the next year.

A review of the address made by Columbus Councilman Joseph Jones at a recent meeting of the Camp Chase Civic Association was given. Of particular interest was the city's proposal to extend a 20-inch water main out W. Broad-st. The organization voted to go on record as supporting this plan.

Rustlers!

Hilltop Bunny Fanciers Alarmed

Get your water pistol down, pedner, there's rustlers in these here parts! Yes, "rabbit rustlers" have struck on the Hilltop at the home of Rev. and Mrs. Irvin Lane, 2632 Sullivant-av, and children, Roland, six, and Sharon, three. Their big white checkered giant doe and her litter of eight disappeared Saturday night while the family slept.

The litter, one of the best the doe has had, according to Lane, consisted of two black, four white and two checkered white and black bunnies. The doe, actually the property of young Roland, has been with the family for quite a while and this litter was just six weeks old.

A recent Sunday School contest under way at the Burgess Avenue EUB Church, where Lane is pastor, had been pitting the "rustlers" against the "rustlers" and Rev. Lane says they had good response on the membership rosters due to the contest, but we wonder if some of the "rustlers" haven't gone too far.

James S. Hanscom, officer in charge of the Columbus sub-office area of the Immigration and Naturalization Service, is scheduled as the principal speaker for an "Americanism and Memorial Service" at Camp Chase Post 98 of the American Legion, Friday, May 16, beginning at 8:15 p. m.

Hanscom has had more than 25 years experience with all phases of immigration and naturalization and because most people are not acquainted with this work and its many problems, he will speak on "Your Immigration and Naturalization Service."

Hanscom's address to the local post is timely in that it will be a forerunner to the recognition given to newly naturalized citizens on "I am an American Day" which is to be Sunday, May 18, in the rotounda of the State Capitol Building at 3:30 p. m. Mayor James Rhodes is to be the speaker at that event.

At the Friday night meeting of Camp Chase Post, memorial services for the deceased members of the post will be conducted by Chaplain R. E. Greene. This service honoring the memory of legionnaires who have answered the final roll call is a prelude to Memorial Day rites when all deceased servicemen are paid tribute.

Honored guests at the meeting of Camp Chase Post 98 Friday night will be the boys who have been selected to attend Boys' State this June, and their parents, according to Boys' State Chairman Chester Wagner.

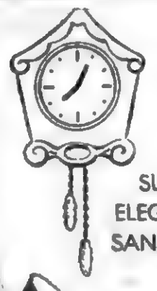
Hilltop Man Is Honored For 40 Years Service



Robert A. Roederer, 451 Belvidere-av, was recently honored in "Union Forever", the house organ of the Union Fork and Hoe Co., 500 Dublin-rd. An article outlining Roederer's service with the company from 1912 to the present, appeared in the April issue of the publication.

From general office work, to bookkeeping, to taxes and finance, into even broader fields did Roederer go with the local company, according to the article. He is the father of six children and eight grandchildren and resides with his wife and their remaining "single" daughter, Betty, at the Belvidere-av home.

Navy To Have Display At Hilltop Bean Dinner In July

This rugged land and sea going Navy Amphibious Dukw pictured above made naval warfare history during invasion of island strongholds of the Japs during World War II. This and other navy war time wonders will be on display at the Hilltop Bean Dinner at Westgate park on July 29 and 30. (Courtesy U.S. Navy Recruiting Station, New Post Office Bldg., Columbus, Ohio)

In Passing

GERANIUM

You brighten many a window
in the city slums
where aged invalid
or crippled child
must sit all day
without perhaps, a glimpse
of God's blue sky.

You make one think of bravery
and peace; of sunshine;
kindness and good deeds.
There seems to be
affinity between suffering ones
and you.

Campaign speaker: "My candidate is as honest a man as money can buy." Realizing his mistake he added quickly: "I mean he never took a dishonest dollar in his life and all he asks is a chance." All the recent campaign speeches made me think of that.

A "Mama" I remember was the mother of a one-time neighbor. I heard about her years ago but have never forgotten her. During her 45 years of married life she and her brood of nine children followed the husband and father all over Kentucky, for he was the rovin' kind. This mother had had only two years of schooling but she studied her children's school books and learned to read and spell from them and her Bible. She "spelled-down" everyone in the spelling bees which were about the only entertainment small towns had in those days. When the family would move into a new home, usually an unpainted log cabin, she would plant morning-glories to cover the ugly walls and fences. It has been said of her that she left a trail of morning-glories all over Kentucky.

Have you heard of remote control baby-sitting? One rainy day my ingenious daughter-in-law had to run to the grocery and didn't want to take Her Nibs (my granddaughter) so she phoned the granddaughter's other grandmother and asked her to keep the young lady on the phone till she could get back. It worked, except for a brief interval that almost gave Grandma heart-failure when she heard a faint crash, after the young lady had politely excused herself and left the phone for a few minutes. Since the house is still intact and everything seemed to be under control when the conversation was resumed, we are all still wondering what crashed. The young lady is blithely evasive on the subject.

Hoping—that Hizzoner received some letters of praise during "Write To The Mayor Week." Most of us like to criticize but forget to praise sometimes . . . said Mayor will publish that book of poetry some day . . . The Versewriters' Guild members aren't too embarrassed because somebody wrote in The Hilltop Record that I'm a member of that fine organization. (I'm not.)

That was a fine show given by about 60 Columbus and Southern Ohio Electric Company employees for the rest of the Rail-Light family. Directed by Mr. Joe Miller, the annual event was this year called "Variety Show of 1952." One of the outstanding acts was the dance by Mary Ann and Clara Jane Gillivan of Brinker-av, whose Dad is a long-time employee of the company. There were several skits, and very good music, instrumental and vocal. The show was given in Central High School three evenings, and in Chillicothe High School one evening.

Newton said, "People are lonely because they build walls instead of bridges."

HILLTOP 'Small Fry'

By J. Curtis Allen

"Funny? I'm telling you—" Freddie Duebner, six-month-old son of Mr. and Mrs. Fred Deubner, 172 S. Brinker-av, cherties in high glee in the above photo and effectively portrays an older person in the midst of relating a funny incident or story. We don't mean that young Freddie tells funny stories at the tender age of six months, but the caption aptly describes his expression.

Fireman's Wife Hurt In Mishap

Mrs. Beatrice Casey, 40, 19 S. Wheatland-av., escaped with minor cuts and bruises last Thursday when her auto skidded on a wet spot on Rt. 33 just south of Dublin and crashed through a guard rail. Mrs. Casey, the wife of Lt. Paul Casey of the Fire Department, finally brought her southbound car to a halt after wiping out a large section of guard rail and plowing into a bank alongside the road. She hailed a passing taxi and was taken home.

Drum Beating For Bean Dinner Gets Underway

J. Curtis Allen

J. Curtis Allen, publicity chairman for the annual Hilltop Bean Dinner to be held this year, July 29 and 30, at Westgate Park, says this year's dinner "will be the best of them all."

One of the attractions that will be of great interest to the public will be the "Lucky Lady II", the only bomber to have flown around the world non-stop. "The Lady" has been modified to permit spectators to pass through and investigate the maze of instruments and equipment that compose the vitals of one of these B-50 Superfortresses.

Ninety-nine feet long from nose to tail-section, the aircraft is mounted on two 40-foot flat-bed trailers. Upon arrival at a destination, these two sections are joined together. Spectators are then permitted a real crew-member view of the aircraft because of the modification.

Accessible to the visitors are close-ups of the pilot's compartment, flight engineer's position, scanners' and gunners' equipment, central fire control apparatus, electric gun sights, radio and radar equipment, bomb-bays, bombs, general purpose bombs ranging from 100 to 500 pounders, 50 caliber aircraft machine-guns and other items of intricate equipment.

This ship is being brought here by a team of airforce display men from the USAF exhibit group of Wright-Patterson AF Base. It is the mission of this group to present the Air-Age education program of the air force to the American people on a nation-wide scale.

At this year's Bean Dinner there will also be a baby contest with prizes galore, a beauty queen contest, with the queen selected to be awarded a $25 war bond. Girls between 16 and 24 years old are eligible. The only stipulation is that they live on the Hilltop or be employed by businesses which are members of the HBA.

Best thing about a popular song is that it's not popular long.

Freedom — What Kind?

We Americans are very concerned these days about Freedom . . . that blessed commodity willed to us by men and women who were also concerned about it, in their day.

We hear exclamations of alarm over the future safety of our priceless possession . . . newspapers and radio devote columns and hours to beating the drums for their particular type of Freedom.

Ministers of all faiths devote sermon after sermon, proclaiming far and wide that Freedom to worship is being threatened.

Educators bemoan from their ivory towers that communism, socialism, atheism, interference-ism, small salary-ism and not-enough-room-ism threaten their chosen foundation.

Politicians of both major parties . . . or should we say three major parties including the Dixiecrat? . . . assail the eardrums with fulsome, well-rounded phrases, all calculated to arouse alarm over present-day dangers.

Now, all this is very right, proper and as it should be. We in America, when really aroused, have never yet failed to meet . . . and whip . . . a challenge, no matter who threw down the gauntlet.

However, throughout our history, we have been UNITED when we sallied forth to do battle with those who would destroy us.

Are we united NOW? True, this is a political year and many things said in newspapers, over the radio, and, yes . . . even from the pulpit . . . are colored with some particular political tint . . . even RED.

Maybe that's an excuse, maybe not.

Unity is the leavening factor in the yeast of our existence as a free nation and unity is a poor, lost ghost, howling in its own wilderness at the present time.

Everyone wants Freedom, that's for sure. But Freedom for himself, HIS business, HIS career. Not Freedom for EVERYONE. Too often Freedom for the other fellow makes it rough for ourselves, we think.

As long as this attitude of Freedom for ME and the back of my hand to YOU stalks this country, WE ARE TRULY IN DANGER and it will probably take another world war to unite us, which is a sad commentary on our personal spiritual outlook.

And, it also seems to me, so does everyone feel; or else WHY this continual self-interest, to the detriment of others? With the knowledge that such a character defeat can lead only to another war?

"This nation, conceived in Liberty and dedicated to the proposition that all men are created equal," is in danger of becoming a beautiful phrase . . . nothing more, unless we stop this petty haranguing for OUR OWN interests, and begin to battle for the other fellow, too.

—Robert D. Buchanan in Masonic Review

Frank Sexton Defends Title

Frank Sexton, Hilltop wrestler, defended his world heavyweight wrestling title in Bulawayo, S. Rhodesia, recently, against Primo Carnera, the ex-world heavyweight boxing champion. Each won a fall and the opinion seemed to be that Carnera's weight advantage, 255 pounds to Sexton's 240, gave him a balancing factor against Sexton's superior wrestling skill.

Sexton is billed as "Powerhouse" with Carnera, "the Giant." The match was fought in six 10-minute rounds.

West Cowboys Chalk Up Fifth Circuit Win

Behind the brilliant two-hit hurling and clutch hitting of Sophomore Jim Kimball, the West High baseballers chalked up their fifth city league win last Wednesday by edging out East High by a score of 2-1 in 11 innings.

The contest was scoreless for eight frames, but in the ninth the Tigers broke the ice by counting an unearned run, on a walk to Johnson and two successive bobbles by the Cowboy infield allowing him to complete the circuit.

The Cowboys tied the score in their half on a triple by Sophomore Jim Hughes and a perfect squeeze bunt by Jim Murray which he beat out for a hit scoring Hughes.

The winning tally came in the bottom of the eleventh when Herb Brown got his third safety of the game, a double to left. Gleibs then beat out an infield hit, Kimball then won his own game with a liner over the left fielder's head, plating Brown.

"You and Your Parents" was about a boy who disagreed with his parents and decided to run away from home, until he visited the home of a friend who understood boys and their parents and persuaded him to go back home. The picture of "Greece" showed how that country has been destroyed by war, and the poverty existing to such an extent that the children were hunting for food from garbage piles.

Dear Mr. Hartley:

I want to thank you for the splendid support your organization has given to the Junior Achievement company that you sponsored this year. Our thanks would not be complete without expressing our appreciation to your enthusiastic team of advisers, who were willing to give their expert guidance that a program of this nature requires. It made possible a most successful experience in operating a miniature corporation, for the many teen-agers who took part in the program.

The entire Board of Directors joins me in expressing our sincere appreciation for helping make this program an outstanding success and we are looking forward to your continued interest in this worth-while enterprise for American youth.

Sincerely yours

With Peg Warren:

About The Hilltop

The grocer's tune of the day is, "Yes, We Have No Potatoes." At our house, a meal isn't complete without potatoes, and now they're even asking for them at breakfast. They would! . . . Yesterday, the Martha Ellen Circle met at the home of Mrs. Electa Green. She and her daughter, Wanita, were joint hostesses. Twenty-five members attended.

Last week-end, Mr. and Mrs. Layton Jenkins motored down from Vendocia, O., to visit with their daughter Sue who is a senior at Ohio State and with Jane and Henry Jones . . . David G. Stephan 273 N. Wayne-av, OSU student in the college of engineering, believed all "A's" during winter quarter . . . Pretty Ruth Ansley, 463 Nashoba-av, OSU senior student, is now a member of the Mortar Board.

Guess who had the "measles"! Nobody but Ann Murnane . . . Happy wedding anniversary to Minnie and Lee Weigand . . . Oakey Porter Nixon is ill at Mt. Carmel Hospital . . . We are happy to report "Mom" Kinley is on the mend and looking forward to going over to Buckeye Lake this summer and doing some fishing.

Pfc. Donald F. Meyers, 391 S. Wayne-av, is on his way home from Korea . . . Pvt. Robert D. Shivers, 448 Townsend-av, is now stationed at Aberdeen Proving Ground, Md. . . . A recent graduate of The Command and General Staff School, Ft. George Meade, Md., is 1st Lt. Robert B. Pfeiffer of 3345 Parkside-dr . . . These two midshipmen Don Eisele, son of Mr. and Mrs. Herman Eisele of 156 Algonquin-av, and John R. Sell, son of Mrs. Thomas Wagstaff of 2252 Homewood-av, will be in this year's graduating class at the United States Naval Academy at Annapolis.

Did you know Carol (Lucky) Luckshaw is wearing a diamond ring? The lucky fellow is Willie Evans . . . Lt. Colonel Susan Thom, 524 Townsend-av, who is in charge of the local post of the Volunteers of America, and Major Harriet McDonald, 2737 Steele-av, assistant director of the organization, are in California attending the national council meeting of the Volunteers of America this week.

Tonight, when St. Ann's Guild No. 18 meets at the home of Mrs. Lucille Eyerman, 2270 Parkside, you can be sure there will be talk of Florida. Mrs. Eyerman and her husband (Ray) have just returned from a motor trip through the South. While there they visited with the Bill Anderson's and the George Triplett's at Miami, then on to the Keys where they left by plane for Cuba.

On April 30, 25 ladies met at the Cancer Clinic and formed a new Cancer Ray. Newly elected officers are Mrs. Bill Kunz, president; Mrs. Julia Haase, chairman; Mrs. Helen Stewart, secretary, and Mrs. Lilly Miller, treasurer. Donation of old white sheets, for bandages, men's white shirts for nightgowns, towels or blankets will be appreciated.

You Can't Miss It!

Has this ever happened to you?

Somewhere near the end of a long trip, you lose your way in a strange town. So—you stop and ask a resident how to get back on your road again. He gives you fresh directions, and then—after he describes the turns and mileage involved—he almost invariably adds the cheery reassurance, "You can't miss it!"

But do you ever miss it?

You certainly do!

Many people are so sure that they can remain on the "straight and narrow" road in their own personal lives that they don't bother attending church. After all, they reason, the road is *straight*, even if it is narrow. How, then, can they possibly miss it?

Sooner or later, these people do lose the road. And it's a hard road to find again. It would be impossible without the comfort of God's everlasting mercy and love.

But your church—if you attend it regularly—won't allow you to miss the road. Therefore, why take the chance? Your Bible is your map for your future; the church is your guide.

Attend it often. It's not far away.

You *can't* miss it!

In all thy ways acknowledge Him, and He will direct thy paths.
Pr. 3-6

Bible Comment:

Judah's Unsteady Course Indicates Lack of Morality

JUDAH became the Southern Kingdom of Israel after the division of the country into the southern and northern kingdoms by Jeroboam's successful revolt against Rehoboam, son and successor of Solomon.

The strength of David and the glory of Solomon soon waned when a people who ought to have been united with a common heritage in history and religion became strife-torn and divided. In this history there is a warning for modern nations.

The freedom that our democratic lands accord in speech and action is being used by some to promote discord and draw lines of hate and prejudice, sometimes in the sacred name of Christ and Christianity.

Along that way so surely lies ruin that all who love God must set themselves to do everything possible to promote the national strength that can come only to a people united in justice and righteousness.

The Northern Kingdom, as we have seen, was the first to fall. It was swept away eight centuries before Christ when the armies of Assyria came down upon it. Its people became known to history as the "Lost Ten Tribes." The Southern Kingdom survived for another 136 years, but it also went down before the armies of Babylon.

There was an interlude during this 136 years when a good king, Hezekiah, and the noble prophet, Isaiah, were dominant in Judah. But at best, Judah's course was unsteady. Periods of better living, wise kingly guidance, and welfare were intermixed with periods of bad leadership and idolatry.

Hezekiah himself, though a good king, was by no means perfect. He did a foolish thing when he vainly displayed to envoys from the king of Babylon his wealth and the treasures of the palace. The prospect of loot, in ancient as in modern times, was a fruitful cause of war and invasion.

These New Books At Your Hilltop Branch Library

This Was Tomorrow
By Elswyth Thane

This is Elswyth Thane's sixth novel concerning life in Williamsburg; notwithstanding that this novel is a complete book in itself, we met some of the same characters found in previous novels.

The story takes place between 1934-1938, in a world where people tried to close their eyes to the world-shaking events that were upon them, with the rise of Hitler to power.

However Jeff Day, Bracken Murray—who was Jeff's newspaper boss and foster father—and Sylvia Sprague, Jeff's fiancee were alive to the peril. The action of the story changes from Williamsburg to the peaceful English countryside of Forthingale—with the main events occurring in London.

The characters are many. Hermione—grasping for love and a belief and allowing nothing to get in her way and keeping under her sway lovely Evadne who dominates the story. Evadne dreams of changing Nazi Germany, which belief caused her family much worry and almost brought disaster to herself. However through Stephen, a talented, light hearted musical comedy star, she comes through safely and her character attains its full growth. Incidental characters are thoughtfully portrayed, which makes a well-rounded novel.

It is thought provoking, for the things that happened then could happen again tomorrow, hence the title.

The Lute Player
By Norah Lofts

Here we have the story of Richard I and the Third Crusade as told by Eleanore, his mother, Anna, his wife's half-sister, and Blondel, his wife's minstrel. It will disappoint long-time admirers of the Lion-Hearted for Richard is presented as a king with but one purpose: that of winning the Holy Land from the Saracen. He would allow nothing or no one to interfere.

He married Beringaria only for her dowry to help finance the Crusade; England was of worth only as another source of revenue and his allies were considered only as useful tools to further his purpose.

Parallel to the story of the Crusade, Miss Lofts tells us of three more cases of unswerving devotion to hopeless causes: Anna's love for Blondel, Blondel's for Berengaria, and Beringaria's for Richard, who is completely unsatisfactory as a husband.

It is these sub-plots that weaken the book most seriously. In presenting all these characters foredoomed to failure and unhappiness, none of them become quite believable.

When the author confines herself to the more historical portions of the book, it is much better. The Third Crusade is excellently recounted. Everything from the petty bickering among the allies, the sieges and battles, and the eventful retreat are all graphically told. It is unfortunate that Miss Lofts felt it necessary to overromanticize a good story with all the needless sub-plots.

Auto Accident Victim Reported As Still Serious

Mrs. Flossie Smith, 58, 554 Hilltonia-av, had improved but very little at Mt Carmel Hospital Friday after being injured Wednesday afternoon in an auto accident at Richardson-av and Wicklow-rd. Police said she suffered a skull fracture and possible fractures of her knee and ankle.

A car driven by Mrs. Smith's husband, Arthur, 62, collided with one driven by Geraldine Orr, 27, of Amanda, O. The Smith car went out of control traveling across two lawns and crashing into cement steps on the porch at 431 S. Richardson-av. Smith was treated at Mt. Carmel Hospital for minor injuries and Mrs. Orr was uninjured.

Narrowly escaping injury was Mrs. James Doyle, who was sitting on the porch at 431 S. Richardson-av. She heard the crash and looked up in time to rush to the door before the car struck the porch.

Hilltop Record Classified Ad Sells $16,000 Farm

Marguerite Wolcott, 567 S. Ogden-av, saw the Shoaf Realty ad requesting listings of suburban properties in the classified section of The Hilltop Record, and called Mr. Shoaf.

On Apr. 24 Mr. Shoaf sold Mrs. Wolcott's farm, consisting of 187 acres near Harrisburg, for $16,000.

This is just one example of the quick — and satisfactory— results that can be obtained through the Classified pages of The Hilltop Record. When you want to buy, sell, rent, hire— when you want ANYTHING— call the Record, RA. 1125.

State Broke Again?

Pictured above is a broken stone pillar which marks the entrance-way to the Columbus State School at 1601 W. Broad-st. This pillar has been in such a state for nearly three years without any attempt made to affect a repair. While boondoggling projects are in effect in other portions of the state family it seems that enough funds could be earmarked to bring about the small repair work needed here to remove an eyesore to an area that is otherwise quite beautiful. Could it be that the State of Ohio is broke again and that some local service organization will have to shoulder the responsibility in order to keep the community the beauty spot of Columbus.

Local Water Extensions Proposed

Further Study Of Water Mains To Westinghouse Now Underway

Further study of a plan to pay for a $175,000 project to install a water main extension to the new Westinghouse Plant on W. Broad-st was being made this week. City Attorney Richard Gordon had previously objected to another plan which he termed as an "illegal subsidy."

Route of the proposed water main West of the city, according to Elmer A. Keller, service director would be as follows: from Derrer-rd and Sullivant-av, west on Sullivant to Georgesville-rd, north in that thoroughfare to W. Broad-st, and east on Broad about 900 feet, connecting with the present 12-inch line serving the General Motors-Ternstedt Division Plant.

Consisting of 20-inch and 18-inch pipe, the main would serve GM, Westinghouse, the homes in the area and most of the Sullivant-av Airport, officials said.

The following method of payment was outlined by Keller, but has yet to be ruled on by City Attorney Richard W. Gordon.

1. All property fronting directly on, or tributary to large lines between Sullivant-av and Clime-rd and on Georgesville-rd and Philipi-rd, $3.25 a lineal foot, plus a charge of $135 an acre for the area back of a "plotted depth" margin allowed at the front of the properties.

2. For those who don't have property directly fronting on the proposed lines, but who desire a connecting link with them, a charge of 50 cents a front foot plus $135 an acre for the remaining area behind the frontal margin.

Commented C. B. Cornell, city water engineer, who wrote the proposed measure for Keller:

"These charges will pay off an estimated half of the $175,000 cost of the water main in about 25 years. The remainder would be paid off in another 25 years or less."

Having a direct bearing on how fast the line's cost could be paid off is the matter of how rapidly the area west of the city will be built up. Cornell noted that an estimated 3500 homes are to be erected there soon and it's believed thousands of additional homes will be erected later.

Buddy Poppy Sale Is To Be This Saturday

Mrs. Ruth Linder, 620 S. Huron-av, will be chairman of the "Buddy Poppy" Sale on the Hilltop Friday and Saturday, May 23 and 24. Members of the groups, assisted by girls from West High, will be stationed at all business sections on the Hilltop to receive your donations.

"Buddy Poppies" are made by hospitalized veterans and the proceeds of the sale are used for the relief and rehabilitation of veterans or their families.

Mrs. Sylvia Ell, 168 S. Huron-av, is president of the Westway Auxiliary. Mrs. Emma Russell, 359 N. Sylvan-av, is regional hospital chairman for the department of Ohio, assigned to the non-VA hospitals in this area. She points out that because of overcrowded conditions in VA hospitals, 173 veterans in the Columbus area alone are placed in civilian and public hospitals.

Wear a "Buddy Poppy".

BJR Criticism Is Refuted By Bureau Head

Criticism was made last Wednesday of the Bureau of Juvenile Research on W. Broad-st by Judge Robert J. Grossman, Knox County Juvenile Court. His charges of loose supervision of young wards at the bureau were immediately denied by Dr. Maurice Newberger, head of the bureau.

Judge Grossman's criticism followed the arraignment of an 18-year-old Columbus boy on a charge of contributing to the delinquency of a 16-year-old girl. He said the two met while they were at the bureau and continued their acquaintance after their release.

Dr. Newberger said the bureau has both boy and girl inmates and a certain amount of mixing of boys and girls is inevitable. He said the bureau is a small institution and does not have adequate supervisory personnel to separate them at all times.

Judge Grossman also charged that Dr. Newberger had kept the girl's home inadequate living arrangements, which aided in contributing to her delinquency. Newberger replied that the girl was committed for study by a social agency and released from the bureau to the agency. The boy, he said, was committed by the court and returned to the court's custody. He added that the bureau is not responsible for the youths after their discharge.

Work Begins On Rosary Subdivision

A new company has been formed to develop Rosary Subdivision at Demorest-rd and Sullivant-av. The new company, Rosary Development Co., Inc., consists of Edward A. Todd, president and general manager, E. O. Gifford, secretary, and Richard J. Albanese, vice-president and treasurer. Offices will be located at 843 Demorest-rd.

Work has already begun on the sanitary sewer installation at the development, by George J. Igel Co., Inc., which was awarded the contract for installing the sanitary sewer and water lines. Bids are now being received on the street and storm sewer improvements and it is anticipated that work on these will follow immediately upon completion of the installation of the sanitary sewers and water lines. It is hoped that home building can be started in about three weeks.

In addition to the above company Ed Tonti will be doing business as the Stephen-Edward Co., of which he is owner. This company will be building homes and apartments as well as commercial buildings.

LETTERS TO THE EDITOR

Leghorn, Italy
9 May 1952

Dear Editor:

I'm stationed here in Leghorn, Italy, with the army. I receive your paper regularly and like it very much as it tells the up-to-date news from my home town. There are six of us here from Columbus. They are military policemen who pull duty here as patrolmen at the different army installations. They also enjoy the paper very much.

I was up in Austria before coming here. I came down here to Leghorn, Italy, last July in the first bunch to arrive here, to open up an army supply base for U. S. forces in Austria.

I'm with the Special Investigation Section here. There are three of us who work here. We investigate accidents, thefts, robberies and things of that nature. Very interesting work.

Before coming overseas over a year ago I graduated from the Military Police School at Camp Gordon, Ga., and after graduation was instructor in the Military Police School at Camp Gordon. Shortly now I am to be sent to the Criminal Investigators School in Germany. I am glad of that as I like police work very much and am getting all the schooling I can while in the service. If I do not stay in the service I plan on getting on the Ohio State Highway Patrol, which I think is a very fine organization.

While here in Italy I have visited a lot of the famous cities. I was in Italy before, in the navy, and picked up some of the Italian language and so now coming back here in the army have gone to school in my spare time and can speak it fairly well. I have been to Rome, Capri, Pompeii, Naples and Mt. Vesuvius, the famous volcano at Pompeii, across from Naples. Have been to Pisa where the leaning tower of Pisa is located. We are stationed only about 15 miles from Pisa.

Well, I'll close for now and tell you again I enjoy your paper very much and that also goes for the other fellows here from Columbus.

So long for now,
Sgt. Jack W. Barr RA15427240

THE LITTLE BOY NEXT DOOR
Suppose the little boy next door
Should grow to fame like lads of yore,
And all his friends, like you and me,
Weep put in a biography.

It really gives one food for thought,
Have we reacted as we ought
Towards a celebrity?

If he should chase our pussy cat,
Or soil our wash, or this or that,
Could it be said we failed to see
His charming personality?

So let us be more circumspect,
And give to him all due respect,
In view of our publicity.

Just wondering—if it's my eyes, or doesn't Mrs. Esther Tufty, seen on Columbus Town Meeting, May 11, look like Mrs. Reilly, superintendent of Marysville . . . how many cigarettes are wasted by tearing the paper off to show how round and firm and fully-packed a certain brand is supposed to be, according to commercials. And how many are smoked each year in waiting rooms on maternity floors of hospitals . . . how Janet and Walter Furniss' KeeTee is. Each year on their Christmas card they have pasted one of KeeTee's feathers, and that parrakeet really does talk—I've heard it, via phone.

Once, way back when I wasn't so busy, I started a scrapbook of pictures and poems about roads. While half-heartedly cleaning closets the other day, I ran across it. Here is one of the poems from it:

ROADS YOUNG AND OLD
Roads that lead to houses
And a city's pride
Go straight and hard like young
With sure and eager stride.

But roads that lead to mountains
Or hidden desert streams
Shuffle along like old men
Happy in their dreams.

BLACKOUT
Come on, podner, twirl your rope,
And fire your guns away.
We'll turn the knobs and fondly hope
He'll make the rustlers pay.
But wait, it seems there's something wrong;
Corral your tears instead.
Tonight there'll be no Hopalong—
The tv set's gone dead.

An interesting letter came from the pilot of one of the boats on the Ohio River. It reads in part: "The red light blinks faithfully across the river. It is one of the government lights set at strategic places to guide pilots at night. The channel in the river does not run in the center. It sometimes runs to one side, sometimes to the other, sometimes in the center. That is the trick of being a pilot, knowing the channel. That is one trick, but not the only one, for we must know how to handle the boat, land it, back out, nose into the barges, and make up a tow, take on barges, drop off barges, make landings, run in snow and rain storms, wind storms, etc."

V. Of A. Seeking Old Musical Instruments

If someone's old trombone is laying around your attic gathering dust, the Volunteers of America would like to hear from you. As a special salvage project, an extension of Music Week, the local post of Volunteers of America is rounding up discarded musical instruments to be turned over to London Prison Farm for the prisoner's [illegible].

The Prison Farm band is without the following instruments: bass violin, cello, flute, oboe, two wood B-flat Boehm System clarinets, two B-flat trumpets or cornets, E-flat alto saxophone, B-flat tenor saxophone, mandolins, guitars, organ and one violin.

If you have any, no matter how worn, the Volunteers of America truck will pick them up and Heaton's Music Store will repair all [illegible].

DISTRICT 8

A first birthday was celebrated by members of John Burrough's Troop 372, by a party Tuesday, May 13, at the school. Mothers were special guests to see their daughters receive their first year [illegible].

Ice cream, girl scout molded cookies, punch and favors were served and planned by the troop committee Mrs. W. J. Meyers, chairman, Mrs. Thomas Buckingham, Mrs. Ralph Hunter, and Mrs. John Ebright. An accordion solo was given by Hazel Buckingham. Mrs. Max Shipley is the assistant leader

The Greatest Childhood Tragedy

The American Legion is asking a few minutes from every parent in the United States to point out a problem that seems very important to us. We hope that it will seem important to you also.

Perhaps you haven't thought about it lately, but we want to remind you of the old truth that our country and our form of government (which we are sure is the best in the world) has its roots deep in religious and moral values. Can you imagine an America without churches?

With all the blessings we enjoy in this great nation of ours, it does seem strange that instead of advancing in spiritual matters, we seem to be growing stagnant. We are worried because the America we know and love can't be the same if people lose their faith in God, and it looks as though we might be heading in that direction.

Here are some of the things that have been bothering us:

Six million high-school-age youths have no regular contact with any church and receive no regular religious instruction. At the same time, the FBI reports that 250,000 children each year are brought into juvenile courts as delinquents and nearly 1,000,000 others come to police attention; that 300,000 children are each year detained overnight or longer, many of them in local jails or detention homes; that 30,000 children are in training schools as juvenile delinquents: that about one-fourth of all arrests made in the United States are youths 21 years of age or less. Yet juvenile court judges tell us that in spite of the increasing number of cases which they hear, seldom is a boy or girl brought before them who has had regular religious training.

This situation has risen during a period when the free public education has reached its highest peak in the United States, when the number of young people in colleges and universities is the largest in history. It is evident then that secular education alone is not enough to build the character which America needs in its young people. In addition to regular classroom education, young people need religious education and spiritual guidance.

Article I of the Bill of Rights of our Constitution guarantees freedom of religion, and we certainly aren't suggesting that the public schools make secular religious training a part of the curriculum. Parents must not depend upon the public schools for the religious education of their children; they must provide it in every child's home and in every child's church and church school or synagogue and Sabbath school — whatever may be the choice of religious worship.

Maybe you haven't been too regular yourself in attending services these past few years. Maybe you haven't thought too much about whether your children are developing morally and spiritually the way you expect them to. If that's true, The American Legion wants to invite you, yes, and urge you to become re-acquainted with your church—the church of your choice—and especially asks that your children have the benefit and fellowship which the church can offer them.

Parents have the mission and the right to raise their children according to their own best judgment. This is an inalienable right, but it is also joined to a strict obligation. No other person or institution can possibly take your place in the life of your child. You expect the schools to help you in the education of children, but long before children ever go to school, parents have provided the foundation for their formal education by teaching them to talk and by teaching them many other things which they must know before entering the first grade.

In the same way, the child's religious instruction must begin in the home and be aided by the church so that the child may take his place in the world with the knowledge of the Creator and of personal dependence on Him. The personal power and wisdom that comes from such association and guidance should come to the knowledge and experience of every individual.

So what we are saying is: "Let your form of religious worship (church or synagogue) help with your child's spiritual development." It can do a lot if you will give it a chance.

That ten spot that I loaned to thee,
A ten that I could have really spent

For its return I had great hope,
But now I see I was just a dope
For a ten spot loaned to a guy like thee
Is not returned to a fool like me.

P. T. Barnum once received a letter from a Vermonter offering him a cherry-colored cat for $600. Always on the lookout for a novelty for his show, Barnum sent the $600—after getting the man's solemn word that the creature was cherry-colored:

A crate arrived. Barnum opened it and a black cat jumped out. Around its neck was a ribbon and from the ribbon hung a note which read:

"Up in Vermont," it said, "our cherries are black."

Billy Hart Blossoms Forth As Youngest Hilltop Composer

Billy Hart

By Pat Martindale

It isn't often that a composer is fortunate enough to have his first composition published without any trouble, but this week a Hilltop youth was just that fortunate.

Bill Hart, son of Mr. and Mrs. D. A. Hart, 148 S. Terrace-av; not only is a successful music composer but is listed as one of the youngest. Bill who is just 10 years old was surprised to find his piano composition published in this month's "Highlights", a children's magazine. His music teacher, Bertha Daarud, sent Bill's "Spring is Here" to the magazine after he had given it to her for approval little over a year ago, and then everyone forgot about it so it wasn't much wonder that the Hart family and the music teacher were surprised when they looked through the May issue of "Highlights".

Bill is a pupil at John Burroughs School and a Cub Scout in Pack 86. His sister, Helen, plays the French horn and is in the instrumental band at West High School.

Weigand Named To Construction Firm Position

Lee Weigand

Announcement was made this week of the appointment of LeRoy (Lee) Weigand, 3181 W. Broad-st as secretary and member of board of directors for Krause and Pagura Construction Co. of 1059 Cable-av.

Weigand, well known throughout the Hilltop and West Side area will still continue to maintain his health food business in the downtown area. In his new position with the construction firm he will also serve as office manager.

With some drivers when the road turns the same time they do, it's a coincidence.

SPORT SLANTS

By Woody Greene

West High School's baseball team was finally eliminated from the 1952 City High League pennant scramble last Tuesday when the Irish of Aquinas handed them an 11-5 walloping on the Mt. Vernon-av lot.

The locals grabbed an early 4-0 lead but were unable to hold it, as the Irish counted four times in the third frame, featured by a two-run triple by Wihl and seven more times in a big fifth inning in which diminutive Dick Burkley blasted a three-run homer.

The locals had numerous scoring chances but as has been the case in several games this season, were unable to drive the runs across.

North High visited the local ball lot last Wednesday and shoved the Cowboys farther down in the league standing by handing them the short end of a 5-2 score and thus avenging a first round defeat handed them by the local baseballers.

The Polar Bears jumped into a two run lead in the initial inning when their stellar outfielder, Ed Brandt, blasted a two run homer and the Cowboys were never able to catch the North Enders.

Jim Kimball again tossed fine ball for the locals but was not given much support either at the plate or afield. He also garnered two of the locals' six safeties.

HILLTOP
'Small Fry'
By J. Curtis Allen

"You think she would like me?"

William Frederick Spencer, eight-month-old son of Mr. and Mrs. Louis Spencer of 234 N. Terrace-av, has that inquisitive expression on his face that would seem to mirror such an expression of speech. At his age though, we sincerely doubt his thoughts are now of the fairer sex.

"You have no complaint," said the city man to the farmer, "You have your own milk, butter, eggs, meat and vegetables. With enough to eat and a place to sleep what more do you want?"

"Well," said the farmer, "you come around in a few months from now and you'll see the fattest, sleekest, nakedest farmer you ever saw."

The Greatest Book Ever Written
By Fulton Oursler

In this, his latest book, Mr. Oursler once again brings to us in simple language the stories of the Bible. Whereas "The Greatest Story Ever Told" was the re-telling of the New Testament, so this book is the re-telling of those stories of the Old Testament.

The beginning of the book is the beginning of time—of God, Creator of Heaven and Earth and all things created.

It is the story of Adam and Eve and their betrayal of God's trust; of Abraham and Jacob; of Moses, David and Joshua; all told in simple, reverent and inspiring words until the reader is brought to the dawn of redemption and Christianity—Christmas.

This book is not fiction, nor is it an interpretation of the Old Testament. It is an honest narrative of the Greatest History Book ever written. Only in the instances where climatic conditions, time or similar material are needed for emphasis is personal information added.

"The Greatest Book Ever Written" is acceptable by members of all faiths, having been examined by Catholics, Protestant and Jewish leaders. It neither favors nor detracts from the views of any one person or belief. For this is the story of the very birth of living things, of Man and his weaknesses; of God's patience and understanding; of sorrow and gladness; of life, death and life everlasting; of all things all men believe, regardless of faith or pigmentation.

Slant of the Wild Wind
By Garland Roark

Captain Gordon Redd, of the "Lady of Glasgow," met Martha van Oren, daughter of a wealthy employer and ship owner. They were attracted to each other although Martha, on her return from school in England, became engaged to a partner of her fathers.

Captain Redd through loyalty to his employer, became involved in a financial scandal which threatened to rock Sydney's greatest business interests. He was arraigned in naval court and charged with piracy. He evaded the charge and sailed for Singapore with a government schooner in pursuit. He outmaneuvered the government boat and sailed to the island of Gold.

On this island, which was occupied by pagan natives, he finally met Martha, the woman he loved, and his adversaries. Through fast action and blood, he was able to prove that the cruel life learned on the high seas was far more effective than the school of the counting-house.

This is a fast moving tale of the sea that will appeal to both men and women.

Garland Roark is the author of "Wake of the Red Witch" and "Fair Wind to Java." This book is well written and the plot is concise and moving. To me, this tale is Mr. Roark's best.

Renny's Daughter
By Mazo De La Roche

This latest addition to the White Oak family tree holds all the warmth of a long looked for reunion with beloved old friends after long absence. In it, as in the previous books, the reader is drawn into the family circle, knows their troubles, problems, likes and dislikes, so cleverly that he scarcely realizes how close the relationship becomes until the last page is reluctantly reached.

This is the story of Renny's daughter Adeline, now 18, who has all the fire, beauty, willfulness of her great-grandmother, old Adeline. In it, a devoted admirer of De La Roche's can see the well-knit groundwork laid for other wonderful books to come. This daughter of Renny and Alayne promises to be interesting indeed.

It is also the story of Renny's valiant fight to save his beloved Jalna from the suburban developments of cheaply constructed houses nearby. It is not the best book of the Jalna series, but will be a welcome member of it to all readers. In it, the reader will renew old acquaintances, keep up-to-date with the family as it grows, and will soon realize this new generation of White Oaks means many interesting books for the future, and may they not be too far in that future, especially for this reader.

Back To Mandalay
By Lowell Thomas

This is one of the true adventure stories of our times describing the daring exploits of General Orde Wingate, English guerilla fighter, and the newly assembled American Air Commandos in a new kind of war whose setting is the impenetrable jungles of Burma. These Commandos were organized by Colonel Phil Cochran, a young fighter pilot. Milton Caniff modeled his famous cartoon character "Flip Corkin" in "Terry and the Pirates" from Phil Cochran, whose real life adventures are still more fascinating. Then there was Colonel John Alison, the quiet, efficient balancing-wheel for Phil Cochran. Together they made an unbeatable pair.

You must read this educational as well as entertaining book to fully understand the tremendous importance of the leadership of General Wingate and the cooperation of the Commandos, which included landing everything from men to heavy equipment for clearing the jungle in order to make landing strips for the gliders, in the first all-airborne invasion in history. The intense planning and then the successful but dangerous invasion itself was a dream come true.

Salvation
By Sholem Asch

The life of a Jewish mystic, tenderly written and translated by Willa and Edwin Muir. The book was originally published in America in 1934, but at that time was heavily cut. This is the complete story as translated from the German edition.

It takes place in Poland in the early eighteenth century, and begins with the celebration of the admission of the infant, Yechiel into the fellowship of Israel. His formal schooling is brief, because of his mother's need for help in supporting the family. His father is a member of a group who spend their lives in divine study, which leaves no time for them to work.

After Yechiel leaves school he studies whenever and with whomever he can. He develops a love for the Psalms, from which he is able to find answers to everyday problems, and comfort during his entire life.

His mother dies, and Yechiel becomes a private tutor for a family in another town. He later marries the daughter, Reisel. It is about this time his mystic powers came to the fore.

He returns to his home town, where he becomes head of the Psalm Fellowship. He gives his help, financial and moral, wherever possible, and in one case, in God's name, promises a follower a child. It is for this sin, he is firmly convinced, that his own wife dies in childbirth.

He becomes a beggar as a repentance, and travels from town to town, doing what he can for fellow travelers, until he learns of the birth of a daughter to the man he had promised, whereupon he returns home and the remainder of his life is spent helping the poor.

This is not a fast-moving book, but is beautifully written, and well worth reading.

Spring Has Sprung, Time's Here For Summer Fun . . . And Clothes

By Judy Masters

Spring has sprung, the grass is ris. I wonder where the country is. And to the country we will go. Picnicking, hiking, bird-watching, fishing, and what will be wear? Everything from blue jeans to very feminine playsuits in every material from denim to shantung.

Denim which proved to be so very popular with the teenagers in levis and shorts, will be worn again this year by even more young women and some not so young. From shorts and halters, denim has enlarged its field to take in skirts, blouses, jackets, and even dresses. A wide variety of the standby blues and greys will be replaced by yellow, green, red, stripes, plaids, and black. Many of these can be bought in the famous "mix and match" fashion, so that a number of "sporty" outfits can be arranged from four or five pieces. Oh yes, and there are hats to match too. Both the jockey and jeep styles will look mighty pretty besides offering some protection from the sun.

Pedal pushers which have been very popular with the real outdoors girl (they give more protection than shorts, but don't get wet around the bottom in dew or rain like slacks) will be replaced somewhat by the more feminine "toreador" pants. The mimic of the bull-fighter's breeches [illegible] in either short, knee length or long, but there is little doubt which is the most popular.

Blouses and T-shirts will be mostly sleeveless. A cool blouse that can be worn both sporty or semi-sport is the combined nylon and knit T-shirt-blouse. The large knit design is topped by an insert yoke of nylon and the effect is very cool. They look nice with everything from slacks to suits. Seiler's, by the way, has them in stock.

Shirt material, nylon, pique and many other materials will also be worn this year with most blouses being designed with Peter Pan, or horseshoe necklines. However, the tailored collar will always be important.

Casual skirts are both straight and full with quilted cotton a feature headliner for the cooler days and evenings of the summer. Most of these new quilteds come in picture prints of western and oriental design that are both colorful and eye-catching. Other lighter weight cottons will be worn with crinoline, batiste or organdy underskirts, as will attractive dress skirts of taffeta.

Play shoes will vary from the oxford into leather and linen sandles and the moccasin-loafer type shoe which has come into its own during recent summers. The wedgie heeled linen toeless slipper-type shoe has been covered with praise during recent years and it looks like they will be a hit for comfort again. Broadway Shoe Store has several selections that prove colors will be worn clear to the dainty feet this summer.

Stolls will be a seasonal fashion to ward off the sun as well as the breeze. Many of the bare-topped dresses will feature stolls rather than jackets and spares can always be matched up with shorts and halter combinations. Boxey jackets will go over everything including bathing suits. Again we see the quilted cotton although plain heavy cotton including denim will be seen the most often. And strictly for the beach of course are the terrycloth jackets.

Speaking of the terrycloth jackets reminds me that the Faye Shop has a darling of a short and halter combination. The sparkling white terrycloth sparkles even more for which frolics on the shorts while the red and gold appliqued fish you play.

Are you ready? Let's go!

McKinley Ave. Dump Closing Is Asked

Officials of the Franklin County Board of Health have filed with the Common Pleas Courts an injunction suit asking that the McKinley-av dumps be closed and not re-opened unless there is an approved sanitary land-fill policy started.

Earlier this week a hearing was held on the temporary order but no ruling has as yet been made.

Doctor: "This eccentricity you speak of in your son—isn't it, after all, a matter of heredity?"

Mother (fiercely): "Doctor, I'll have you know there's never been the slightest trace of heredity in our family!"

"I'm sorry, dad," the boy replied, "but she's the best gal I can get with the car we got."

Two women were preparing to board the air liner. One of them turned to the pilot and said, "Now please don't travel faster than sound. We want to talk."

Highlights & Sidelights

EXTRA EFFORT

Easing the engine to a stop at a water tank, the old engineer briefed his green young fireman. The fireman climbed to the tender, as per instructions, and managed to bring the spout down all right. But somehow his foot tangled in the chain and he floundered right into the tank. The engineer regarded him and his plight with a jaundiced eye.

"Just fill the tank with water, Sonny," he drawled. "No need to tramp it down."

Bible Comment:

Good King Brings About Religious Reforms in Judah

ONE of the mysteries of life is why good men should sometimes have evil sons, and conversely why bad men have good sons. Both phenomena are illustrated in the history of the kings of Judah.

Hezekiah was a relatively good king, but his reign was followed by that of his son, Manasseh, who was corrupt and evil. He not only shed innocent blood, but he sought to overthrow the religion of Israel and replace it with idolatry.

His son, Amon, proved no better, becoming king at the age of 22. He ruled for two years and was slain by his own servants. Then came the good son of a bad father.

Those who slew Amon were themselves slain by those who took Josiah, Amon's son, then a boy of eight, and made him king. He ruled for 31 years, and must have been under good influences from the first, for as boy and man he was great and strong.

Good and well-intentioned men are often lacking in initiative and forcefulness in action, but King Josiah was aggressive and competent in his goodness. He vigorously attacked the idolatrous places and practices, threw down and destroyed the altars of iniquity, and restored the Temple as the place of true worship.

It was in this restoration of the Temple that the "Book of the Law," the book of Deuteronomy in our Bible, was discovered. It became the occasion for an impressive dedicatory service in which king and people made a covenant to obey its precepts and serve the one God.

Centuries later Jesus proclaimed the spiritual nature of the true God, whose worship is in spirit and in truth and is not confined to temples, mountains or other professedly holy places. But the effect of the reforms under Josiah was to purify religion of its abuses. In its emphasis on the holy place it destroyed the unholy places; and unholiness, whether in place or in person, is the denial of essential goodness and of all true worship.

Sooner or Later . . .

Only a minute ago you had this great idea.

"I'll just try it once," you said, "Let's see what the old buggy will do over this stretch of road."

And just about the time the speedometer quivered on past seventy, you heard the siren. Then—the old story all over again. The patrolman. The argument. The ticket. And finally, the fine.

"Too bad, buddy," said the Law, "Sooner or later we get you guys."

Sooner or later said the Law . . .

A man's life can come to this point, too—the point where his misdeeds catch up. For sooner or later we all pay for our transgressions against *God's* law.

Your intentions may be good, but good intentions alone are not enough—that is what your Church is for: to help transform these intentions into reality. For your Church knows the meaning of God's law. And it knows that within the wise bounds of God's law is a happy and fruitful life for you.

The Church is ready to help you achieve that life—if you will give it the chance.

So when should you seek the guidance of your Church? Later . . . ? No!

The time to go to Church is *now!*

"Be not deceived; God is not mocked: for whatsoever a man soweth, that shall he reap."—GALATIANS 6:7.

'Round The Hill Topics

By Carol Echols

After weeks of rainy weather the Hilltop crowd is looking forward to sunny days. Seiller's has been crowded lately for people are in the mood for new spring clothes.

Graduation time has again rolled around. Many Hilltoppers gave parties for their sons and daughters after the prom.

Robert Burke, 501 Nashoba-av, has been seen sporting a new powder blue Pontiac. Shirley Dunham's new '46 is quite an improvement over her '27 one. Mel and Ginny Craig and family leave for Florida June 3 for three months stay. Jack and Jinny Dawson leave for California in the latter part of the summer. Bob and June Walker will visit Tennessee in late summer.

South Powell-av will soon be the residence of two "Red Birds", players that is. Mr. and Mrs. Lewis Garn and daughte, Ruth, will move to Cleveland-av this summer.

Mr. and Mrs. Walter Tilton and family will also visit California this summer. Mr. and Mrs. George Schaaf and son, Mike, are newcomers to Southampton-av.

Leonard Echols has recently been elected to attend a church convention in Seattle, Wash., in September. Mr. and Mrs. Clifford D. Paul have just returned from a two month vacation in Florida.

Yast week it was mentioned that a man felt old when his son gave a girl her diamond ring for graduation. Well—how does it make a girl feel when all her friends get diamond rings. Really old!

The post will place a small American flag on the grave of every veteran. In addition to the flag paper poppies or real flowers will be placed on the graves of the veterans of World War I. Many services will be conducted at the various cemeteries throughout the day.

American Legion Camp Chase Post 98 will conduct its Memorial Day services at Sunset Cemetery at 11 a. m. with Rev. Irvin F. Lane of Burgess Avenue EUB Church, as speaker for the occasion, and at Alton Cemetery at 11:45 with Rev. A. L. Roth, Hillcrest Baptist Church pastor, as speaker.

Many worthy projects are undertaken by these mothers throughout the year. Both organizations have helped the veterans at Chillicothe Hospital by distributing gifts to the men on Christmas, Easter and other special occasions. They work with the USO to provide entertainment for the soldiers and to help them in any other way possible.

The Columbus chapter of the American Gold Star Mothers Incorporated was formed in April 1947. Although there were only 65 charter members, the membership of Columbus Chapter has grown to a total of 186. The members of this organization are mothers who have lost a son or a daughter in the Second World War.

The purpose of the club is to assist veterans and their families and to co-operate with all patriotic organizations on Memorial Day and to encourage peace and harmony between all peoples. War Memorial Seat Capacity Is Reduced

By Barbara Furry

Revised plans calling for a slash in the seating capacity of the proposed Franklin County Veterans' War Memorial were presented last week to the County Commissioners.

According to Fred C. Dunn, Jr., secretary of the Memorial Board of Trustees, the only major change was a 75-foot cut in the length of the auditorium, reducing the seating capacity from 7500 to 4000. The veterans' wing will remain unchanged.

Although the construction of the memorial was approved by the voters in a 1945 bond issue, it is being held up by federal restrictions on building materials.

Ohio Legion Cancels Boys' State Camp

The Ohio American Legion Wednesday cancelled the 16th Buckeye Boys' State, scheduled to begin June 8 at Camp Perry, because the camp has been flooded by high water from Lake Erie.

Ohio Legion's headquarters said the camp could not be made habitable in time for the scheduled opening of the week-long mock government, which was to have attracted 950 high school boys this year, 16 to have attended from this area.

A storm on the lake Mar. 22 destroyed a section of dike behind the camp's rifle range and a more recent storm widened the gap to about 400 feet. The storms enabled the lake, now at an all-time high level, to flood partially the grounds and storm and sanitary sewers.

Legion officials said Wednesday that notices of the decision to cancel and refunds of $35 tuition for each boy will be sent to each of the more than 600 local posts participating in the event.

Smile Wins Musicians Heart; Song Is Written For "Jackie"

Because little Jackie Smith has such a "winning" smile and pleasant personality a song has been written and dedicated to him by Al "Rags" Anderson, well known musician.

The title of the song is "Jackie" but as yet "Rags" has not found lyrics to suit the melody although several sets have been submitted to him.

Mr. Anderson first met the youngster (and his parents) at the Moose Lodge Hall where he plays in orchestra twice a week and they immediately became good friends.

Jackie, a victim of cerebral palsy, gained city-wide attention after his brother, Tommy, was nominated "Kid of the Week" by the Junior Chamber of Commerce for helping Jackie so diligently.

Jackie is the son of Mr. and Mrs. C. P. Smith, 501 Catherine-st.

"Rags" is a teacher of the drums, vibraharp and marimba at Lazarus Music studios. He has played in the orchestras in and around Columbus for the past 25 years, has been featured on all Columbus radio stations and was music director at WCOL for three years. He played over the first radio station to be built in Columbus. He also played with the Dorsey brothers at the Capital Theater in New York, was one of the trio of the Three Mile Runners in Long Island and recorded music with Willard Robison and the Deep River Boys, in New York. He lives at 1318 Mentrosa-av.

Paint me the memory Night holds,
Th invisible lines made of sound,
Night-scent and the syllabic silence
Tree toads interrupt on the ground . . .

Paint me the memory we share
Lovingly sheltered in me,
That Night gives such tangible form
When from journeys of day — I walk free.

After reading the mention made here of a recent drive to Washington C. H., Mrs. Weiser failed to suggest a trip to Delaware. She said she thinks Delaware County is the prettiest in Ohio, but admitted she could be prejudiced since she was born near Delaware.

Wondering—when Amos 'n' Andy are going to have a tv show they haven't done before . . . how long the Johnny (Cry) Ray fans can stand him . . . what ever happened to Lum 'n' Abner . . . what else there is to do, but wonder, while you're washing dishes.

From somewhere: It was the first trip to sea, and one young sailor was draped weakly over the rail. The captain came along the deck, and with one look at the sailor said "You can't be sick here." The sailor looked the captain up and down, then with all the dignity at his command, said "Watch."

After Columbus, one of my favorite towns is Moscow (Moscow Ohio, I hasten to add!). If you haven't been there, you should go. It is a quaint little town on the Ohio River, about 25 miles from Cincinnati. There are very old houses in that town which have stood despite floods and earthquakes, since 1817. Two or three of the houses still show bulges in their walls from the earthquake of, I think, 1820. A small cement block stands in the middle of the "square" on which once stood a cannon, but according to the story told by a long-time resident of the town, Dillinger and his gang appropriated it while they were hiding out near the town. This village is an artist's paradise and the people are friendly and courageous. They have to be the latter, because they have to fight floods so often. Moscow is about three miles from General Grant's birthplace. That is a good place to visit, too.

Except maybe to think of things like this—said by General Eisenhower: War is the most despicable, the most dreadful thing to which men can resort, made possible only by the spiritual values it evokes, in courage and team play."

Recently a teen-aged niece was wishing she could "hurry up and be twenty." Later, a twenty-two-year-old said she thought that thirty is an interesting age. I told them both that I'd like to be their ages again, but when they asked what I would do if I were their age, I couldn't think of a thing to answer that wouldn't sound trite or copybookish, so Grandma Weakley in her great wisdom, passed the buck and quoted Longfellow at them—I think Longfellow said it: "Maiden, who readst this simple rhyme,
Enjoy thy youth, it will not stay.
Enjoy the fragrance of thy prime,
For oh, it is not always May!"

West High has captured first place honors this year in the annual scholarship test, at least in the language departments. Gene Burch, 12B, placed first in the district in second year French, and Bernard Dishong, 11A, placed first in first year French.

When the state winners were announced, West was even prouder to find that, despite the tough competition, Bernard had captured second place in the state, and that Gene had placed sixth.

Both boys had worked hard for the test, studying for weeks after school, with their French teacher, Leona Glenn.

Miss Glenn hopes that next year Dishong will be able to move up to first place in the state. Burch will have graduated by then and will be ineligible.

In the Spanish department, the highest honors were won by Carole Cristee, 11A, in first year Spanish. She placed second in both the district and state. Mrs. Margaret Harold is the Spanish teacher.

Many Students End School Days With Banquet

By Diane Renollet

School days will soon come to an end. The graduating seniors will bid West goodbye and have many memories which they have accumulated during the past six years at West High.

Among these memories is the senior banquet which was held in the school cafeteria on May 22. The theme for the banquet was "In the Little Red School House."

The cafeteria was decorated in the little red school house fashion. The speakers' table was decorated with a large vase of red and white flowers with ivy scattered about.

Seniors' tables were decorated in the same fashion with black slates, autograph books, and slate name cards.

After dinner a variety program was offered. The performance included the 12A chorus line, a girls' quartet, a ballet dance, songs by various students, and finally the reading of the class prophecy.

In Memory

America is a young country — that is compared to European Countries — and yet it is the wealthiest and most prosperous country in the world with the most modern of everything. Even our ideas are modern but we know that even with the newest of things the age old fight for freedom has never ceased and probably never will.

Since the world began, countries have had to fight for their freedom and yet mankind prefers to fight for their ideals even though it means giving up their life rather than be ruled by an unscrupulous enemy.

America was founded on mans ideals and has struggled long and hard for what it is to-day. True, we have such things as Washington scandals, but these things are brought out into the open because we Americans will not be fooled into accepting untried and unproven schemes for changing our way of life.

Freedom is not free, even though we live in a free country; and because our courageous peoples were, and still are, sold on America, they will continue to sacrifice their lives fighting for "Our Way of Life" which we believe is the best.

On this Memorial Day, let us who so enjoy our freedoms take time to thank God for those brave men and soldiers who made it possible for us to live in peace and security.

Let us never cease to remember those who made America what it is today.

DUMB CLUCK

Little Jimmy's father found him in the barn. He was shaking his pet rabbit and saying, "Five and five. How much are five and five?"

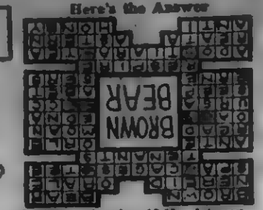
The surprised father finally interrupted the proceedings. "What's the meaning of all this, Jimmy?"

"Oh," said Jimmy, "teacher told us that rabbits multiply rapidly, but this fellow can't even add."

Junior and his mother were looking through the family album. "And here," said his mother, "is your Aunt Susie, there's Uncle Ben, and there's Grandpa."

Presently they came to a picture of a handsome young man with a mustache and a crop of wavy hair.

"Who's that?" asked Junior.



"Why, that's your father!" answered his mother.

"Yeah?" said Junior skeptically. "Then who's the bald-headed guy that's been living with us?"

West Diamond Squad Ends 1952 Season

By Jay Swisher

The West High baseball team under Coach George Williams finished its season Friday with a six won six lost league record and six won eight lost overall record.

The Cowboys started their season by losing to defending champions Linden. They came back strong with victories over Central and Aquinas, lost a non-league game to St. Charles, but revenged their earlier loss to Linden. West lost its district game to Bexley in a slugfest 9-8, but bested North 3-2. Central beat West in an important game 4-1. However, West overpowered East 3-1 in 11 innings. Aquinas, North, and South then beat West in successive games and West ended its season with a 6-3 victory over East.

South was the only team to beat West twice and East was the only team that West beat both times.

West made numerous mental and physical errors, this along with the inability to put good pitching, fielding and team work in enough games caused West to finish another average season. The team showed a will to win, but just seemed to do the wrong thing when it hurt the most.

Everett Track Team Annexes Harrier Title

By Dick Coffey

Coach Carlton Rayl's Everett cindermen became the new Junior track champions at the Junior High City Meet held May 22 at West's Magly field. Everett scored 30 points to edge the defending champion, West Junior, by five points.

Champion and Barrett, with 22 and 21 points each respectively, followed close behind the little Cowboys. Following in order were Starling with 16, Indianola and South with 12, McKinley with 10½, Crestview with 6 and Mound with 2½.

Frank Burton of Everett was the meet's leading scorer with a total of 14 points. Burton finished first in the broad jump, second in the 100 yard dash, and second in the 220 yard dash. Jack Covington of South and Ralph Wheaton of West tied for second-place scoring honors with 12 points each. Covington won the 100 yard dash and the 220 yard dash while Wheaton finished first in the 120 low hurdles and the 880 yard run.

West's Head Coach Turns Orator At Banquet

Mack Pemberton, genial West High School football coach is caught here in a retrospective mood at the All Sports Banquet held Monday night. At this phase of his remarks Mack was referring to his boys as being "awfully pretty to look at." Could be that Mack was thinking of next year's chances in the City League—minus the ineligible question of course. (J. C. Allen Photo)

SPORT SLANTS

By Thomas Workman

Fishing provides relaxation for people in all walks of life. No one knows exactly why so many people enjoy fishing. Maybe it is because fishing is so relaxing yet so exciting. Fresh country air helps boost one's appetite. Fish cooking in a cabin or over an open fire send an appetizing aroma to many hungry people. They seem to taste much better than they did at home. When a person is fishing he forgets his troubles and gets away from the never ending noise of the city. From the moment you arrive until the moment you leave you hear the delightful hum of the outboard motors. The atmosphere seems to change all around you. The sun setting across a lake is an inspiring sight.

Of course people go fishing in many states and some are fortunate enough to go to other countries. Ohio, though many people don't realize it, is one of the best fishing spots in the country. Many parks are being well stocked with fish. In Ohio's numerous waterways there are several different and interesting species, such as the small-mouth bass, large-mouth bass, white bass, channel catfish, walleye, crappie, perch, and many others.

It is not necessary to have an expensive rod, reel and bait. A cane pole, a hook, and a can of worms will catch as many fish or more.

Young boys have found relief from the hot summer days along the banks of Ohio's lakes, rivers, streams, reservoirs, etc.

Except for black bass, yellow pike-perch, and muskellunge, there is no closed season on fishing in state owned lakes.

Yes, fishing is a wonderful sport so enjoy it.

The Ohio Wildlife Division has launched a thorough check of fishing and hunting license agents and their sub-agents throughout the state, it was announced this week by Dr. Charles A. Dambach, chief of the Division.

Dr. Dambach said that Division officials have become alarmed over the manner in which fishing licenses have been issued by many of the agents this season, resulting in many fishermen being inconvenienced by having improper and illegal licenses.

License agents and their sub-agents are charged with obtaining complete information from the license applicant, and to determine his legality to carry a license before issuing the same.

Ohio game protectors have encountered numerous cases this spring, where the negligence of the agent or sub-agent in writing the license has been apparent. Most numerous cases are those in which the fisherman has not been a resident of the state for one year, which is required by law. The laxity of the writing agent is clear, game protectors report, because many of these licenses have plainly been marked that the licensee has been a resident for only six months or other lengths of time less than the required one year.

Youths under 18 have been found carrying a license, when the state law provides that anyone under 18 years of age is not required to have a license. Also, servicemen on active duty on furlough or leave have been sold licenses by agents when it is not required in Ohio.

Fishermen are cautioned to make doubly sure that their license has been issued correctly.

Wildlife officials also have warned agents and sub-agents that violations in the issuing of permits may result in the loss of their agency. In view of this, agents and sub-agents alike are urged to review the rules and regulations of issuing licenses which were mailed to him by the Wildlife Division when the agency was established.

One license agent has already been cited into court by the Division for the alleged back-dating of a license.

In the store I heard two women talking. One said, referring to a third woman, "Her face is an open book." The other catted back, "Yeah, one of these horror novels."

Bulldog Hurler Stops Cowboys By Giving Up But Four Hits

By Jay Swisher

George Treneff and Co., beat West 3-1 on the loser's diamond May 21. Treneff scattered four hits very effectively so that West could bunch only two of them in the fourth to score their only run. The two hits were by Kimball and Vincent along with a fielder's choice.

Bob Thornton pitched good ball except in the second inning when he allowed two hits and committed two errors himself to give South the necessary two runs they needed to win. They added an insurance run in the fourth when Adams singled, stole second, went to third on an infield out and scored when Vincent muffed a ground ball hit by Frank.

Jim Kimball of West and Ace Adams of South led the hitters getting two hits apiece.

West Ends Season With 6-3 Win Over East High

By Jay Swisher

West 6, East 3, was the final score as the Cowboys of West High ended their season on a happy note. The game was played on the loser's diamond, May 23.

The Cowboys hopped off to a quick 3-0 lead in the second inning on two hits, a hit-batsman and three East errors. East tied it up in the third on two hits, a walk, and one Cowboy error.

Jim Kimball pitched shut-out ball the rest of game and West in the extra eight-inning produced four solid hits off East's pitcher, Riley. His three run attack was paced by Jim Kimball with a two run homer and a triple by Herb Brown.

Herb Brown paced the 11-hit Cowboy attack with two singles and a triple. Kimball and Jim Hughes came up with two hits. Jim Kimball was on the mound for the Cowboy nine.

Sports Scribe Selects All City Nine

By Jay Swisher

This year's All-City baseball team has just about everything any baseball coach would want. The team has power, speed, pitching, and is good defensively. West received four berths on the team, Central three, South two, East and North one.

Eddie Gleibs of West is at first base. Eddie has played good defensive ball all year and is one of the best hitters in the City League. At second base is John Frank of South. John plays second very nicely and has supplied plenty of power and spirit to the South team. Wimpy Ward of North is the third baseman. Wimpy plays standout defensive ball at third along with that necessary base hit. At shortstop Jerry Martin of Central is the choice. Jerry has been a main cog in Central's infield and was one of the main reasons for Central's successful year.

In left Herb Brown of West is the leading man. Herb started slow this year, but has been gaining momentum and was playing heads-up ball in the end. "Maggie" Lewis of East is the center fielder. "Maggie" stands out defensively and is a powerful hitter. Sophomore Jim Kimball of West is the right fielder. Jim has a good arm and supplied plenty of power for Coach Williams' team.

Behind the plate is Joe Morlan of Central. Joe is a powerful hitter and a good defensive catcher with a strong arm.

Our pitching staff is composed of George Treneff of South, Frank Wiseman of Central and Bob Thornton of West. These boys comprise a pitching staff with plenty of speed and know-how. They all have their moments of weakness, but always come back in good order to show their stuff and pitch good ball.

All City Team: 1b, Eddie Gleibs, West; 2nd, John Frank, South; 3rd, Wimpy Ward, North; ss, Jerry Marten, Central; lf, Herb Brown, West; cf, "Maggie" Lewis, East; rf, Jim Kimball, West; c, Joe Morlan, Central; p, Frank Wiseman, Central; p, George Treneff, South; p, Bob Thornton, West.

Holy Family Whips Rosary By 7-1 Score

Holy Family completed another successful season with a 7-1 win over visiting Rosary on Wednesday, May 21. Again this year the Holy Family team finished as runner-up in the Central Catholic League baseball team.

Winner pitcher Chuck Varner also managed to duplicate his 7-3 record of last season. This game gave Holy Family a 4-2 record, identical with that of last season.

Varner struck out nine during the contest and permitted only two hits. The contest was called at the end of five innings because of a time limit.

9A PARTY

The 9A graduation party will be held June 2, at 3:30 p. m., in the Starling gym. Mr. Rader is in charge of decorations and Mrs. Beale is head of the entertainment. A program will be given by 9A pupils and teachers. Refreshments will be served.

41 Day Racing Meet Opens On June 3 At Hilliards

By Dick Coffey

The 41-night meeting at Hilliards Raceway will begin June 2 and continue every night at 8:15 through July 19.

A better season is expected at the raceway due to a great many improvements to the track and the surrounding grounds. The race track has had a complete going over and a much faster track will be had at this season's races.

There will be a new odds board in back of the grandstand in addition to the one now in centerfield. There will be an increase in the number of mutual and cashier windows and the payoff will be a great deal faster due to a machine known as the telautograph.

Some of the other improvements are a new concession stand, an increased seating capacity and more and better parking facilities.

The presiding judge for this season's races will be Fred Child from Minneapolis. Two of the timers will be George Williams and Mack Pemberton.

CCL All-Star Berths Won By Holy Family Nine

Holy Family placed three men on the Central Catholic All-Star baseball team. Judging for the list was done by the coaches of the participating schools.

Chuck Varner, pitcher, was one of the four unanimous choices of the coaches. Al Nocera, second baseman, and Leo Driscoll, left fielder, were the other Holy Family players who made this select list.

Each player received seven points when mentioned by an opponent's coach and five points for rating approval of his own coach.

'Small Fry'

By J. Curtis Allen

"Senator, I plead for constitutional immunity."

By the expression of the face of Margaret Ann, 7-month-old daughter of Mr. and Mrs. Donald Cross of 48 N. Powell-av, one would seem to think that she was the subject of an interrogation. But such is not the case, it was only the subject suggested by the pose caught by the camera.

Avanti Guild Aids State School Girls

By Pat Martindale

The Avanti Guild has lived up to its meaning, "Go Forward," in every respect during the past three years of organization.

Although there are only 31 members in the guild they have accomplished a great deal as a charitable group for numerous deserving institutions.

Because they felt that they needed an outside activity but didn't want to waste their time on a selfish interest these ladies formed their guild to help others. They have contributed time and funds to the Blind School, Children's Hospital, Cerebral Palsy Center and many others.

Last March they undertook a sewing project at the Columbus State School and since then have met every Monday and to date have completed 160 uniforms for the girls to wear in the hospital. The uniforms are various colors, each color signifying a different rank.

Last Monday's meeting was the last until September, at which time the Avantis will resume work on a new project at the State School, that of furnishing gymnasium equipment to be placed in the auditorium for the students' use. Three hundred dollars has already been presented to the school by them for a boxing and wrestling ring.

Mrs. R. A. Pirtle is the president and Mrs. James Barton is sewing chairman of the Avanti Guild.

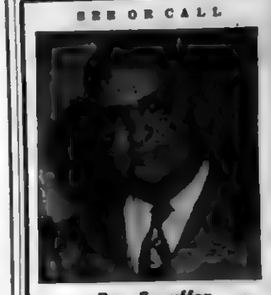
Boys Help In Traffic Safety

By Suzi Richards

The school patrol boys do a splendid job in aiding the safety programs of Highland and West Broad Elementary Schools in the opinion of educators and police officers.

West Broad boasts a squad of fifty-seven boys in the sixth grade whose main duty is to help the younger children cross Broad-st safely. At a PTA meeting held May 15, Officer McDonald awarded certificates of merit to these deserving boys. The youngsters who captain this large outfit are Jimmy Williamson, John Hickinger, Paul Litus, Robert Smoot and Jerry Stewart. A reserve squad of 6B's has been on duty lately captained by Fritz Ricker.

Highland Avenue has two squads, morning and afternoon. There are eight boys on the morning patrol and eight on the afternoon, with four substitutes on hand to guarantee that all positions will be manned.



Most of the work falls on the shoulders of the morning captain, Tommy Bridges, a 6A and Michael Engle, a 6B. These youngsters, in addition to serving on a post of their own, also check to see that enough boys are on patrol, that the other boys are on time, and that each boy is at his proper position.

Annual Confederate Memorial Services Planned For This Sunday At Camp Chase Cemetery

Ceremonies of June 4, 1898, at Camp Chase Cemetery showing Confederate Glee Club.

Decoration ceremony of 1897 at Camp Chase Cemetery.

Scene of Camp Chase Cemetery in 1890's when stone wall was first erected around the enclosure.

By Lois Hunter

On Sunday, June 1, the Robert E. Lee and Dixie Chapters of the Daughters of the Confederacy will hold their Memorial Day services at the Camp Chase Confederate Cemetery.

Dr. Harry Coles, professor of History at OSU, will be guest speaker of the afternoon. William D. Ferguson, commander of Camp Chase Post No. 98, will be the MC. The Legion band will play southern airs. There will also be the usual firing squad.

During the Civil War, President Lincoln called for more troops from this part of Ohio. Immediately, numerous camps sprang up all over Columbus and neighboring districts. One of the most important was located on our own West Side. This was Camp Chase. It consisted of 160 acres of ground situated between W. Broad-st and Sullivant-av. The main entrance was about where West Gate Temple is now located.

By 1862, the population of Camp Chase was 35,000 prisoners and 30,000 soldiers and militiamen. Naturally with this many men, sickness and diseases spread rapidly. One of these disastrous diseases was smallpox, which broke out among the prisoners and took a large toll. A separate building was erected on the East Side for the sick. This was nick-named the "pest house." It is said that an old thorn tree which still stands along the west side of Hague-av a short distance north of Sullivant is the same one that stood beside that building.

Those who died, prisoners and victims of disease, were buried in a plot of ground set aside in the southeast corner. For years after the abandonment of the camp, the little cemetery lay in utter neglect. It had but one large boulder that lay in the center with the inscription, "2260 Confederate Soldiers of the War of 1861-65 are buried in this enclosure."

Then along came one W. H. Knauss, a citizen of Columbus. At his expense, the graves were cleared off and the enclosure put in a more presentable form. In June, 1896, he succeeded in interesting a few people in the project, and together they went out one afternoon and conducted a short ceremony in memory of those who were sleeping in the graves.

The following year, a number of ex-Confederates, having heard about the ceremony, came to Columbus in particular in the one for that year. Dozens of beautiful floral pieces were sent from Confederate families. Col. Bennet Young, who had escaped from Camp Chase, gave an eloquent and patriotic address, in which he highly praised Columbus for their fine act. The next year it was more elaborate than the preceding years. It was estimated that 1500 people were there.

From being a neglected, almost unknown spot, the little Confederate cemetery at Camp Chase has now that hallowed interest for visitors which always belongs to a place where the dead are buried. During the course of the year many people walk down its grassy aisles, remembering the bitterness and strife of times gone by and rejoicing to the surrounding evidences of love and reconciliation.

The names of these soldiers are written in a book which is known as the "Great Book" which is placed at the altar.

The Blue Star Mothers Club of Columbus was formed in 1943 by the mothers whose sons were or are in the service of their country in the second world war and also during the present Korean conflict.

Miss Gillivan Wore Lace, Tulle For Wedding To Mr. Hillebrandt

Mrs. John Herbert Hillebrandt

A double ring ceremony, Saturday morning, May 24, at 9 a. m. in St. Mary Magdalene's Church, united Miss Mary Ann Gillivan, daughter of Mr. and Mrs. Harold B. Gillivan, 77 S. Brinker-av, and Mr. John Herbert Hillebrandt of Georgesville. The Reverend Raymond Bauschard performed the ceremony before an altar decorated with white gladioli and two seven-branched candelabra.

The bride was escorted down the aisle by her father. Her wedding gown was of white imported silk chantilly lace and nylon tulle over satin. The bodice was designed with off-the-shoulder effect yoke of nylon tulle which draped softly into the fitted waistline. The long sleeves were edged with a soft ruffle of tulle. The same lace fashioned a brief overskirt in front and swept into a wide panel at back forming a short sweep. The extremely full nylon tulle skirt fell over skirts of net and satin. Her full length veil of English illusion was held by a lace bonnet trimmed with orange blossoms and pearls.

A special surprise for the bride was the shipment of orchids received from her godfather, Robert Scully of Miami, Fla., a former Hilltopper, and orchid grower. From these were fashioned the bride's corsage of four white cattleyas orchids from which fell a shower of white baby orchids. The flowers for the bride's attendants and the corsages of the mothers were included. Pink baby orchids were sent for boutonnieres for the best man and ushers, and a white baby orchid for the bridegroom's boutonnier.

The attendants' gowns were designed alike of chantilly lace and net. They were fashioned with formal bodices and little shoulder jackets of lace. Full bouffant skirts were of double net over taffeta. The maid of honor wore mint green and the bridesmaids' gowns were orchid. They carried purple-throated cattleyas orchids and pompoms.

Miss Claire Jane Gillivan was her sister's maid of honor. The bridesmaids were her sister-in-law, Mrs. John H. Gillivan of Huntington, W. Va., and Miss Joan Hillebrandt, the bridegroom's sister.

Lee Balmert served as best man, and the wedding guests were seated by the groom's twin brothers, Gary and Donald Hillebrandt, John Gillivan of Huntington, W. Va., the bride's brother, and James Van Horn, cousin of the bride.

Immediately after the ceremony, there was a breakfast at Schmeltzer's Restaurant for the immediate family, followed by a reception at the home of the bride's parents.

Mrs. Gillivan received her guests in a navy blue lace gown with which she wore matching accessories. Both mothers wore corsages of lavendar orchids.

About The Hilltop

Tomorrow is Memorial Day. Let's all pause and say a prayer in memory of our war dead . . . It is also a three-day week-end holiday, and wherever your travels take you, be careful . . . Saturday night a week ago, Cliff Dum, 143 Algonquin-av, secretary of the BLYC played an important part in the rescue of Charles B. Wilson, photographer from the waters of Buckeye Lake. Being a member of the Red Cross, Cliff spends a lot of time each summer, teaching water safety. He says, "Never go out in a boat without a Mae-West jacket or a life preserver cushion with you.

Guess who is being missed at the Record. Our pretty blue-eyed Society Editor Judy Masters. She and her husband, Bill, are on a vacation tour in the West . . . It won't be long till the Doc Leamans will be moving into their new home and office on W. Broad-st. . . . Come June 6, Mary Smith, wife of Don the lawyer, will motor out to California. While she is there she will attend UCLA as a special student during the summer quarter.

When Mary Ann Gilligan was wed Saturday to John Hillebrandt, the beautiful orchids she wore were sent to her via plane from her cousin, Bob Scully, former Hilltopper who is now a prominent orchid grower in Miami, Fla. . . . This is the time of year for bowling banquets. The William Schmelzers entertained the blind bowlers from Gettrost's at their home, 651 Nashoba-av, with a party on a recent Sunday night. There were 25, and they tell me their average is 168.

Dr. and Mrs. Chester A. Hanson are expecting a visit from the stork. She is the former Elaine Planck and her husband, a major in the army, is now stationed in Korea . . . On their way home from the Far East are Charles W. Beach, 2002 Fairmont-av, Sgt. Bruno Masden, 167 N. Eureka-av, and Cpl. Richard Alston, 184 N. Oakley-av.

After doing two hitches as a captain in the army, Dr. Charles E. Johnston is now located at 1251 W. Broad-st. . . . It was open house at the home of Mrs. Cora Sheron, 105 N. Westmoor-av. Guests of honor were Mr. and Mrs. Leo Gemeinhardt. The wife is the former Mary Jane Sheron. Newly-elected president of the Hilltop Lions Auxiliary is Mrs. Horton Ryan, 580 E. Eureka-av . . . Our new assistant manager at the Ohio National Bank is William N. Dearth . . . This week the Columbus Milk Council announced the appointment of Barbara Collins, 190 Binns-blvd, as the new assistant director to the Milk Council. A student in the college of home economics at OSU, she will graduate in June . . . John Clay, 74 S. Ogden-av, OSU, student in the college of business administration and commerce, was elected to Sigma Beta Gamma, scholastic fraternity. He will graduate in June . . . Don't forget the strawberry festival and auction sale at Bill Kunz's home, Sunday, June 1, 2511 Kunzrd, Galloway. Proceeds will go to the Cancer Clinic.

Katherine Bruney Presides Over Smith-Barrett Post Auxiliary

"We shall never climb to Heaven by making it our motto to save ourselves."

— Frances Willard

Helping others, especially children, is the principal interest of the Women's Auxiliary of the Smith-Barratt Post No. 249, American Legion. Under the presidency of Mrs. Katherine L. During the past year they also sponsored a girl at Girls' State, presented a flag to the Boy Scout Troop at Whitehall Methodist Church, and gave a Christmas party for 25 children at Nightingale Cottage.

The money to finance these projects, and many other charitable works of the group, is obtained at the annual "Poppy Sale" held in conjunction with the VFW Auxiliary. The sale this year was held last Friday and Saturday, May 23 and 24.

Mrs. Bruney has been a member of the auxiliary since 1946. In the past she has served as sergeant-at-arms, as historian, and as secretary. Her term as president ends in June.

A native of Olean, N. Y., she came to Columbus in 1941. Her husband, George, is employed at North American. They have one son, Larry, aged 9, and are members of the Indianola Methodist Church.

Bible Comment:

Israel's Downfall Should Be Lesson For Democracies

THE Northern and Southern kingdoms of Israel had fallen to conquerors, but the latter was to return from exile in Babylon to rebuild Jerusalem.

The lessons to be learned from this ancient history are particularly appropriate for the United States and Canada. Whatever isolation the two countries may have had, or might still desire, has been irrevocably lost. Much depends on the spirit and practical judgment with which we meet this new situation.

Two things to remember about Israel's situation are that the prophets were more important than the kings and that Israel, too, had lost any isolation it might have had.

A small tribal group, in the era before rulers and empires had set out for world conquest, had now become a kingdom situated between great contending powers. It was always, therefore, in physical danger and in the additional danger of allying itself with one against the other, and of the consequences of making the wrong choice.

The ambition of kings, whose betrayal of their people into idolatry and other evils showed moral weakness and unfitness to govern, made this danger all the greater.

It was under these circumstances that the prophets urged against entangling alliances and appealed for a high integrity in Israel itself. The prophets could not alter Israel's physical situation any more than we can alter our "one world" situation today.

It is quite possible that even a highly moral and spiritual integrity could not have saved Israel. But what a different fate it would have been from going down in weakness and sin!

What is more to the point, the only real hope of Israel's safety and contributions to the nations lay in the preservation of her integrity. Internal honor and honesty, avoidance of intrigues and entanglements, and wise diplomacy would have been her proper course. Isn't that the course our countries should follow today?

ALL THE *King's Horses*

"Humpty Dumpty sat on a wall,
Humpty Dumpty had a great fall;
All the king's horses, and all the king's men
Couldn't put Humpty Dumpty together again."

Poor old Humpty Dumpty! Of course, he exists only in a nursery rhyme.

But don't be too sure . . .

Look back over the hundreds of people you've met and liked. People who always appeared to be in perfect command of themselves.

And suddenly, in the lives of some, something snapped. Without any apparent reason, they went to pieces.

Yes—the dizzy pace of modern living is creating a lot of "Humpty Dumpties" that appear to be lost souls. Maybe you've tried to help these friends out of the depths of their despair—but with little success.

One word of good advice. *Try the church!*

Nothing heals, nothing mends as completely as a belief in the love of God. Nothing can bring back the sense of "belonging" as vividly as a friendly congregation with whom weekly worship is possible. Nothing gives a man a renewed grip on himself as well as a renewed conviction in the true immortality of the soul.

Heal me, O Lord, and I shall be healed: save me, and I shall be saved: for thou art my praise.
Jer. 17-14

These "humpty dumpties" don't belong at the foot of a wall.

They belong in church, which represents the Great Healer of all wounds and all despairs.

West's Latin Club Observes Roman Banquet Customs

By Carol Echols

On Wednesday evening, May 21, the Latin Club of West High School held its second annual Roman banquet at the Glenwood Methodist Church.

The sophomore boys acted as slaves while the upper classmen enjoyed their dinners in true Roman style.

At the beginning of the meal the slaves entered in bare feet and dressed in togas. They saluted George Brown, who played the part of Aeneas, and Ruth Garn, who played the part of Dido; then they served a meal consisting of creamed chicken, green beans, a lettuce salad and baked apples.

After the dinner, Aeneas told Dido of his adventures. The entertainment consisted of several musical numbers and a skit put on by several members of the Cicero class. Dido ordered a slave to bring her sandals, and then closed the banquet.

Honored guests included Irvin F. Young, West's principal; Blanche Kern vice - principal; Margaret Campbell and Edith McKelvey, Latin teachers.

New Elementary Schools Cause Boundary Changes

September, 1952 will be the opening date of two new elementary schools on the Hilltop.

Modern in all respects, both West Mound and Westgate School will be completed after nearly one year of effort. On July 31, 1951, the contract was awarded to the Ang Construction Company. West Mound was originally scheduled to be finished by June 15, but has been delayed until July 15. The Westgate school will be completed during July or early August.

These ultra-modern buildings, erected at an approximate cost of $300,000 each, will have twelve rooms, fluorescent lighting, sound proof walls, and glass block in the upper half of the windows to let in more light. Built along the same plan, the main difference between the schools will be the main entrances.

These schools will be among the few in the state to be entirely on one floor.

The district of the W. Mound Street School is bounded on the south by the city limits, on the west by Highland-av, on the north by the middle of Sullivant-av to Townsend-av. It then goes south along the center of Townsend-av, east along the center of Thomas to Helen-st, south along Helen-st to Safford-av, east along the center of Safford to Reed-st, south along the center of Reed-st to the city limits.

Besides this, approximately 80 sixth grade pupils will go to the new W. Mound Street School from Bellows Avenue School. They were formerly transported from Bellows Avenue School to Dana Avenue School by school bus, but next year will be furnished city bus tickets for the ride to the new W. Mound Street School.

The Westgate School district is bounded on the south and west by the city limits and on the north by the middle of W. Broad-st. The east boundary from W. Broad-st south is, middle of Roys-av to Postle-av, east along Postle-av to Chase-av, south on both sides of Chase-av to Confederate Cemetery, west of an imaginary extension of Roys-av to the city limits.

Pupils living in the territory north of the middle of Olive-st and those living south of Sullivant on Binns-blvds and Roys-av are giving the option to continue at W. Broad Street or John Burroughs Schools as long as there is classroom space to accommodate them.

Westinghouse Plant To Be Largest In City

By Shirley Dunham

Columbus' new Westinghouse plant under construction on W. Broad-st is expected to be one of the largest industrial plants ever to be built in the city, and will cover a total of 45 acres. The office will be in the front of the building and the factory in the rear.

Although manufacturing refrigerators and other consumer products, the plant will be used during the National emergency to build jet engine parts. They expect to begin the building of jet engines by 1953.

Two large parking lots will be established, each having enough room for 750 cars. A large cafeteria will be built providing room for approximately 700 to 800 people. An auditorium to be used for public purposes as well as the factory use is being built, with a capacity of 800 people.

Westinghouse plans to work with universities to aid college graduates and a well organized recreational program is being planned for the benefit of the employees.

The organization will be headed by E. W. Smith as Works Manager, with Harry Dalley as Manager of the Industrial Relations Department.

A cave-in of a seven-foot trench at the new Westinghouse construction site West of here, resulted in the serious injury Sunday of Kenneth Clayton, an employee of the Fishel Co., 1170 Kinnear-rd.

The new plant is under construction beside W. Broad-st at Phillipi-rd. The New Rome emergency squad took Clayton to Mt. Carmel Hospital where his injuries were listed as a fracture of his left collar bone and possible fracture of ribs and back.

Sheriff's deputies said the man who resides at the Parkview Hotel was caught when the sides of the trench, dug for a footer, fell in on him.

Today Signals The Close Of Another School Term — Kids Happy

Today this scene will be repeated many times throughout the city as classes are dismissed for the summer vacation months. As these youngsters scampered down the steps of West Broad Elementary School an old and nearly forgotten chant was heard. It was, "No More Pencils. No More Books. No More Teachers' Nasty Looks."

McKinley Dumps Are Hit By Two More Law Suits

A hearing is scheduled at 9:30 a. m. Friday in Franklin County Common Pleas Court as a result of a second set of lawsuits filed this week against the use of two major dumps on McKinley-av. The newest court actions were brought by the prosecuting attorney.

Two weeks ago, suits brought about by the Franklin County Board of Health against Edward Henry 2238 Harper-rd, and August M. Scheiderer, 87 Hoffman-av, were heard and taken under advisement of the court.

The cases filed by both the Board of Health and the Prosecutor of Franklin County charge Henry with the operation of a dump beginning at 1874 McKinley-av and bounded on the south by the Big Four Railroad, on the north by the Scioto River and extending westward to the McKinley-av under-pass.

Wilson-rd Widening Is Started

Widening and resurfacing of Wilson-rd from W. Broad-st to Trabue-rd is underway, County Engineer Guy Elbin said today.

The $190,700 project is designed to aid the flow of traffic from the west to the northern sections of Columbus, by-passing more crowded routes to the east.

The Complete General Construction Co. of Columbus won the job in competitive bidding Apr. 22. Its $190,700 bid was $3900 under the engineering estimate.

The Wilson-rd improvement includes widening the roadway from its present 16 feet to 24 feet and resurfacing with a heavy asphaltic concrete course over an eight-inch base.

Drainage will be taken care of with 22,000 feet of concrete pipe, seven concrete culverts that will be widened eight feet, and seeded berm. Concrete curbs and gutters will be placed at the intersections of Broad-st and Trabue-rd.

Wilson-rd blends into the overall improvement of Franklin County's roads.

Father And Son Win High School Diplomas Just 24 Hours Apart

Thomas Cox, left, and his father, Stephen W. Cox, fondly clasp their high school diplomas which both received just this week. The elder Cox is 46 years of age and the son, Thomas, 17. (J. Curtis Allen photo).

Monday evening was an important one in the Stephen W. Cox family as Mr. Cox, 46, was graduated from Evening High School. Tuesday night was also important because Thomas Cox graduated from West High School, just 24 hours after his father had graduated.

But there is more to the story of the Cox family than just this odd coincidence of father-son graduation. Three years ago another member of the family graduated from Evening High. Mrs. (Grace) Cox was the valedictorian of that class. At that time Tom was just graduating from the junior high. She has

Eighteen Chosen Tops By Seniors

The senior class of West High School recently chose 18 classmates as class superlatives in a general election.

Della Anthony, secretary of the class, and George Brown, president, were elected as "Most Likely to Succeed." Marguerite Thomas and John Whalen were voted "Most Intelligent." Sally Billingsley and Eddie Gleiba were chosen "Most Popular."

"Best Personality" winners are Olympia Pappas and Jim Hallesteine. Carole Robinson and Bill Rayburn were elected "Most Talented." Marilyn Davis and John Cheaber were selected "Most Fun to be With." Shirley Dunham and Ted Johnson were voted "Best Athletes."

Burch, Dishong, Cristee French, Spanish Winners

West High has captured first place honors this year in the annual Scholarship Test, at least in the French department. Gene Burch, 12B, placed first in the district in second year French, and Bernard Dishong, 11A, placed first in first year French. When the state winners were announced, West was even prouder to find that, dispite the tough competition, Bernard had captured second place in the state, and that Gene had placed sixth.

Both boys had worked hard for the test, studying for weeks after school with their French teacher, Miss Leona Glenn.

Miss Glenn hopes that next year Bernard will be able to move up to first place in the State. Gene will, of course, have graduated by then and will be ineligible.

In the Spanish department, the highest honors were won by Carole Cristee, 11A, in first year Spanish.

In Passing

By ESTHER WEAKLEY

Critics everywhere are highly acclaiming Ernest A. Cady's new book "We Adopted Three." Am looking forward eagerly to my copy and know I shall not be disappointed in the book. Mr. Cady is Editorialist and Poetry Editor of The Columbus Dispatch, and at one time was a Hilltopper.

From Voice of the Spastic: A Los Angeles girl married the motorcycle cop who arrested her for speeding. This shows to what lengths a woman will go to get even with a man.

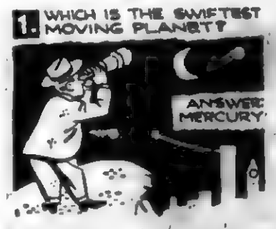
Here are four lines for you to paste on the bulletin board, under the glass top of your desk, in your hat, or wherever you keep things you like to read now and then: (Have forgotten the author's name)

Life is mostly froth and bubble;
Two things stand like stone;
Kindness in another's trouble,
Courage in your own.

It takes all kinds—She calls before each election, and at no other time. We thought it was about time for her call; sure enough, just before the primary election she phoned. It is her nickel so she does the talking. She is very "old-neighborish," and sprinkles her gushing profusely with "I think of you SO often" and "We MUST get together real soon." "How have you been," ad nauseam. After her greeting has subsided she attacks the business at hand, first explaining in great detail just what is wrong with each government official. Then I brace myself for I know it's coming—she tells me for whom my family and I simply MUST vote, otherwise the country will stay in its present mess. After she has given her annual voting instructions, she always concludes by saying "Of course I don't vote, myself, but if I did, I'd certainly vote for Whosis!"

• • •



Other phone calls recently which were really welcome, were from Mrs. Hope Gibson of N. Ogden-av and Mrs. Floyd Hill of N. Brinker-av. It is always good to hear from genuine friends like these two. Mrs. Hill is now one of The Columbus Tuberculosis Society's most efficient workers—this for a mutual acquaintance who asked the other day.

Excerpts from mail—From Mrs. Jack Sherry of Indianapolis: "At the age of seven I presented my first poem, of length, to James Whitcomb Riley. We lived directly back of Mr. Riley's Lockerbie-st home. It was during his last year of life that we became acquainted, or should I say friends, as he was a friend to every child he ever knew. He was very kind about the poem" . . . From Dale Engle, television actor who lives in Greenwich Village, now vacationing with his mother in Logan: "It is great being back again in the greenery and relative peace of the southern Ohio hills, after the chaotic hustle-bustle of New York's concrete canyons" . . . From my sister, resident of Seattle: "We drove to Vancouver, B. C. the other day. We were surprised at the size of the town, about 350,000. We drove through Stanley Park, 1000 acres right in the heart of the town. They have everything there, not as nice a zoo as Columbus has, but everything else you can think of. When you come out, we'll go up again."

FIREWORKS ARE ILLEGAL

Harry J. Callan, Ohio State Fire Marshal, today announced that fireworks are prohibited by Ohio law and that his office would do all in its power to prevent the sale or use of these dangerous articles.

"Now is the time of year when many out of state fireworks concerns are taking advance orders for fireworks in Ohio and many citizens are placing orders for fireworks in anticipation of selling them in the few days prior to July 4th."

"The only fireworks which are legal in Ohio are those which are shot in connection with public exhibitions, which have been approved by the fire chief or sheriff," Callan said, "and it is against the law for any individual to buy, sell, possess for sale at retail or shoot any fireworks in Ohio."

"It is my hope," Callan stated, "that all parents will exercise close supervision over their children and see that they do not purchase fireworks from ads in comic books or cheap pulp magazines or shoot fireworks at any time."

"Twenty-five percent of all patients in state supported institutions for the blind are there because of fireworks, and I am sure that no parent, anywhere, would knowingly allow this fate to happen to his child," Callan concluded.

Lady: "You don't smoke cigarettes, do you little boy?"

Boyo: "No, ma'am, but I can let you have a chew of tobacco."

In St. Louis, embarrassed workmen were ordered to take out parking meters they'd installed in a safety zone, which forbids parking under penalty. A "fine" thing.

An Oklahoma Junior High school student received a four-year perfect attendance certificate and an hour later was sent home with measles. Perfect argument for daylight saving time.

Ticklers

By George

"Say old man; do you have hospitalization?"

After watching a drunk try without success to unlock the door to his house, a policeman asked if he could handle the key for him.

"No, thanks," the drunken man replied, "I can hold the key—you just hold the house.

A city fellow asked a farmer, "How far is it to Wheeling?"

"Well," calculated the old man, "It's about 27,449 miles the way you're headin'; 'bout four if you turn around."—J.S., Pittsburgh, Pa.

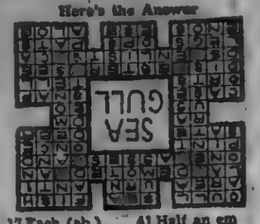
Scrawny Stella hung her clothes on the hickory limb, and they looked better there.

Then there was the groom who finished his bride's first breakfast, muttering, "Can't cook either."—H. C., Sapperville, Ala.

"So you saw Marian today?"

"Yes; I hadn't seen her for ten years."

"Has she kept her girlish figure?"



"Kept it. She's doubled it!"

Parked Bikes Indicate That It's Vacation Time . .

One of the surest indications of vacation time is the presence of the many bicycles in front of the Hilltop Branch of the YMCA as evidenced in the above photo. The long line of bikes parked on W. Broad-st also is indicative of the drawing power of the local YMCA to local youths. It serves also to direct attention to the fact that larger quarters for the Hilltop YMCA and its many activities are sorely needed.

Harness Racing Season Opened At Hilliards Raceway Tuesday

Harness racing in central Ohio opened its 1952 season at Hilliards Raceway for 41 nights, June 3 through July 19. Over 500 horses will race during the meet for a total of $156,000 in purse money.

Twenty stake events and four colt races, sponsored by the Home Talent Stakes and Ohio Colt Racing Association make up the program. In addition, a $1000 feature race nightly will be held.

Racing officials for the meet include: Fred Child, Minnesota, presiding judge; Charles Cookston, Dayton, clerk of course; Jim Moody, Mechanicsburg, race secretary; Robert Reece, Hilliards, patrol judge; David Friedman, Youngstown, paddock judge; Pug Hood, George Williams, and Mack Pemberton, Columbus, timers; and W. E. "Briggs" Mercer, Plain City, starter.

Among the outstanding horses who will put in an appearance at the current Hilliards meet is last year's leading dash-winning mare in the country, Nancy Grimm; the nation's second dash winner in the pacing division, Choice Jester; the classy three-year-old trotter, Miriam, a winner on many tracks throughout Ohio last year; the two-minute horse, Widower Cyrus; and the Little Brown Jug eligible, Nodaway.

Charles D. Hill, president and general manager of the Columbus Trotting Association, predicts that this season will be the greatest in the history of the track. Betting facilities have been augmented, seating capacity has been enlargened and parking accomodations expanded. Post time nightly is 8:15.

As an added attraction all boys from 8 to 18, who attended the clinic, will be admitted free to the Redbird's afternoon game with Minneapolis.

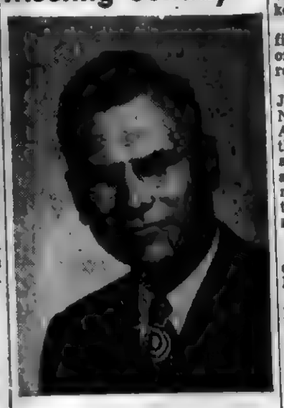
West Church Softball League Opened Monday

After three weeks of postponements due to wet grounds, the West Church softball league finally opened its season last Monday evening at Westgate Park with a full set of four contests having been played.

All games were one sided affairs with West Park, Glenwood, Avondale EUB and Community Christian emerging the victors.

West Park coasted to an easy 15-1 win over Burgess EUB. Dick Smith led the Methodists with four hits including a home run as Frank Grove tossed a one-hitter which came after two men had been retired in the final frame. He also collected three safeties.

Glenwood behind the three hit tossing of Allen who also acquired two hits easily defeated Hillcrest Baptist by a score of 13-3. Beard homered for the losers.



Avondale EUB outscored Hoge Memorial by a score of 11-1. Chuck Larkin tossed a four hitter and weighed in with a home run, as did Sexton for the winners.

Community Christian displayed surprising power by overwhelming Hilltonia EUB by a 30-4 score. McFarland with three safeties and Barnhardt who lashed out two home runs one with the sacks clogged lead the winners attack.

There will be another full set of games again next Monday evening beginning at 6:15 at Westgate, but a schedule is not available at the present time.

Our own idea is that the world has too much printing and too little reading.

SPORT SLANTS

Now that the 1952 city league baseball season has come to a conclusion, here is the official Hilltop Record all city league selections.

The team was selected not only for good hitting and fielding, but for alertness and smart play. The mound trio selected also left little to be desired.

Catcher—Joe Morian of Central. Probably the Pirates most valuable cog in their drive to the Co-championship and easily the finest back stopper in the local league in many seasons.

Pitchers— George Treniff South, Frank Wiseman—Central and Bob Thornton —West. The former two pitched brilliantly in every contest in leading their teammates to a Co-championship while Thornton, the Cowboy ace, suffered four defeats, most of which were due to lack of hitting on the part of his teammates. His earned run average for eight outings was 2.0 per contest.

First Base— Jim Hartley, North. A fine fielder and consistant hitter

Second Base— John Frank — South — whose alert play and timely hitting was invaluable in his team's success.

Short Stop— Dick Burkley— Aquinas. The hardest hitting infielder in the league. Also a very heady player.

Third Base— Charles Robeson— South. A real power hitter and an ace defensive performer. He also saw mound duty and pitched the Buldogs to several key victories.

Utility infielders— Jim Vincent, West. A brilliant fielder and the key man in the Cowboy infield. Harold Ward — North — Fine fielder, but not the power hitter of the other infielders selected at regular positions.

Outfielders— Don Wertz, South; Jim Kimball, West; Ed Brandt, North and Magnus Lewis, East. All are fleet of foot, with strong throwing arms, sure fly catchers and long ball hitters. Kimball and Lewis both saw considerable mound service for their respective teams and turned in good performances.

Three West Jr. players were recently honored on the coaches all league selctions. They were Bill (no hit) Spratley, Pitcher; Jim Pruden, infielder; and Gary Nebinger, outfielder. The former two were also named on the all league basketball team last season, but all three are fine prospects for future Cowboy teams.

Five Legion Teams Selected For West Side

Camp Chase Post No. 98, and Beasley-Grove Fords are co-sponsors of five baseball teams this season.

The teams are, one Junior Knothole team, ages 11-12-13; two Intermediate Knothole teams, ages 14-15; one Senior Knothole team, ages 17-18-19, and one American Legion Junior baseball team, ages 14-15-16-17.

There are a few openings in the Intermediate Knothole class. Boys interested should contact a Camp Chase Post ball player.

Hilltop Library Lists Progress In 24 Years

By Marjorie Ingram

From the year 1928 to 1952 many things have progressed and so it is with the Hilltop Library founded in 1928.

Books and more books, volume afer volume is seen as one enters the Hilltop Branch of the Columbus Public Library, located on W. Broad-st at Binns-blvd.

The Hilltop Library was opened at 21 N. Hague-av in Oct. 1928, in rented quarters. Since that time more than one and one-half million books have been loaned. At the time of its opening, the library housed 1900 volumes and had 871 city residents as registered borrowers.

During the first month 3,184 loans of books were made.

Since its opening, in 1950, the new library boasts of a membership of 3,436 adults and 2,751 juvenils, making a total of 6,187.

The number of volumes loaned at the end of Mar. 1952 came to a total of 13,618 or 11,813 more than when the first library opened in 1928.

Hilltop Resident Takes Exception To Proposed Water Line Extension

Editor's Note: O. H. Craft, 2661 W. Broad-st, Hilltop real estate man this week made public a letter directed to Mayor James A. Rhodes, in which he takes exception to the proposed water main extensions which would service the area now being developed west of the city. The expressions and opinions expressed herein are those of Mr. Craft.

May 22rd, 1952

Mayor James A Rhodes,
Office of the Mayor,
City of Columbus, Ohio
Dear Mayor Rhodes:

I want to thank you for your letter of May 21st in answer to mine of May 18th and your willingness to debate the issue involved.

In my letter of May 18th I questioned the propriety and the order of procedure in extending water main from Demorest-rd west on Sullivant-av to Georgesville-rd, north on Georgesville-rd to Broad-st and east on Broad-st 900 feet to a point where the present water line now ends.

I certainly have no objection to a new territory being serviced with the necessary facilities for building new homes and it is my personal opinion that the territory southwest of the Georgesville-rd and Sullivant-av will some day become a fine residence community but if and when that time should come the present sewer line that ends at Georgesville-rd and Sullivant-av is not laid deep enough to service this southwest territory. For some strange reason not readily discernible to my lay mind, the engineering department of the city or the county raised the depth of the sewer line beginning at Demorest-rd west. The logic and probabilities of that doesn't click with me.

This morning I clocked the distance from Demorest-rd to Georgesville-rd and north to Broad-st concluding with the present water line and discovered it to be two and two-tenths miles. Then I clocked the distance from the present water line on W. Broad-st for a distance of two and two-tenths miles and it took me one-tenth of a mile beyond the village of Rome. You see I am by this comparison suggesting that at least for the immediate future the number of people to be reached and the good to be accomplished is so very much greater by extending the present line out West Broad Street than by the way that is now being proposed.

To me the facts have been evident for years to justify both a water line and a sanitary sewer line on West Broad Street. I don't know why this wasn't done or why the regular constituted authorities of either city or county or a combination of both don't continue to bring it about over the objections of any selfish, interests that may have been in the pathway. We rather chose a policy of living off our own fat so to speak without the courage and determination to look forward. I have been a lone voice in the wilderness crying out for this very thing for years so in time we caught up with ourselves and ran out of facilities and planning, planning, even though it has been forced upon us by outsiders.

Again thanking you for listening and wishing you every success in your efforts to attain higher goals in your place of public service, I remain,

Yours very truly,
O. H. CRAFT

When this happy groom said, "I do", he really meant it. He looked beyond the orange blossoms and rice down the uncertain years. He resolved to provide for his bride as far as was humanly possible. That was why he saw his Sun Life of Canada representative before the ceremony and arranged a program of insurance that fully protects the girl he has sworn to cherish.

Optometrists Attend Conference

Dr. Fred Marsch and Dr. C. O. Miller attended the 1963 Annual Educational Conference, sponsored jointly by the Ohio State University School of Optometry and the Ohio State Optometric Association, held Sunday and Monday, May 26 and 26, at the Deshler-Wallick Hotel and in the Commerce Building on the OSU campus.

Dr. Marsch holds the office of zone governor in the local optometric association zone.

Hillcrest Baptist To Open Bible School

A two-weeks Vacation [illegible] School is announced by the Hillcrest Baptist Church, to begin next Monday morning, June 9. A three-hour session each forenoon begins at 9:00 o'clock. The school, which is for children age three through 13, is tuition free, a voluntary offering to be received each day. The pastor, Rev. A. L. Roth, will be directing the school, supported by an experienced staff of church workers with children. The school is open to all children within the age range named, regardless of denominational affiliation.

Hoge Memorial To Entertain Guest Minister

Dr. Sam Higginbottom, former missionary to India and former moderator of General Assembly of the Presbyterian Church USA, will be guest minister at the Hoge Memorial Presbyterian Church, Sunday morning, June 9, at the 10:30 a. m. service.

Dr. Higginbottom is a graduate of the department of agriculture of Ohio State University and for more than thirty years served as head of the Allahabad Agricultural Institute, an accredited Christian college just outside the city of Allahabad in north India. While in Columbus, Dr. Higginbottom will be presented with an Honorary degree at Ohio State University.

Dr. Higginbottom, 78 years old, retired in 1946 and settled in Robson Park, Fla., where he established the Christian Service Training Center for missionaries-to-be.

Community Church Installs New Cross

A new light can be seen on N. Huron-av in the form of a new white porcelain neon cross recently installed on the Hilltop Community Church.

The cross which displays a white neon light was lighted last week for the first time and is three feet four inches in width and five feet six inches in height. This is just another step this Community Church has taken to direct the public to the house of God.

Commencement

TOMORROW, he closes the last page of a great chapter—his youth. Tomorrow's Commencement Day.

After tomorrow, he'll be "on his own."

He's ready . . .

Ready, because he lived in a good home. Ready, because he went to a good school. And ready, because he started to church early in his youth—*and kept going!*

Wise parents, watching him so proudly now, know full well the importance his early church training will be to him in the years of achievement that lie ahead. They will be years of decision when he must be able to distinguish right from wrong, God from godlessness. His parents and his school will not be there to help.

But his church has given him the judgment he will need. The strong foundation of good character given to him by his church training will keep his ideals true, his morals straight, his ambitions high.

Good luck, Mister. You're the product of a good home, a good school, a good church.

You're ready . . . for a good tomorrow.

Not that we are sufficient of ourselves . . . but our sufficiency is of God.—II Cor. 3:5

Bible Comment:

Purging of Inner Evils Will Brace Us for World Role

THE Kingdom of Judah was a small country set between the great empires of the ancient world. It was always in some danger from its powerful enemies and especially from their ambition for conquest and world domination. The life of the people and the policy of their rulers were affected by factors and powers outside their own borders over which they had little or no control.

It would seem that our great North American democracies have little in common with that small, ancient country so beset with danger from its powerful neighbors. But our domestic life and our policies and actions are in large measure determined by conditions elsewhere in the world.

Despite the peaceful attitude and achievement of the United States and Canada, we have, within this 20th century, been involved in wars that were not of our own making. Death, suffering and tragedy have come to our homes. We know that we are not, and cannot be, isolated.

What then should be our course? If we look closely we'll see that there is something to be learned on the subject from the lesson of Israel and the fall of the Kingdom of Judah.

Whatever safety there was for the kingdom lay in the preservation of her own integrity and moral strength and honest dealing with neighboring nations.

It was this that prophets, like Jeremiah, proclaimed as the only right course. But neither king nor people would listen. They turned their own life into corruption, and they engaged in crooked intrigues. Instead of listening to the prophet they cast him into a foul dungeon.

If we would heed the lesson of Israel, we would engage all our powers in the correction of evils and abuses in our internal life. Nothing would make us stronger and wiser for the inevitable part that we must play in world affairs.

Senior High Students Stage Production

Pictured above is a scene from the Child Theatre production, "Doll Shop," which during the past week was staged six times by students of West High School's 11th grade. The group is under the direction of Miss Evelyn Hall. (J. Curtis Allen photo)

"Busy as troupers" is an apt title for the 11th grade students of West High School who have been engaged in the Childrens Theatre production "Doll Shop." During this past week they staged the show three times at John Burroughs, twice at West Broad Elementary and once at Highland Avenue Elementary School.

Pictured above in one of the scenes from the production are Judy Beaver, Joyce Boyer, Shirley Burkhead, Joyce Fyffe, Ruth Garn, Carolyn Gordon, Gail Hixon, Lynne Hunt, Marilyn LaMotte, Jeanette Lyle, Phyllis McElwee, Pat Manus, Carol Meister, Margie Jo Morgan, Marilyn Penny, Delores Saint, Karl Cline, Dave Green, Dave Gurley, Gary Koontz, Dick Price and Bernard Dishong.

Students who worked on the show but who are not in the picture are Joe DiAmico, Roger Thompson, Phil Cartmille, Shirley Lewis and Pat Thompson.

Why Advertise?

Charley Maus drops us a line and the following clipping from Coronet Magazine:

When Mark Twain was editor of a western newspaper, a superstitious subscriber found a spider in his paper and wrote the editor to ask if that was a sign of good luck or bad luck.

With his usual needle-witted appreciation of the situation, the humorist answered in the following vein:

"Old Subscriber: Finding a spider in your paper was neither good nor bad luck for you. The spider was merely looking over our paper to see which merchant is NOT advertising, so that he can go to that store, spin his web across the door, and live a life of undisturbed peace ever afterward."

Council Proposes Plan For Vast Improvement

Columbus City Council in session Monday night revealed a set of resolutions calling for expenditure of $19,730,000 to bring about needed improvements such as elimination of railroad crossings, installation of storm sewers and construction of swimming pools in eight major parks in the city.

One of the resolutions called for the sum of $5,630,000 to eliminate nine grade crossings, two of which are located in the Hilltop area. The proposed eliminations would be at N. Hague-av where an underpass from Sutton-av to Valleyview-dr would be built at a cost of $400,000. The other at the W. Mound-st B&O railroad crossing also called for an underpass at a cost of $500,000.

In elimination of the grade crossings, the city would pay $4,720,000 while the balance would be paid by Franklin County, the railroads and other municipal governments.

Other proposals offered at the Monday night session would expend the sum of $1,500,000 for the construction of swimming pools at eight of the major city parks. The suggestion which was offered by Mayor James Rhodes calls for a pool at Westgate Park in the Hilltop area and at Sunshine and Southview Parks on the West Side.

In other moves which affect this territory Council voted $35,000 for grading, tree removals and sprinkling systems at the golf course on Wilson and Trabue-rds. They also authorized construction of storm sewers in the Columbian-Springmont area for $23,000.

In the resolutions offered, Council asked the Columbus Metropolitan Committee to review, make recommendations and suggest means for raising the money for the proposed projects.

Hilltop Branch Post Office To Get New Supt.

Announcement was made this week by Postmaster Allen Rowe of a change of Superintendents at the local branch post office where in John T. Young, 3196 Parkside-dr, superintendent since Feb. 1949 is to be promoted to Senior Assistant Superintendent at the Main Post Office on Marconi-blvd.

Succeeding Young as Superintendent of the Hilltop Branch will be J. Ray Anderson, 592 Wiltshire-rd, who since April has been acting superintendent of the Station G Branch Post Office located on Parsons-av on the South Side. Anderson, prior to the Station G assignment, was clerk-in-charge at the Hilltop Branch. His transfer back to the Hilltop as Superintendent also represents a promotion.

It was also announced that Earl Struble, 235 N. Wheatland-av will be the clerk-in-charge at the Hilltop Branch under Anderson.

Postal officials indicated that although the promotions and assignments were effective as of June 1, the actual changeover has not as yet been made until assignment of personnel to Station G to replace Anderson.

Closing of The McKinley-av Dumps May Precipitate A Bitter Controversy Between The City And County

Pictured above is a typical scene familiar to residents of this area at one of the dumps on McKinley-av closed by court edict this week.

County Threatens To Stop Dump Now Operated By The City Govt.

There was smoke in the air this week over the Hilltop and West Side areas as the McKinley-av dump situation flared into a controversy that promises fireworks, along with the smoke [illegible].

While two privately operated dumps in the McKinley-av area were ordered closed by Common Pleas Court action last week, the city operated dump also on McKinley-av continued in the words of Jurist Cecil J. Randall to operate "in all its flaming glory." Judge Randall, speaking as a private citizen stepped from the bench and denounced the city operated dump as the worst offender of the three.

As an aftermath of the closing of private dumps and statements of County Sanitary Inspector Howard Reynolds and Assistant County Prosecutor Howard Wehr that suit would be filed this week against the city charging the dump as a public nuisance and detrimental to the health of the community, city officials immediately raised a storm of protest.

H. McCauley, deputy director of public service, explained, "What would we do with the tons of rubbish? Abandonment of the McKinley-av dump would cost the city thousands of dollars for an entirely new method of disposal and create a tremendous refuse problem."

McCauley pointed out in substantiating his statement on costs that, "The city if it were forced to acquire land in the near vicinity for a landfill dump would have to pay prohibitive costs for such and in addition to that, the equipment for such a program is also very costly. On the other hand if cheaper land is obtained at any great distances from the city our haulage costs would also be increased to the point that we would have to curtail the current collection system or add more crews and equipment."

He said that the crews operating the city dump were at this time burning brush and other burnables, and pointed out that nothing was being burned which would bring about obnoxious odors or extensive smoke. He also pointed to a landfill program adopted at the dump which has helped to eliminate traffic hazards existing along Fisher road as a result of deep excavations.

McCauley said, "We'd like to be given a chance to clean it up."

On the other hand, Harry C. Ballman, chief of the City Smoke Abatement Division, said that the city has been warned repeatedly of the smoke arising from the dump.

The city's dump became the hot issue in and around the court house and city hall this past week following the court orders which closed the private dumps operated by Edward Henry, 2288 Harper-rd and August M. Scheiderer, 87 Hoffman-av. It was following the issuance of the restraining orders that Judge Randall stepped from the bench and spoke as a private citizen pointing out that in all fairness something should be done about the city operated dump.

Informed of the forthcoming court action by the County Prosecutor, McCauley said, "If the county takes such action against the city, our only alternative is to file a counter suit and you can rest assured that we will certainly do that in order to get time to work out some method of caring for this refuse situation."

Amateur Radio Operators Stage Raid Alert At Hilliards Fairgrounds In Defense Drill

By Thomas Workman

Tuesday, May 27, the civil defenses of Franklin County posted an alert. Although nothing actually happened, operations were completed smoothly. The emergency was staged at Hilliards. An ammunition train was supposed to be blown up.

When the alert was sounded a portable fixed station was dispatched to the scene. When it was set up and in working order at the Hilliards fairgrounds it took over the operations previously run by headquarters in Columbus. Positions of mobile units were plotted on a map and sent to various parts of Hilliards. Reports from these mobiles were transmitted to the portable station. The reports included the extent of damage and what supplies were needed.

A fixed station is in a home, a mobile unit is in a car and a portable fixed station is a fixed station on wheels. All equipment is privately owned. Some is home made and some is bought. There are no two sets alike. This equipment is much like that used in police cruisers. The portable fixed station uses a gasoline generator to provide the amount of electricity needed by the radio set. Mobiles have an apparatus in the car to raise the volts of electricity put out by the battery.

While working in the net, which extends over Franklin County, mobiles do not use call letters. They use "Charlie" followed by the number assigned to the car. When not operating in the net call letters are used exclusively.

A mobile unit, fixed station, and portable fixed station require different licenses. There are several licenses which allow the owner to have the use of one channel or more. The FCC has many rules and regulations which the "ham" or amateur radio operators must follow.

At the headquarters located in Columbus there is a room equipped with transmitter, receiver, etc. The plotting map is also located here. Thumb tacks with "Charlie" numbers on them are moved according to the position of the cars which report in to "Charlie 1" headquarters).

John Brant is the president of this organization. V. E. Seeds is mobile fleet captain with Les Ferree as assistant.

Many personal advantages are offered to the operator. In case of an accident he may call another cruiser to come to his rescue. These "ham operators" get much pleasure out of contacting another man in a different car. These cars have been known to communicate from Alabama to Ohio.

This organization is more or less like a club or a lodge. There are meetings and outings throughout the year.

THE FLAG

I am "the Grail that gleams"—
men follow me
To distant lands across a troubled
sea.
They look at me through boyish,
homesick eyes;
I'm not a flag, for them I symbolize
A little town with one street wandering through;
Fie'ds of corn; low hills, and things
they knew
Before their world became insanity.
I am "the Grail that gleams"—
men follow me.

Once a week I have a most enjoyable conversation with my newsboy. He keeps me informed about ball games, Capt. Video's latest adventure, school (since it is out now, it's not such a painful subject) and his dog that just had four pups. Once he told me that his teacher is real pretty when she smiles but she only smiles when the kids are all good and that isn't very often.

One of my critics tells me I've mentioned a lot of things I don't like but never the things I do like—and don't I like anything? I didn't know she cared. There are so many things to like that it's difficult to know where to begin listing, but there are children, dogs, music, practically anything to read, winding roads, mountains, the fresh smell of peonies and freshly cut grass, Ike's smile, and to be safe, Kefauver's and Taft's smiles and anybody's smile, sunsets, etc. Oh yes, and I like critics, and like's closing sentence of his speech from his home town: "I believe in the future of the United States of America."

I don't consider myself a good farmer but those May showers have helped, and 'God giveth the increase'" From a friend who is a longtime TV addict—"I enjoy television, but why do so many announcers and others on TV and radio insist upon calling children 'kiddies'? If I were a youngster I'd shoot with my air-space gun or whatever kids use now, anyone who called me a kiddie" . . . Memo to myself—"Don't forget to hang out the flag on Flag Day"

Let's Talk Things Over

When young people get married, these days, one of their biggest problems is to balance the budget. There are so many things they'd like to have — perhaps a radio, a new automobile, a home of their own. Or simpler things like furnishings for the den or the spare room, new drapes, or even going to the movies. Yes, there are all kinds of ways to spend money, and all kinds of nice things to buy.

But let me tell the young husband something. He's going to be a whole lot happier if he knows he's taken care of the little lady should anything happen to him. Don't forget, sometimes young husbands die. And I'm not being morbid. It's just plain common sense.

So, young fellow, just you look into your budgeting right now, and put some of your savings into a Sun Life insurance plan that'll take care of the little lady you'd do anything for. She's worth it.

Whatever your income, I think I can tell you how you can go about it.

Let's talk things over—today!

Flag Day Is June 14

The other day we chanced to observe a letter written by an ex-Marine who was voicing his objections to the use of an United Nations flag in the Korean battle zone. His arguments were sound, in that he expressed the tho ghts of all true Americans that no flag should ever fly over American troops in the field other than that of "Old Glory" which was first flown from Fort Stanwix, on the site of the present city of Rome, N.Y., on Aug. 3, 1777, and was under fire three days later in the battle of Oriskany, Aug. 6, 1777.

This Saturday, June 14, is Flag Day which has been observed since Congress first authorized the flag on June 14, 1777. It is fitting that every one of us display the Flag on that day for the United States Flag is the third oldest of the national standards of the world; older than the Union Jack of Great Britain or the Tricolor of France.

The United States Flag is unique in the deep and noble significance of its message to the entire world—a message of national independence, of individual liberty, of idealism, of patriotism.

It symbolizes national independence and popular sovereignty. It is not the flag of a reigning family or royal house, but of a hundred million free people welded into a Nation, one and inseparable, united not only by community of interest, but by vital unity of sentiment and purpose; a Nation distinguished for the clear individual conception of its citizens alike of their duties and their privileges, their obligations and their rights.

It incarnates for all mankind the spirit of Liberty and the glorious ideal of human Freedom; not the freedom of unrestraint or the liberty of license, but an unique ideal of equal opportunity for life, liberty and the pursuit of happiness, safeguarded by the stern and lofty principles of duty, of righteousness and of justice, and attainable by obedience to self-imposed laws.

Flaming from the lofty pinnacle of American idealism, it is a beacon of enduring hope, like the famous Bartholdi Statue of Liberty Enlightening the World to the oppressed of all lands. It floats over a wondrous assemblage of people from every racial stock of the earth whose united hearts constitute an indivisible and invincible force for the defense and succor of the downtrodden.

It embodies the essence of patriotism. Its spirit is the spirit of the American people. Its history is the history of the American people. Emblazoned upon its folds in letters of living light are the names of fame and fame of our heroic dead, the Fathers of the Republic who devoted upon its altars their lives, their fortunes and their sacred honor. Twice told tales of national honor and glory cluster thickly about it. Ever victorious, it has emerged triumphant from great national conflicts. It bears witness to the immense expansion of our national boundaries, the development of our national resources, and the splendid structure of our civilization. It prophesies the triumph of popular government, of civic and religious liberty and of national righteousness throughout the world.

The Flag first rose over thirteen states along the Atlantic seaboard, with a population of some three million people. Today it flies over forty-eight states, extending across the continent, and over great islands of the two oceans; and one hundred thirty millions owe it allegiance. It has been brought to this proud position by love and sacrifice. Citizens have advanced it and heroes have died for it. It is the sign made visible of the strong spirit that has brought liberty and prosperity to the people of America. It is the Flag of all of us alike.

Let us accord it loyalty and honor, this Saturday, June 14.

Industrial Little League Baseball Makes Debut On The Hilltop On June 16

Front row, left to right, Robert Dean, Steven Stevens, Larry Williams, Roger Pritchard, Charley Thompson, James Housel, John Houck, Rodney Mates.
Back row, left to right, Paul Woodruff, Robert Weldon, Terry Pugh, Earl Thatcher, Manager A. F. Frosig, Mike Hickson, Ronald Melchan, and Victor Yeomans.

Monday, June 16, is the opening game of the Columbus Industrial Little League baseball season at the State Hospital diamond.

The league is made up of boys in the 9 to 12 age group, and there are four teams sponsored by Jeffrey Manufacturing, North American, Ternstedt Division, General Motors, and Timken Roller Bearing.

Two games will be played for nine consecutive Monday evenings starting at 6:30 p. m. and 7:30 p. m. Admission is free and a large attendance is expected as each team has quite a following of fans from their sponsoring company. Membership of teams is made up of boys whose parents are in the plants.

Monday night's opening ceremonies will be featured by a parade to the flagpole in center field, raising of the flag and recital of the Oath of Allegiance. West Junior High band will furnish the music. St. Mary Magdalene Cub Scouts will be flag bearers with members of the four teams following in the line of march to the flag pole.

Members of management will throw and receive the first ball as their teams take the field. Following the opening ceremonies which will begin at approximately 6:15 p. m., the first game will bring together Jeffrey and Timken. North American and Ternstedt GM will follow.

While only four teams comprise this first Little League, the idea is expected to catch on so that the membership may be doubled next season. Although all games will be played at the State Hospital grounds this season, it is hoped that other lighted fields will be made available in other parts of the city in the future. This will permit teams to play host on their own diamonds, something the league is planning on to stimulate interest in the continued development of Industrial Little League baseball in Columbus.

Three Are Tied For The Lead In Church League

The West Senior Church Softball League continued play this week at Westgate Park with Glenwood Methodist, Avondale EUB and Westgate EUB remaining undefeated and in a tie for first place, although the latter has played one less game.

In the feature contest of the evening Avondale EUB handed its arch rival, West Park Methodist, its first defeat by a score of 6-4.

The winners wrapped up the game in the second frame by counting four times on one hit and four Methodist miscues.

Chuck Larkin again pitched brilliantly for the winners allowing but five safeties while "Jake" Sexton homered to lead the attack. "Dick" Nader of the losers acquired two hits including a hom. run.

Glenwood Methodist continued to score at will as they trounced helpless Hilltonia EUB by a count of 19-0. Lehman led the Methodist assault with four safeties, while Allen and Dawson divided the winners' pitching honors, allowing but two hits.

Hillcrest Baptist broke into the win column at the expense of Burgess EUB by a score of 17-10. Compton led the Baptists' attack with four safeties. The lo ts garnered but two safe hits, with all their scores coming as a result of errors and bases on balls.

Westgate EUB handed Hilltop Community its first defeat by a score of 9-7.

Camp Chase-Beasley Grove Loses Season Opener, 11-7

Errors, and lack of experience turned victory into defeat for the Camp Chase Legion—Beasley Grove baseball team last Sunday against Franklin—Rudy Frick Fords at Linden Park.

Camp Chase jumped off to an early lead in the first inning as lead off man Bowman sent a sharp single to right, Brown walked, Magaw singled to right to score Bowman, Vincent tripled deep over the center fielders head to score Brown and Magaw, Hughes walked, went to second on Zavatsky's single, to third on a passed ball and scored on an error by the catcher.

Franklin scored two runs in the last of the second as Stein singled, George doubled, and Polling singled.

Camp Chase picked up another run in the fifth inning when Vincent singled, stole second and scored on a single by Spratley.

Franklin scored two after two were out in the bottom of the fifth on a walk, two singles, and three errors to make the score Camp Chase 6, Franklin 4.

Camp Chase pitcher Roger Hamrick was relieved by pitcher George Williams, who moved to the Hilltop from West Virginia recently. Hamrick had pitched fine ball but had begun to weaken. With two on and one out, Williams granted a single to load the bases. The next batter struck out.

With the bases loaded and two out, Williams took a long wind up and all runners advanced, scoring one. Williams again took a long wind up and all runners advanced, scoring another, and sending a man to third. Williams balked to score the man from third. Another run was scored when a man reached first on interference from the catcher, a steal and a single.

The score at the end of the sixth inning was Camp Chase 6, Franklin 8.

In the top of the eighth, with one out and Haire on first by virtue of a single, Williams sent a terrific drive deep over the center fielder's head for a homerun, scoring Haire ahead of himself. However, the Franklin players immediately retrieved the ball, threw it to first and appealed to the umpire. Williams had neglected to touch either first, second or home plate. He later stated he thought it "was OK to come within three feet of the bases."

The rest of the game is history with the final score Camp Chase 7, Franklin 11.

SPORTS LANTS

Senior John Chesher was the ing Cowboy batsman during the past baseball campaign and the only player to reach the charmed circle of .300 hitters. His average was an even .300.

He was followed by Jim Kimball with a .280 mark which didn't justify his value to the team.

Herb Brown .275, Ed Gleibs, .275, Jim Vincent, .238, Don Bowman, .222, Bill Haire, .200, Jim Murry, .200, Dick Orr, .190, Bob Thornton and Jim Hughes, .166 each, and Garber, .133.

Bob Thornton was the leading moundsman with a 4-4 record. He pitched 56 innings, allowing 38 hits and 25 runs and only 16 of these were of the earned variety, giving him an E.R.A. of 2.0.

HBA Officers Now Rendering Widespread Community Help

Two years ago this month the HBA employed a full-time secretary, opened an office and started to expand its services to its members and to the community.

The first step was to secure a sales tax agency and supply retailers of this part of the city with sales tax stamps and relieve them of the necessity of sending down-ty Delivery service was later added and tax stamps are now delivered twice weekly on Tuesday and Friday.

The next service to be added was drivers licenses. The secretary of the association was then appointed deputy registrar of motor vehicles and auto licenses and transfers were added.

Gradually additional facilities of the Bureau of Motor Vehicles have been added until at present the following are available at HBA offices: drivers' licenses, chauffeur licenses, temporary instruction permits, duplicate licenses, automobile plates and stickers, transfers, replacement plates, motorcycle licenses, trailer licenses, duplicates of any of these items and in fact almost every facility of the bureau may be secured without leaving the Hilltop.

Truck license plates are not issued by this office but applications may be filed there and plates will be sent out from the bureau direct to the applicant.

Early this year arrangements were completed with the city auditor whereby the HBA was designated as an agency for the issuance of bicycle licenses.

These numerous services are valuable to the entire community and beside these the secretary renders many services to association members. At present he is quite busy arranging for promotion of the Annual Bean Dinner. This year's affair will offer several features never before attempted in connection with this event.

When it comes to the dollar, friendships are a matter of the imagination.

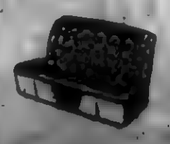
Don't go swimming alone or in unfamiliar water.

Your common-sense caution is your best life preserver.

Seiller's Enters Competition

Beside offering the new complete men's gift department which features the famous "Hickok Gift Show" just in time for "Father's Day," Seiller's employees have their eyes on several of the $30,000 in prizes being awarded nationally for the alert store featuring the complete HICKOK line. Clarence Fuhr, Seiller's display director, has been very successful with such national contests in the past and since one of the top prizes is a trip to Europe he has not made his vacation plans.



Every sales person will be competing for prizes by making their daily presentation and suggestions that the Gift Bar is the answer for the Hilltop customers to find just what they want for graduations, birthdays, anniversaries, service men's gifts and weddings.

John Durvett, Hickok representative (and a good Hilltopper) conducted a fine breakfast sales meeting at the Biltmore to start the ball rolling.

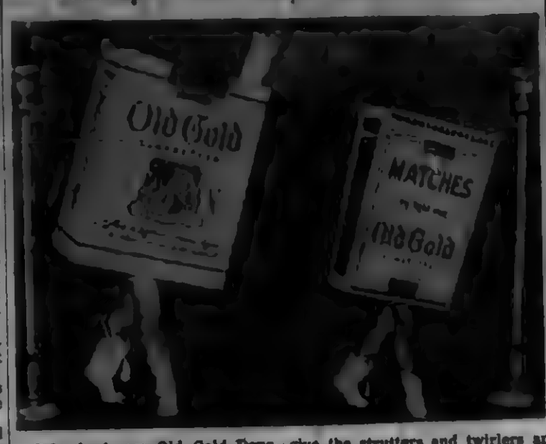
Tarbutton Lashes Vorys Vote Habits

George T. Tarbutton, Democratic candidate for Congress from Franklin County, announced today that a study of the Congressional Record indicated that Congressman Vorys from Franklin County was talking out of both sides of his mouth, one side for Franklin County and the other side for Washington, and the two did not correspond.

"Mr. Vorys votes billions for foreign aid just after he talks generously about economy."



The Congressman from Franklin County, Tarbutton charged, was present and voted "yes" on the Foreign Aid Bill authorizing expenditures of $6,447,730,750.00, and the one-worlders and global planners had a field day in the House of Representatives on Thursday, June 5, 1952, in fact at the expense of the people of Franklin County.

All ideas of economy in foreign aid and direct economic aid to foreign countries was forgotten and another six and one-half billion dollars was voted on the tax bill for 1953.

Building dams in the Alps, a waterway from the Mediterranean to Lake Geneva, a monumental railway station in Rome, and a luxurious hotel on the Isle of Capri have been paid for out of funds Mr. Vorys has voted to foreign countries. "But in this last bill be voted for, there was no provision to prevent transshipment of American aid to nations behind the iron curtain," Mr. Tarbutton said.

Two From Holy Family Honored

John Monaco and Patricia Wolf, graduating seniors at Holy Family High School, were honored earlier this month when they received the Babe Ruth Sportsmanship awards.

The awards sponsored from funds from the Babe Ruth Foundation is to "disseminate information on, and enlist enthusiasm for good sportsmanship and fair play through the schools and to the general public."

The selection of students has been kept on a broad basis to encourage the spirit of fair play and teamwork. Emphasis is placed on sportsmanship in its wider educational aspects, including activities in the school room, or on the athletic field and playground, in the school community, in the immediate home environment and in the church and home community.

Bible Comment:

Through Evil Times Israel Kept Spark Of Good Burning

IN the history of the Jewish people from the time of their return from bondage in Egypt to the establishment and downfall of their kingdom in Palestine, we can see the laws and forces that wreck mighty nations.

It is as true as it ever was that "righteousness exalteth a nation," and the dictum of Scripture applies to nations as it does to individuals. "Be sure your sin will find you out."

But our heritage from ancient Israel is very much more than is found in example and warning. Out of the life of Israel, despite wars, peril, suffering, waste and destruction, has come the richest literature that the world has known — the Scriptures upon which Our Lord was nourished, and which, He said, He had come to fulfill.

It is the spiritual miracle of history that out of times of ruthless war should have come the magnificent dreams of peace, recorded in such passages as Isaiah 2 and 35. The times were crude and full of danger. The perverse and evil-minded set up altars of idolatry. There were false prophets as well as the patient, suffering prophets of the Lord.

Some kings themselves were false leaders; doing evil in the sight of the Lord. But there were gentle souls, being led through green pastures and beside still waters, singing the songs of hope and faith.

In days of darkness there were not wanting those who found the word of God a light unto their path. And in evil days there were courageous rebukers of iniquity, and prophets such as Micah, who defined in clear, simple terms the eternal realities of true religion, the substance of what God requires of man, and of what man needs for a happy, prosperous life among his fellows.

And in these days of the 20th century, when millions have been destroyed and other millions have been suffering from ruthlessness, let us not forget that it is to Jews we owe that heritage. What return is the world making to them for all they have given to the world?

7:30 P. M.—Evangelistic Service. Topic: "Worse Than Fire."

Those two short words can sound pretty good sometimes. . .

"Short cut!" You bet! Isn't that the easiest way?

Yet all of us can remember some of those short cuts on which we risked our lives. When we saw the ominous signs, "Bridge Out" or "Travel at Your Own Risk," we realized that if the short cut really *were* the better way, *men would long ago have made it the main road.*

That's something to remember about religion. True, some people try the short cut. They give up going to church. They think there's a shorter way. Only at the brink of a great moral precipice do they finally realize that they had made the wrong decision.

No—there's no short cut to God. The road is wide, and there is ample room for all who will travel it. And for those who gladly take His road, there comes the peace that passeth all understanding, the faith that cannot be shaken, the life that all of us really *want* to lead. . .

Your church knows that road—it has mapped it for millions. It does not offer a short cut.

But those who have traveled that road would travel no other way. . .

In all thy ways acknowledge him, and he shall direct thy paths.—Pr. 3:6

County Fair To Emphasize Junior Activity This Year

Harold Hart, president of the Franklin County Agricultural Society, this week in announcing the date for the annual Franklin County Fair at Hilliards, said that one of the highlights of this years agricultural exposition will be added emphasis on the Junior Fair.

With the County Fair scheduled for Aug. 12, 13, 14, 15 and 16, the sponsors of the event said that the last day, Aug. 16 has been designated as Special Junior Fair Day in celebration of the Golden Jubilee of 4H Clubs. 4H Clubs were first started at Springfield by A. B. Graham, have now spread over the entire world.

On this special day a parade of floats made by 4-H Clubs and FFA Chapters will be staged before the grandstand in competition for prizes being offered by the fair board. Included in the grand parade will be a 4-H band and 4-H style show. At the same time presentation of trophies to winners in various divisions of the Junior Fair will be made.

The Junior Fair, recognized for many years as one of the main drawing cards to the annual exposition, will have their own headquarters and offices on the fairgrounds, this year.

In announcing dates for this year's fair at Hilliards, Hart said, famous Bradford Trained Sheep Dogs from Wooster would perform two afternoons and one night of the fair. Another feature is to be mule races with local drivers as one of the attractions.

The race program will consist of three nights and one afternoon of harness races, to make one of the largest race programs as yet offered at the county fair.

Both the Ayrshire and Jersey Breeders of Cattle will hold their Special District Shows at the Hilliards fairgrounds this year to make the cattle show the largest in the history of the annual event. The new director in charge of the cattle division is Ray Dellinger of Hilliards who is recognized as one of the leading Ayrshire breeders in Ohio.

The Night Horse Show which has always been a favorite of fairgoers, will be expanded this year by adding more classes and possibly an extra night's show.

The 1952 officers of the Franklin County Agricultural Society which annually sponsors the Hilliards fair are Harold Hart, president; A. E. Bogen, vice-president; Arch A. Ider, secretary, and C. H. O'Brien, treasurer.

Camp Clime Being Readied

Although the Hilltop Community Council has discontinued its meetings until September the Camp Clime committee is continuing to work on the camp site to make it available for Hilltop groups to use for summer outings.

Plans have been made to erect additional rest facilities this week so that mixed groups can take advantage of the site. The Board of Health has O.K.'ed the well water for drinking and the craft house will be repaired this week to be used as a shelter in case of inclement weather.

A group of men, headed by Clarence Story, Camp Clime Chairman, will clean-up and burn the rubbish that has accumulated at the site over the winter and spring, sometime during this week.

Groups wishing the use of the camp should make reservations well in advance since many dates have already been applied for, by calling the Hilltop Business Association office.

Hilltop Lions Club Will Sponsor Second Annual Hilltop 4th of July Celebration

Pictured above are the three girl vocalists who last year at the initial Hilltop Lions Fourth of July celebration captured top honors in the variety show.

Safe And Sane Fourth Of July Goal Of Lions

With the Fourth of July but a scant two weeks away the Hilltop Lions Club is really beating its drums for the second annual "Safe and Sane" observation of the traditional holiday on the Hilltop. Boosted by the knowledge that their first celebration which was sponsored last year at West High proved so well accepted the local Lions are hopeful of added successes this year.

According to co-chairmen Al Dailey and Carl Schmelzer, the observance of Independence Day on the Hilltop will start at about 2 p. m. featuring games and diversions of all types for kiddies and grown ups alike at West High School.

Cash prizes for the best dressed cowboy and cowgirl will be offered as well as many gift prizes by Hilltop merchants for the winners of the various games and contests throughout the day.

In the evening West High's famed marching band will give a performance beginning at 7 p. m. after which there will be offered a variety show.

Officers of the Lions Club pointed out that part of the proceeds realized from this year's Fourth of July celebration would be used toward purchase of new band uniforms for the West High Band.

Topping off the day's festivities will be a huge fireworks display under the direction of pyrotechnic experts for the purposes of utmost safety. This display according to planners of the event will be one of the most spectacular ever witnessed in the Hilltop area.

The fireworks display will be at approximately 10 p. m.

Board of Education Announces Many Teaching Staff Changes

Columbus Board of Education this week announced many changes in the supervision and teaching staffs of local schools with all changes being made effective as of Aug. 1.

N. G. Fawcett, Superintendent of Columbus Schools in announcing the reshuffling of teacher and supervisory assignments emphasized that the sweeping changes made were not demotions but on the other hand were made to ease the heavy burden carried by some of the principals in the larger schools.

Fawcett also said the transfers were "aimed at breaking resistance to a change which is a kind of [illegible] education."

It was learned that E. Blair Graham, principal of John Burroughs Elementary School since 1944, has been transferred to Blanche School as principal and that he will be replaced at John Burroughs by Genevieve Maloney, who comes to the local school from Hubbard Avenue School.

Newly appointed as principal of Fair Avenue School is Hilltopper Maxine Oyler, 103 S. Algonquin-av. Miss Oyler attended John Burroughs School and graduated from West Junior and Senior High Schools and OSU. For the past three years she has been a teacher at Avondale School. In the last semester while at the Central office she organized the staff and planned for materials and equipment in the new Westgate school.

At the Westgate School James Henery will become principal. He is also named as principal of the new West Mound Elementary School. Henery has been principal of Avondale School.

At West High School it was rumored that Blanche Kern, vice principal, has resigned that post.

Other changes, according to a reliable source, which will affect six other teachers on John Burroughs staff are: Kindergarten—Mary Kelly, unassigned; music — Betty Jean Koontz, unassigned; Second and Third Grade teacher—Mrs. Lucille Andreotti Campbell, transferred to Highland Elementary; Third Grade teacher—Mrs. Mary Floyd, transferred to Highland Elementary; Second Grade teacher — Marilyn Kropp, transferred to new West Mound Elementary; Fourth Grade teacher—Mrs. Terry Miller, transferred to Westgate Elementary School.

Pet Parades Cancelled By Rabies

The Columbus Recreation Department Tuesday cancelled an annual city-wide pet show to be held at 1:30 p. m. Saturday in City Hall in the face of the current rabies outbreak.

Recreation Director Nick J. Barack said neither the Saturday show, nor various neighborhood shows set at city playgrounds during the week, would be held.

The cancellations are being made "in order to be consistent with the dog quarantine ordered by the Board of Health," Barack said.

Essentially the shows would comply with the provisions of the quarantine since dogs would be on leashes. Barack said, however, that the city does not want to take any chances.

The recreation director said it is possible the shows will be rescheduled for later in the year.

New Westgate Tower Will Not Go Into Service Until Late Fall

Hopes of Hilltop residents for a relief to the current water shortage problem this past week received a definite set back when Columbus City officials revealed that the newly constructed water tank in Westagate Park would not be put into operation until either September or October.

The new million gallon tank this week was being filled and tested but city officials pointed out that the huge tank after all tests are completed must be drained, dried out and then painted, before actually being put into service.

For the past several summers the Hilltop and Westgate areas have been plagued by lack of water due to rapid expansion of the area. As a result of the critical water situation, Columbus Fire Department Officials have asked residents not to sprinkle lawns and to refrain from washing their autos during a heat wave.

City officials have appealed to the residents of the area to be patient and help build up the low water pressures, which they hope will be alleviated when the new Westgate tank can become operative.

In the meantime, Columbus officials charged the critical steel shortages are affecting additional construction, pointing out that the $15 million dollar "Hoover Dam" project which is supposed to be the "cure-all" for the city's water troubles is still a long way off, five years at the least.

Added proof of the ability of Hilltop Record Want-ads to really sell was given last week when Mrs. J. T. August, 2660 Clime-rd placed the following want ad:

That's all the advertisement read, but Mrs. August had no trouble whatever in selling the range and heater. As a matter of fact when checked by The Hilltop Record classified department she revealed that she had received more than 15 calls from only one insertion of a one line advertisement.

So well pleased was Mrs. August was the results that she placed an other advertisement for the next week.

And to further emphasize pulling power of Record Want-ads, Mrs. H. A. Houck, 333 Binns-blvd reported 26 calls received on the following advertisement:

Jenny Lind Twin Beds, for sale, complete, RA. 3026.

Mrs. Houck sold the twin bed outfit quickly and she's mighty happy too.

THE STORY OF TEN LITTLE FREE WORKERS
THESE ARE THE WORKERS
REDDY DOCTOR RAILROADER MINER STEELWORKER FARMER LAWYER GROCER SALESCLERK REPORTER
Ten little free workers in this country fine and fair.
But if you cherish your freedom—worker have a care!
Ten little free workers—Reddy was doing fine
Until the socialists got him—then there were nine.
Nine little free workers laughed at Reddy's fate
Along came federal medicine—then there were eight.
Eight little free workers thought this country heaven
But the government took over the railroads, then there were seven.
Seven little free workers—till the miners got in a fix.
Uncle said coal's essential and took over leaving six.
Six little free workers till the day did arrive
The steel mills, too, were federalized—then there were five.
Five little free workers—but the farmers are free no more
The farms have been collectivized—that leaves only four.
Four little free workers till the government did decree
All must have free legal advice—then there were three.
Three little free workers—the number is getting few.
But with government groceries selling food—then there were two.
Two little free workers—our story's almost done.
With clerks at work in federal stores—that leaves only one.
One little free worker—the reporter was chagrin
Mustn't criticize government—so now there are none.
Ten little workers—but they are no longer free
They work when and where ordered, and at a fixed rate you see,
And it all could have been prevented if they'd only seen fit to agree
And work together instead of saying "it never can happen to me!"

Stop Fireworks - Protect Our Children

Fire Prevention Bureau
Div. of State Fire Marshal

Warning that all parents who buy fireworks for their children this year will be helping the bootlegger of these dangerous articles, Harry J. Callan, Ohio State fire marshal, today urged that all citizens of Ohio cooperate in stamping out this nefarious traffic.

Many sales under the counter and at wholesale, will be made from now on until the Fourth, and only by refusing to buy, can we protect our own children from serious injuries and possibly death.

Our law enforcement agencies in the state have been alerted to assist by arresting those who are violating the law, and they would appreciate your help if you will report to them any known violators.

"You wouldn't place a stick of dynamite in the hands of your children, so why give them something nearly as dangerous," Callan concluded.

Observe the Fourth sanely by playing safe without fireworks.

In Passing

BY BETTIE WEARLEY

SUMMER STORM

The hornets of the heat have fled,
The wind has swollen high.
A seething darkness not of night
Thunders down the sky—
Myriad spectral armies swarm
Whose fevered sentries pace,
With footsteps grim and ponderous,
The crumbling walls of space.
Trees distort and seas unleash,
Horizons crash apart;
Bleak moaning of the desolate
Shudders at the heart . . .
But through the restless, tolling hours
Tranquil crickets chime
The steady pulse of summer,
The endless pulse of time.

Anna Elizabeth Bennett, in Florida Magazine of Verse.

Two well-known Columbus writers, Katharine Neal Smith and Millicent Easter, have written a lovely song. It is titled "Then The Night Belongs To Me" and has been sung twice by Hortense Mohr, also of Columbus. Mrs. Easter wrote the lyrics; Mrs. Smith the music. Miss Mohr sang the song first at a program given at the Southern Hotel art gallery, of which Mrs. Easter is director, and then at the Verse-writers' Guild banquet in May. It was published by The Zimmerman Music Co. of Cincinnati. I sincerely wish these ladies a lot of success with the song. Mrs. Smith, who lives at 1065 Neil-av, has six books of poetry to her credit, besides two other songs. She is a member of several poetry groups; Ohio Contestors; Antioch College Alumni; Woman's Club of U. C. T.; is Central District Literature Chairman of Ohio Federation of Women's Clubs and was at one time editor of the Versewriters' Guild publication. Mrs. Easter, who resides at the Southern Hotel, was featured in this column about a year ago. She is as well-known and beloved in Columbus as Broad and High.

She also has published a book of poetry.

A letter from a homesick soldier in Japan reminded me that Sunday is Ma Peel's birthday. Many people in central Ohio remember Ma, though she has been dead several years. An avid radio fan, she entertained radio people in her her home. They all liked to visit Ma, from managers of stations to office boys. A shutin herself for many years, Ma wrote to all the shutins she would hear about on the radio. Sometimes she wrote as many as twenty-letters a day. She truly lived in a house by the side of the road and was a friend to man. Black or white, it made no difference to Ma. If any man, woman or child needed a friend, Ma was it. The soldier in Japan is only one who misses Ma. He mentioned her smile and her coffee pot and cookie-jar. Ma was often in pain but none of us who visited her ever knew of it from her. The house is still there and when we pass we wonder who is living there now. Whoever lives there has kept Ma's roses and lilacs. She would like that.

Two things that have always intrigued me are Blennerhassett Island and that round house at Haydenville. Just think, no corners to keep dusted. Wonder who lives there? In the round house, I mean. Some time I intend to explore B. Island if possible. When I was ten I read everything I could find about the island, and never thought then that I'd live in the same state with it.

A Salute To Youth Leaders

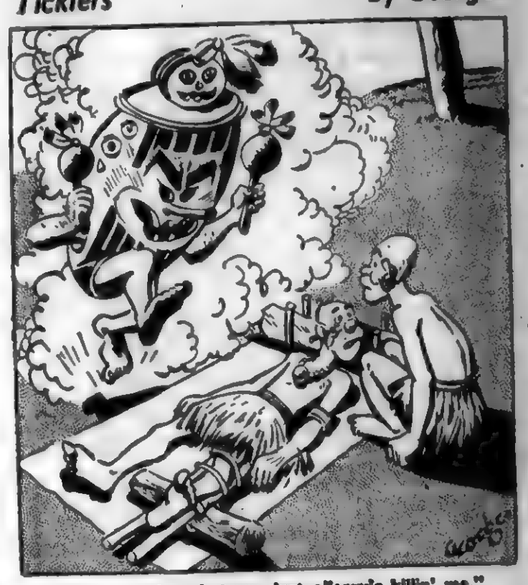
"Thank God! I — I also — am an American!"

So spoke Daniel Webster . . . and he spoke from his heart, for his was the finest, sturdiest, most sincere kind of Americanism. Webster's young country had but lately come into being. Ahead of it lay stormy weather. But Webster had no doubts about the future. His own faith and optimism were reflected all around him in the hearts of his countrymen. Of course America would thrive and grow in the same tradition in which it was born.

Webster and his fellow early Americans may seem to be part of the past. But when you come right down to it, their love of country and belief in its future exist today. It is that same spirit, that same faith in America which has made our country great and will keep it great.

To keep that spirit alive we must fight complacency; we must never, never start taking for granted our country and the kind of life it offers us. And that is where the youth organizations we have in this community deserve a salute. They are building in our youth confidence in country and in self. They are building an awareness of what it means to be an American citizen — not just the benefits that citizenship carries but the responsibilities it asks us to fulfill.

Members of the YMCA, Boy Scouts, Boys Clubs, and other organizations develop a deep awareness of the responsibilities they will be called upon to assume in the years to come. They learn to play together, to work together, to give and take, to respect the other fellow's property and point of view. Good sportsmanship, good comradeship, good citizenship . . . these are the things stressed in every phase of these organizations' work. The boys are encouraged and shown how to organize themselves, and to govern themselves along the lines recognized as being essential to free men in a free Democracy.



The biggest job before us is to keep on building citizenship, making it better and better. In a democracy citizenship carries privileges — and it also carries responsibilities. Those of us who are adults must keep our own citizenship shining and pure. We must also see to it that new citizenship is being built in the American tradition, that it is strong enough to carry and protect American freedom.

The men who work in the youth organizations are doing just that.

LETTERS TO THE EDITOR

Dear Editor:

In the going away of Mrs. Elsie Westlake, I am sure that I voice the sentiments of all who knew her, in saying the Hilltop has lost one, who throughout all these years has been invaluable.

Mrs. Westlake laid down her pen . . . Her many writings of Biblical interest have been folded away.

Although suffering much, she was uncomplaining and when the call came for her to go she was ready. The God she loved, trusted and served and who had given her living grace was with her and gave her dying grace. Bravely she went forth—our loss is her eternal gain.

With her rich knowledge of the Bible she was a splendid teacher. In the Women's Christian Temperance Union of which she was a life long member, she was an active and zealous worker.

Her interest and love for her nation was one close to her warm heart.

A true mother, she was always thoughtful in her great love for her children and their interests.

Knowing Mrs. Westlake as I have known her and being closely associated with her because our interests were mutual, I think her life was the personification of the 13th chapter of first Corinthians:

She possessed that love that "Suffers long and is kind; that envieth not; vaunteth not itself; is not puffed up . . . that seeketh not her own . . .; that thinketh no evil.

In her quiet way Mrs. Westlake was always helping others. Her words were words of wisdom; her counseling always wise.

Again I am sure I speak the sentiments of the Bethany Bible class of which she was teacher for so many years, the Hilltop WCTU and all who knew her. We miss her very much—a virtuous woman: her price was far above rubies.

Camp Chase Legion Nine Takes Over Cellar Position

The Camp Chase Post No. 96-Beasley Grove Fords Legion baseball team took over undisputed possession of last place in the Franklin County Legion League as a result of their 10-3 loss to their arch rival, Columbus Post, last Sunday at West High School.

Camp Chase jumped off to an early lead in the first inning as Roanie Bowman, lead off man, singled, stole second, and scored on close up man Jim Vincent's sharp single to right. The score remained 1-0 Camp Chase until the last of the third when Camp Chase's Herb Brown singled, stole second, and scored on a single to center by Vincent. Camp Chase led 2-0.

With the score Camp Chase 2, Columbus Post 0, going into the top of the sixth inning, Columbus Post tied it up when a singles, a safe bunt, and another single. Camp Chase went out in front in the last of the sixth when Vincent walked, stole second and scored on a hard hit double to right center by center fielder John Magaw, making the score 3-2, Camp Chase, Columbus Post bounced right back in the first of the seventh inning to tie the score 3-3 with a walk, steal and single to score one.

With the score tied 3-3 Columbus Post scored seven runs on three Camp Chase errors, two safe bunts, two hits, a walk and a hit batter to put the game on ice for Columbus Post, the score being Columbus Post 10, Camp Chase 3 after the disastrous eighth inning.

Left hander Fred Laderer went to the mound for Camp Chase and pitched a very effective game until he weakened in the eighth inning. Right hander Bill Spratley pitched fine relief ball for Camp Chase, allowing no hits, no runs, and walking only two in two complete innings.

The game was sparked by a beautiful catch in deep right center by Camp Chase's Cobb, who whirled and threw a strike to first base to double a man caught off by the unexpected catch. Another brilliant play was made by catcher Jim Hughes when he came out of the new-fangled back stop at West and ran clear around behind to make a back-handed catch of a foul pop-up. Hughes caught the ball only six feet immediately behind his regular catcher's position but had to make about a 25 foot run in a semi-circle around the back-stop to make the catch.

Vincent led the hitting for Camp Chase with two singles in three trips. Hughes tripled and Magaw and Williams doubled for the local team.

Truth

By Robert Browning

Truth is within ourselves; it takes no rise
From outward things, whate'er you may believe.
There is an inmost center in us all,
Where truth abides in fullness;
. . . and, to know,
Rather consists in opening out a way
Whence the imprisoned splendor may escape,
Than in effecting entry for a light
Supposed to be without.

Hilltop Branch Library Story Hour Starts

Wednesday, June 28, is the day! At 10 o'clock, at the Hilltop Branch Library, 3958 W. Broad-st, Mary Baker will tell stories to children at the first of a series of story hours.

Miss Baker is well known on the Hilltop. In addition to teaching science at West Junior High School, she has been active in Girl Scout and camp activities. This first story hour should be a very special treat, and children of all ages are invited.

For the next eight Wednesdays there will be story hours presided over by gifted story tellers of the community. In addition there is also "The Red Skin Reading Club" which has an enrollment of more than 300 children.

The purpose of the Reading Club is to encourage children to read during the summer months so that when school resumes in the fall much of the reading skill attained the preceding year will have been retained through the vacation period.

Indian head bands are the order of the day—the yellow, green, red, blue and orange feathers are extremely colorful.

Six West Side Youths Named Indian Village Aides

They will report to Mr. Goodrich today for briefing of their camp duties. Camp opens June 23 and runs eight consecutive weeks. The boys will assist in the operation of the camp for the entire eight week period.

Located on the banks of the Scioto River, north of Griggs Dam, eight miles from the heart of Columbus, Indian Village Camp offers exciting new experiences in outdoor living for the boys and girls of the city.

The 10 well ventilated cabins accommodate 90 boys and girls, and are divided in real Indian-tribe fashion. There are plenty of facilities and space for all kinds of camp activities, including the traditional Indian Camp Fire Circle. A large recreation hall with a fireplace provides space for rainy day activities and indoor events.

The swimming pool, which is tested daily and inspected by the Health Department, is one of the popular spots at camp. Large playing fields make possible softball games, as well as tether ball, horseshoes, badminton, basketball, handball and volleyball.

Enrollment periods are for four two-week periods. The first period, June 23 to July 9, is nearly filled but registrations are still being accepted for subsequent periods of July 7 to July 19, July 21 to Aug. 2, and Aug. 6 to Aug. 16.

The camp is open for both boys and girls ages eight to 12, and costs only 20 dollars for a two-week period. Registrations are taken at the Recreation Department in City Hall and will be accepted for the entire two-week period only. Parents may visit the children on Sundays only.

Six West Side Youths Named Indian Village Aides

Six West Side youths, five from the Hilltop area, were given appointments to the Columbus Indian Village Camp yesterday. The announcement was made by Charles L. Goodrich of the City Recreation Department.

The appointments are Robert Fenimore, 16, 756 S. Harris-av, general counselor; Jack Eppert, 16, 2721 Elliot-av, general counselor; William Coon, Jr., 16, 338 N. Warren-av, general counselor; Robert Patterson, 17, 535 Belvidere-av, general counselor; Thomas Decker, 16, 147 S. Souder-av, kitchen supervisor, and John Gilson, 15, 248 Midland-av, kitchen helper.

They will report to Mr. Goodrich today for briefing of their camp duties. Camp opens June 23 and runs eight consecutive weeks. The boys will assist in the operation of the camp for the entire eight week period.

Located on the banks of the Scioto River, north of Griggs Dam, eight miles from the heart of Columbus, Indian Village Camp offers exciting new experiences in outdoor living for the boys and girls of the city.

The 10 well ventilated cabins accommodate 80 boys and girls, and are divided in real Indian-tribe fashion. There are plenty of facilities and space for all kinds of camp activities, including the traditional Indian Camp Fire Circle. A large recreation hall with a fireplace provides space for rainy day activities and indoor events.

The swimming pool, which is tested daily and inspected by the Health Department, is one of the popular spots at camp. Large playing fields make possible softball games, as well as tether ball, horseshoes, badminton, basketball, handball and volleyball.

Enrollment periods are for four two-week periods. The first period, June 23 to July 5, is nearly filled but registrations are still being accepted for subsequent periods of July 7 to July 19, July 21 to Aug. 2, and Aug. 4 to Aug. 16.

The camp is open for both boys and girls ages eight to 12, and costs only 30 dollars for a two-week period. Registrations are taken at the Recreation Department in City Hall and will be accepted for the entire two-week period only. Parents may visit the children on Sundays only.

With Peg Warren:

About The Hilltop

They say, the best things in life are free. I disagree. My "Honey" says at the price of fishing licenses, I can't afford to talk, read a book, and baths and take a nap the same time I fish. It's fishing I am doing . . . Sunday little Carol Watts caught herself a nice size bass over at the lake . . . Andy Andrew carries a picture around with him, of the four bass he caught up along the river.

Happy birthday to Mrs. Jess Green and her buddy Ann Heaton . . . Every Wednesday afternoon, out at Beacon-Lite you will find this four-some, Doc Brady, George McCray, Johnny Basista, and Howard Fox, playing golf. Watch out fellows Doc had two lessons from Joe Thomas, this last winter . . . Callie Hawe, former Hilltopper, who operates a motel at Sarasota in the winter, is back home for the summer . . . Chairman Simonson

Mrs. Earl M. Simonson, welfare and achievement chairman for Kiwanikwe, is announcing the club's plans for sponsoring a cottage at Franklin Village, the Franklin County orphanage. It will be the purpose of the club to do the "extras" for the 13 boys, ages seven to 10, in their cottage, which cannot be handled by the county.

The first big surprise for the boys will be when they are all packed off to camp for two weeks this summer. They will be divided ed among three or four local camps, according to Donald Dodsworth, recreation director of the village.

The first birthday in the cottage will be July 6 and already plans are underway for a party with a present and a cake for the boy to be honored. Subsequent birthdays will be honored likewise. Christmas will also be a special affair at the sponsored cottage with presents for all. Hospital calls are made when any of the "family" are ill.

In addition to the work with the cottage the group has purchased a picnic table for the lovely village greens and volunteers, including Mrs. Simonson, are active in a girl's craft group at the village, showing several girls how to sew.

New Mirror and Saw Transform Old Bedroom

BY EDNA MILES

HAVE you taken a good impartial look at your bedroom suite lately?

The chances are very good that it's become a bit shabby with the passing years. But the chances are also good that the budget won't take a big bite for a new suite.

Even if you can't afford to toss out the old furniture, you can work magic with what you've got. Just as you'd buy a new hat to dress up an old suit, so you can turn a shabby, out-of-date dresser into a handsome, modern piece through the use of mirror magic.

If your dresser is the old-fashioned type with mirror attached, the first step is to strip it of gingerbread. Using a screwdriver, remove the mirror and its moorings. Use putty to plug up the holes and a coat of shellac or varnish to smooth the surface. Then you're ready to remove the legs.

To get a close-to-the-floor effect, in keeping with modern design trends, use a saw to take off the high, spindly legs.

Now, you can apply decorator's magic. Pick a new mirror, one in good design, chosen to blend with the style of your bedroom furniture. Hang it flat on the wall over the dresser, placing it vertically at eye level and centering it so that not more than three inches of dresser extends beyond it on either side. That's all there is to the face-lifting. But you'll find you've worked wonders for your bedroom on mere pin-money.

With the aid of a saw, putty and a new mirror this out-of-date dresser becomes . . . . . . a modern chest, giving an entirely new feeling to an old room at a budget price.

Adventist Church Launches It's Investment In God Program

Launching the 1963 investment program occupied the 11 o'clock service Saturday at the Eastwood Seventh-day Adventist Church under the direction of the investment secretary, Mrs. Oscar Buxton.

Every year the members of this church engage in various fund raising activities for missions. These projects consist of activities such as raising chickens, gardening, making and selling baked goods and fancy work, dedicating special fruit trees or rows of vegetables, berries and flowers, the proceeds from which are turned in at the end of the year to the investment fund. In 1960 this project brought $510. Last year it totaled over $700 and this year the goal is $1000.

Many members have already begun working on their investment activities for this year. Mr. and Mrs. Buxton have dedicated their cherry trees to this fund H. F. Ellwanger told of his gardening project, Mrs. Eunice Geckenheimer said she plans to sell books and magazines for her investment and Mrs. Laura Holobaugh said she raised and sold a puppy which added $30 to her investment fund.

Ruth Michaelis had $10 to turn in Sabbath morning by saving all the new dimes she received in change. She suggested that Pastor Minesinger distribute these $1 bills to ten individuals who would invest them in some fund raising project for the rest of this year. Ten people gladly accepted this challenge. From time to time they will give reports to the increase these $1 bills have brought. By the end of the year they hope to have a large percent of increase.

The boys and girls in the Sabbath School Junior Dept. have planted a plot of ground in sweet corn seed they hope will yield a good harvest, their leader, Thomas Hastilow, reported. The children in the primary department have raised $36 so far by selling dish cloths, Mrs. Fern Brown said. The kindergarten children under the direction of Mrs. Clarence Park have earned $18 by selling greeting cards.

BRIGHT PROCESSION
By John Sedges

John Sedges' new novel, "Bright Procession," is an extremely interesting book, which at the same time deals with highly controversial issues and with everyday family problems.

Although the characters drawn in this new novel are entirely different from the heroes John Sedges wrote about in his previous novel, "The Long Love", one can easily see that the author still believes that the ultimate good can eventually wipe out the evil forces in the world.

Stephen Werth, the only son of a simple but wise country pastor, leaves his hometown to set up his own business of "public relation", where he soon becomes known as one of the best men of great wealth and power but low integrity and it is Stephen's task to show these people how to overcome their prejudices and teach them tolerance towards those who depend on them.

John Sedges draws a powerful comparison between the life Stephen has experienced under the guidance of his parents and the entirely different life he leads in the big city. He also compares Stephen's tender feelings for Mary, the girl with whom he went to school, and Jane, the girl he meets in the city, whom he loves passionately, even after her death.

As the story unfolds itself the reader will meet many interesting people and their problems. The plot of the book gives John Sedges the opportunity to discuss the relationship of parents and children and especially to search for the answer to the problem of good and bad in men. Towards the end of the novel, the hero finds a way which in his opinion will bring him peace and satisfaction. While not every reader has to agree with the points of view expressed by the author and the choice made by his hero, the average reader should find in this book a stimulating story and good entertainment.

THE TWIN COUSINS
By Oriana Atkinson

A story full of American folklore, humor and wisdom. Set in the Catskill Mountains, this tale of early days of the Susquehanna Turnpike will be enjoyable reading to both men and women.

Content Bell had known Luther Ware since childhood, however, her preacher father managed to trap Luther into marriage with the innocent Content so that he could wander to other fields of ministry without a burden. Traveling to upstate New York, Content and Luther met with his "twin" cousin, Little Pot, and his young bride. From the time of the two young couples' meeting, complications arise because of the striking resemblance of Luther and Little Pot. When the four set up a tavern named "Twin Cousins," complications multiply.

This is a fast-moving, highly entertaining, but dramatic book—belongs in the group of strictly American novels.

SEVEN LEAGUES TO PARADISE
By Richard Tregaskis

There are two kinds of people in this world of ours; we wishful thinkers who read travel books and dream of far away places, and the news correspondents who comb the byways of Singapore, Cairo, London, and kindred places in pursuit of their occupation. Both classes meet on common ground after a certain amount of their respective pursuits — when the question of a Paradise on Earth arises.

Richard Tregaskis of "Guads' canal' Diary" fame undertakes to dissipate many dreams of Utopia when he gets itchy feet (plus a hatful of money) and lights out on a world tour to check the stories of the Land of Plenty (and beautiful women) brought back by GI Joe from the far-flung places on the map.

In his search for the ideal spot, Mr. Tregaskis covers twice the distance of old Mother Earth's circumference during his meanderings from the rice paddies of India to the ultra-modern cities of Sweden. His book is essentially a collection of family biographies conducted at his various stops, with a good dose of sociology and world politics thrown in. There are occasional flurries of humor such as his great disappointment when the legendary women of Bali appeared in jackets and pantaloons instead of as pictured by the travel agencies and Hollywood. Later in private polite society, his roving eyeballs were sated.

This is not a travel book in the literal sense of the word, but a factual reportage of man's struggle for self-improvement in each of the countries visited. Two undercurrents are equally strong throughout this work; the "Go home, white man" attitude being stirred up by political factions in the Asiatic countries and Near East, and the open arm welcome of the "foreign devil" as long as he has plenty of money and the desire for serious amatory excursions. Mr. Tregaskis had an apparently endless supply of money, and finally decided on his excursion in Cairo after dodging brown or yellow temptations around half the globe.

How did he make out? Also, just where is "Heaven on Earth?" He explains all in his book, although his answer to the second question is doubtful even to him after sampling it a few months. Which puts it very much behind the first question in regard to an absolute decision. The average reader will not care too much for the book's broken continuity.

HILLTOP

'Small Fry'

By J. Curtis Allen

"You don't mean to say—"

We don't mean to say that young David John Hydinger, son of Rev. and Mrs. Hydinger, 139 S. Westmoor-av, would be engaged in a bit of idle gossip, but his expression aptly fills the caption. On the other hand, he, at the age of 16 months, could be expressing some concern over the baby contest which will be staged during the Hilltop Boom Dinner this year at Westgate Park.

So Were Others

It is pointed out that the thick novel is not modern: the generation of Dickens was raised on it. And so were we, until we grew up to the dinner table.—Milwaukee Journal.

Concordia Lutheran Commencement Rites Held

Concordia Lutheran School held its graduation exercises Thursday evening, June 12. Diplomas were presented by Principal Arthur L. Witt to Karl Allan Renner and Lu Ann Witt, eighth grade graduates.

The class, together with their schoolmates, entered the auditorium to the strains of the well-known "God of Our Fathers." The invocation was given by Rev. O. F. Stolzenburg, pastor of Zion Lutheran Church. The address to the graduates was delivered by Rev. Dr M. F. Kretzman, secretary of the Lutheran Church — Missouri Synod. The closing prayer and benediction were offered by Rev. Earl C. Grugel of St. James Lutheran Church.

Karl Allan Renner was salutatorian while Lu Ann Witt was the valedictorian. A reception, sponsored by the school service club, followed the exercises.

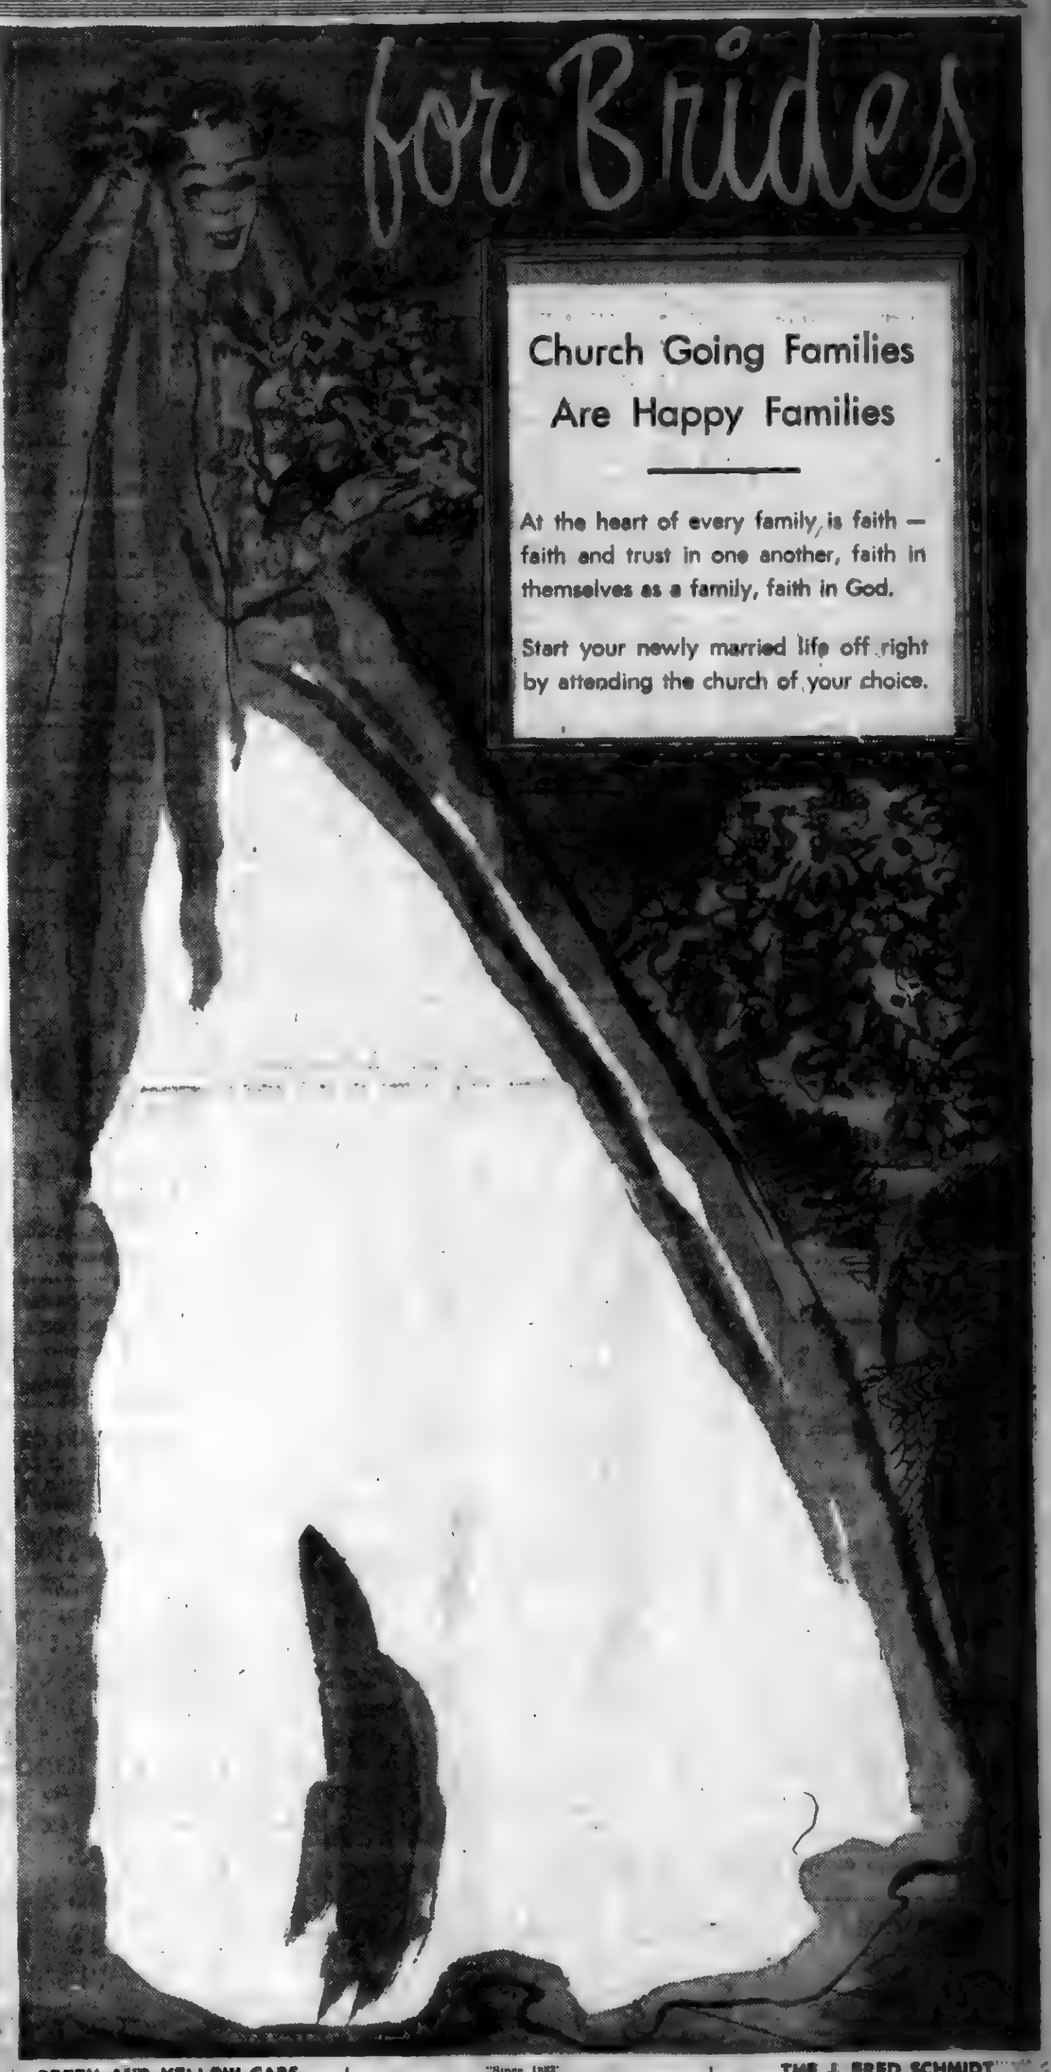
Concordia Lutheran school has completed its sixth year of Christian education on the Hilltop. It offers a complete elementary education from kindergarten through the eighth grade.

Bible Comment:

Job Finds Solution: Undying Faith in Our Divine Judge

SOME problems are "modern" in the sense that man has never encountered them before our time.

But some problems are as old as man himself, and one thing that is unchanged is the fact that man has to be the problem solver. Some ancient experience and wisdom may have much to offer, even in the presence of problems that are as new as the new-born day.



Deep and unchanged in human life is the problem of suffering, and especially the suffering of the apparently morally guiltless. Much human suffering offers no problem, though the fact may alter its acuteness. It is the direct and observable result of sheer disregard of moral or physical laws. But the suffering of the good is another thing.

It is this problem with which the Book of Job deals. The Book has been called "a sublime drama of God's providence and man's suffering." It's central character, Job, a man of moral rectitude and apparently blameless life, is stricken with dire calamity, in himself, his family and his affairs.

The situation is made intensely dramatic to show the full impact of the problem. Yet it is no more extreme than that which many men and women have experienced today, especially the thousands of innocent people who have suffered war's ruth[illegible].

Three of Job's friends sought to comfort him with plausible or conventional notions. These centered around the ideas that suffering is a sure sign of sin and that Job must be guilty of some secret fault.

This easy view Job refuses to accept. His faith is tried, and he is tempted to "curse God and die." But while he finds no solution to the problem of suffering, he finds a solution to his personal problem in the conviction that the Judge of the earth will do right and in the determination to trust Him no matter what may happen.

Your Neighbors Are Reading . . .

While You Slept
By John T. Flynn

The purpose of this book is to show that the Korean "incident" was no accident, but was brought about by a weird combination of circumstances, including appeasement of the USSR by Presidents Roosevelt and Truman, brought about in the main by traitorous state department "Advisors."

As Mr. Flynn points out, to be successful the program of the "Brave new world" (Communist dominated Europe and Asia) had to be sold to the public, who were at this time antagonistic to the Russian regime.

The devious means employed to induce the American public to accept the "Good old Uncle Joe" propaganda line are graphically illustrated. Briefly, they include books, articles in leading newspapers, magazine, and radio addresses by a small clique of self-professed learned "liberal scholars."

Taking shelter behind the cloak of scholastic "freedom of thought" the phony liberals expounded their theory. It was, to-wit: The U. S. S. (Russia) was the homeland of a great free people who were graciously extending the benefits of their "democracy" to enslaved and "backward peoples" in the world. This doctrine was liberally espoused in the mediums previously listed: Points of this program were also insidiously introduced into movies.

Conversely, China, and later, South Korea were held to be backward nations under the grip of "corrupt fascist tyrants." The Communist groups in each case were the liberal elements striving for the better life and democracy.

To my mind, the most remarkable point brought out in the book is the notorious "Amerasia case." Here the government, confronted by irrefutable proof of treason, accepted the excuse that the participants lifted the secret documents in an "excess of journalistic zeal" just to check the correctness of their reports in the magazine.

In my opinion, Mr. Flynn has done his country a notable service in exposing the fallacy of the Korean "Accident" and what brought it about. It's a book that can be read with profit by anyone interested in the truth, and an understanding of current events.

JADE STAR
By Manuel Komroff

If you like a book that is highly entertaining (and who doesn't?), "Jade Star" is to be recommended to you.

Here is a story of a young woman who, realizing the power of her great beauty, plans on making her beauty provide her with all the luxuries and power that she desires.

Jade Star, the name of this beautiful young Chinese girl, is chosen to be one of a hundred concubines at the Tartar Court of the great Kublai Khan. She, however, is not content to be just one of his "jewels," but rather, little by little, makes herself his favorite, with the intention of someday becoming his second wife, to rule alongside the Empress.

This book is rich in its elaborate descriptions of court life in the fabulous palace of the khan, of the way in which he runs his great dynasty and of the way in which the people writhed under the cruel Mongolian rule. Here is a novel which tells of a way of life as different from our own as night from day, and yet to look in upon people such as these, to see intimately how they lived, is an absorbing experience.

Just Like A Letter From Home

If you have a man or woman in the service he or she will appreciate receiving a copy of The Hilltop Record each week. Hundreds of service men who received the Record during the last war reported back, "It was just like a letter from home only much more detailed. We even read the classified and display ads. Nothing was more welcome than the Record."

Don't forget the boys in camp or abroad. The Record can be mailed direct to them each week, individualy wrapped for only $2.75 per year.

Ceiling's Off! Price Is Up! Spuds Are Back!

Dr. Guy S. Hulett claimed this past week that he could have easily alleviated the potato shortage with spuds grown in his own garden. He said however that the government planners when they saw the size of these potatoes, denied him the right to market them for fear of ever supplying the market.

The ceiling's off! The price is up! Potatoes are again in the pot! Although most Hilltop groceries were temporarily without or limited in their potato supply we find the spud is back on the market with all the attention of a new born babe. And what a luxury. We no longer "fill up" on the tubers but serve them as an added delicacy.

Only three stores, Terrace-Olive, Broad-Warren, and Sullivant-av Market were without potatoes when we called last week. They had refused to buy at the high prices but planned to do so by the week-end, feeling the prices would continue the already obvious downward trend.

All the produce dealers felt the price was on the way down. Some expected it to stabilize this week, others thought not until in July. Most of the small stores had a small supply, explaining that the dropping prices destroyed their profits, and because of a fear of overstocking once the immediate demand is met.

Bellman's Broadway, Mayer's, Capretto's and Hellinger's had potatoes throughout the shortage and many of the other local stores would have small supplies a week, usually near the week-end. The super-markets, Big Bear, Kroger's, A&P, Alberts, Trotts and Essman's Red and White, for the most part limited the quantity sold to each customer. Others such as the smaller stores saved their potatoes for the "regular customer."

Clerks at Wallace, Lyon's, Herbert's Clarendon, Sapp's, Schule, Paxton's, Martin's, Miller's, Midland, Detrick's, Dickey's and Westgate Superette, were watching for the falling price to show a trend. None thought the price would drop below the former ceiling price.

Other stores who helped us were Martin's, "will go down . . . let alone"; Valleyview, "didn't buy any for three weeks . . . now I think they'll settle around $7 or $8 a hundred." (OPS was $5.85, inflation price, $12). Owl, "we were without just a couple days"; Nowells, "Supply and demand will straighten it out."; Fox, "Price is a LITTLE higher"; Distelhorst, "Yes, we have potatoes"; Watson's "We're selling to anyone who can afford them now"; and Lisle, "That's nobody's business but our own" (when asked about current price).

Still Seek Body Of Drowned Boy In Quarry

The body of a 21-year-old State School patient who was assumed drowned in an abandoned quarry June 15 has yet to be found, according to Sheriff's Lt. Ellsworth Beck.

A further search is planned, under the theory that the body of Norman Middleton has been snagged by an obstacle under the water, which is as deep as 90 feet in some places.

The questioning of Middleton's 16-year-old companion, who saw him wade into the quarry and disappear into the deep water, and others watching the swimming nearby, has convinced Beck that it is not a case of foul play. "We'll just have to find the body, that's all," said Beck.

Kiwanis Club Will Honor Educator

E. Blair Graham

E. Blair Graham, for 28 years a teacher in the Hilltop schools and for the past 17 years principal of the John Burroughs Elementary School, Thursday is to be the honored guest at the Hilltop Kiwanis Club noonday luncheon meeting, according to announcement made this week.

Last week it was revealed by the Columbus Board of Education that Graham this fall will be transferred from the Hilltop area and will take over the principalship of Indianola School. The Kiwanis, in view of the fact that the well-known educator will no longer be in the community as a teacher, has planned that this Thursday meeting will be held in honor of Graham for his long services, as teacher, principal and civic leader.

Graham first taught in old Highland Junior High School in 1924 as science teacher. In 1929 he was transferred to West Jr. High when the new building was first opened and in the capacity as half-time science teacher and half-time in charge of boys' attendance and minor discipline.

The only break in his service as a Hilltop teacher came in 1931 when he taught in North High School as biological science instructor. In October 1935 he was returned to the Hilltop as principal of John Burroughs and there that time has served continuously.

As a civic leader Graham is a member of Hilltop Community Council, Camp Chase Post 98 of American Legion, West Mound Elementary PTA, John Burroughs PTA, Downtown Lions Club and Draft Board 42 as secretary.

W. Broad Street Widening Project Delayed Until Nov.

Widening and resurfacing of W. Broad-st from Hague-av westward to the city limits will not be accomplished this summer as was formerly predicted, but work on the project will start some time in July with the job expected to be finished on or about Nov. 30. This was the gist of a statement issued this week by the manager of the Complete General Construction Co., contractors for the project.

The manager, L. A. Gumo, now engaged in the widening of E. Broad-st, a sister project of the local one, said that delays occasioned by waiting for the gas company and the city electrical division in completing their work had thrown a snag into his schedule.

W. Broad-st will be widened 12 more feet from Hague-av to the city limits and resurfaced with 2½ inches of asphalt. The project was originally scheduled to be completed by September.

Gumo said that the job includes more than merely setting back curbs, excavating and paving. He pointed out that his firm would lay 100,000 square feet of new sidewalk, remove 288 trees and plant 150 sugar maples at new locations, in addition to laying sod on the city property beside the walks.

The total cost of the project for both East and West Broad-st is $450,000. Cost to the city of Columbus is 15 per cent with the remainder shared jointly by the state and federal governments who entered the picture because Broad-st also serves as U.S. Route 40.

Pennies Saved By The Children Of Bible School Fulfill Local Blind Youth's Wish

For the past two Christmas seasons, blind Eugene Taylor of 793 Thomas-av, wished and hoped for a Braille Bible so that he with his own hands could read from the Holy Scriptures. The Christmas seasons came and passed away and the blind youth still hoped for the precious books. They seemed just beyond his reach at all times.

Last Friday night though, Eugene Taylor stood before a group of children at the Chicago Avenue Church of Christ with his hands placed upon the sheets of a large open volume. His long slender hands traveled swiftly across the page reading the Braille writing of the Psalms. His wish had been granted, a Braille New Testament and Psalms had just been presented him by the children who had attended the church vacation Bible school.

Pennies contributed every day as an offering by the children of the Vacation Bible School had brought about the purchase of the five volumes in Braille which were presented on behalf of the children by Mrs. Stanley Bartlett, director of the school and wife of the church pastor.

In Passing

By ESTHER WEAKLEY

TO MOTHER IN STRAWBERRY TIME

In spring when yellow sunshine bathes the ground,
In rich brown earth my fingers find delight
While kneeling in strawberry-planting rite.
The auburn roots and dark green leaves unite
To sing of promise in each verdant mound
Where gold-eyed blossoms come pearl-crowned.
When summer brings sweet harvest red and round
All nature smiles upon each worthy bite.

In that far spring when birth gave me my start
In life, your sunshine sent my roots down deep
In warm and vibrant soil. You sought to keep
My spirit green, my blossoms white. Your chart
Of love has helped me find within my heart
The round red harvest you would have me reap.

Carrie C. Huthsing, in Sea to See in Song.

Warning to tourists: Down in Jellico, Tenn., they fine you ten minutes if you exceed the town speed limit. So if you go zooming over the mountains near the town you'd better slow down before you reach the city limits, according to a relative who was fined ten minutes, and was one of approximately thirty motorists whose cars blocked traffic while they sat out their ten minutes. But we all still love Tennessee.

For the shut-in and troubled: (author unknown)

When burdens seem too heavy
And trials pile up high,
It is then God's love enfolds you;
It is then that He is nigh.

My favorite shut-in who is spending some time in a hospital in Knoxville, Tenn., sent a clipping from the column titled "Strolling," from The Knoxville News-Sentinel Sunday magazine and feature section, written by Bert Vincent. It concerned a starling that went down the hollow end of a 40-foot beam of a crane mounted on a little railroad track, and built her nest there. Now there are young birds in the nest and the mother starling is often seen flying behind the crane when it is being moved up and down the 300-yard tracks. She will light on the end of the boom which usually is at a 45 degree angle, and go right down into the pipe and feed her babies. If you go to Knoxville soon (and you should, for it is a fine town) go out to Springdale-av and see for yourself.

Something else from The Knoxville News-Sentinel, from Hugh Allen's column: "If it were not for back fences, front porches, bridge parties and sewing circles, one-half of the world wouldn't even know the other half was alive." I don't suppose Mr. Allen was ever in a beauty shop, or he would have included them in his list.

From somewhere: In a radio address a politician had made some serious blunders. When he was questioned by the press afterward as to what he had said, he replied "The radio must have misquoted me."

THE VILLAGE GOSSIP

Who'll dish it up, for free.

Schedule Star Gazing Party Sunday

The public is again being offered an opportunity to view many celestial objects through telescopes with mirrors from six to 10 inches in diameter and with magnification of 50 to 500 diameters, depending on weather conditions.

Last year the Columbus Astronomical Society held such a party at Westgate Park and it was attended by more than 200 persons, including many Boy Scouts and Girl Scouts. Just a month ago in the Park of Roses (Whetstone Park) several hundred people enjoyed this same kind of party. The location this week will be at the north side and east of the center entrance to Westgate Park, Sunday, at 8 p. m.

During the evening it is planned to give those attending a good look at the following objects: Moon, Saturn, Mars, Star Cluster, the Ring Nebulae and a gold and blue star very close to each other.

The moon will be in the first quarter and will present an interesting object for everyone.

craters and double craters will be visible.

Saturn, the only planet with a ring around it, is very well placed for observation as the rings are inclined almost eight degrees to our line of sight and it is less than 800,000,000 miles from the earth.

Mars is less than 52,000,000 miles miles away and is exceeded in brightness at night by only the moon and Sirius at this time.

Experienced amateur astronomers will be on hand at each of the telescopes to explain what you are viewing and to tell you how to make a telescope, and answer questions.

The public is invited and there is no charge. In case of rain or extreme cloudiness the meeting will be rescheduled for another date.

Legion Nine Drops Third Straight To Southway In Competition

For the third straight league game the Camp Chase Post-Beasley Grove Ford Legion baseball nine saw victory turned into defeat in the late innings.

Camp Chase took an early lead over Southway No. 1 in the third inning as Brown reached first on an error by the short stop, Magaw walked, Hughes singled to right to score Brown and Magaw, Hughes going to second when the right fielder let the ball get by him, and scored as Cobb reached first on an error by the second baseman. Score: Camp Chase 2, Southway 0.

Camp Chase scored another in the sixth when Haire singled to right, stole second, went to third on second baseman Sam Zavatsky's single to left, and scored on a scratch hit by left fielder Brown. The score at the end of the sixth inning was Camp Chase 4, Southway 0.

Going into the top of the seventh Camp Chase's right handed pitcher, George Williams, had given only one hit. In the seventh a single to right, a single to left, and a safe bunt loaded the bases. Center fielder Reeves' single to left scored two for Southway. Another safe bunt and a single to left again loaded the bases and when Stedman's single to left got past the outfielder three more runs came in, making the score Southway 5, Camp Chase 4.

Camp Chase threatened in the seventh, eighth and ninth innings but in each case was not able to score as a man was left on base. Zavatsky led the hitting for Camp Chase with three singles in four tries. Hughes and Vincent each had two for five.

Camp Chase still retains its cellar position. However, the local nine has faced in its first three games what are considered the strongest opponents in the league, Franklin, Columbus and Southway No. 1. They meet the league leaders next Sunday at Sunshine Park, Scioto Post Carolinians. This will be the real test. If the Camp Chase nine can bounce back next Sunday after losing three heart breakers in a row it will be proof enough of the quality of the boys making up the team.

Avondale, Westgate Still In Tie For Church League Leadership

Avondale EUB and Westgate EUB continued as the co-leaders in the West Sr. Church Softball league as each remained undefeated after this week's set of games had been completed.

Avondale EUB, behind the brilliant, one-hit (15 strike-out) pitching of "Chuck" Larkin, trounced Hilltonia EUB by a count of 15-0 as Mawhirter and Bost led a 17-hit assault with three bingles apiece. Gardner acquired the losers' only safety, in the sixth inning.

Westgate EUB toyed with Burgess EUB to chalk up a 9-1 victory. Whittaker and Howard, who shared the winners' mound duties, allowed but three safeties.

Miller with three safeties, Molt and Whittaker with two each, led the winners hit parade.

Glenwood Methodist continued on the heels of the league leaders by whitewashing Community Christian by a score of 5-0. The Methodists counted all of their scores in a big fourth inning as Kelly homered with two men aboard and Lamprecht followed with a four baser with one on to cinch the victory. Allen again twirled fine ball for the winners, allowing but three safeties.

Hoge Memorial chalked up its first victory of the season at the expense of Hillcrest Baptist by a score of 11-3. B. Wolfe and Ackers standing out. Lazenby also homered for the losers.

Westway Postscripts

Commander Dick Martin accompanied Department Adjutant-Quartermaster George Fetter to Greenville, recently to attend the Third District Convention to repay a visit of their commander, Robert Combs, to their Westway's Birthday Banquet and also to see how the political winds are blowing in that section of the state in the face of the oncoming Department Convention in Cleveland July, 9-13.

Westway Post is very proud of Mrs. Emma Russell, 359 N. Sylvan-av, its most recent Past Auxiliary president and present treasurer. She holds the hospital chairmanship not only in the post but also in the County Council, the Eleventh District and the Department of Ohio. She had a very busy week.

Last Tuesday, Mrs. Russell accompanied by Mrs. Hazlen Prahl, one of our auxiliary members residing at 224 S. Ogden-av, took 120 treats — sixty from Westway Post and 60 from the Franklin County Council to Ward II, Brown Hospital, Dayton Veterans' Hospital.

Last Wednesday Mrs. Russell accompanied by Mrs. Sylvia Ell, our present auxiliary president, residing at 168 S. Harris-av, took 50 volumes to the Chillicothe Veterans Hospital Library and 60 treats to Ward 211 from Westway Post.

Last Thursday Mrs. Russell and Mrs. Prahl took treats from the Linden V.F.W. Post to the Columbus State Hospital at 1960 W. Broad-st. The Powell Ave. School of Dancing also put on an hour and a half program for the patients.

Finally on Friday Mrs. Russell, accompanied by Mrs. Prahl and by Mr. and Mrs. Karl and Mrs. King of the Linden Post went in her capacity as regional hospital chairman and presented five radios, one wool laprobe and 100 magazines to the Benjamin Franklin T.B. Hospital. The Linden Auxiliary treated each one of the veterans there.

To round out that day and the week as a whole, Mrs. Russell and Mrs. Prahl treated the veterans at the Alum Crest Home and hospital for Westway Post.

Westway Post and Commander Martin thank these ladies who worked so hard last week although he wonders wot they were doing Monday. The primary purpose of the Veterans of Foreign Wars is service to veterans and their families and it was certainly performed last week by these kind ladies of the auxiliary.

The delegates who have been elected to represent Westway Post in Cleveland at the department convention are: Dick Martin, 237 S. Burgess-av, Eugene Wolfe, 76 N. Ogden-av, George Bradley, 849 Markison-av, Grover Melvin, 1529 Walsh-av, and Dan Russell, 359 N. Sylvan-av. The delegates who will represent the Auxiliary are: Mrs. Emma Russell, Mrs. Sylvia Ell, Mrs. Dick Martin and Mrs. Art Gerrison of 643 S. Wayne-av.

The National Encampment of the Veterans of Foreign Wars is to be in Los Angeles this year early in August. Besides Commander Dick Martin, the post will be represented by George Chambers, 225 N. Powell-av, and Ray Boord of 604 Salisbury-rd.

Highland

In place of the pet show at Highland Playground, Mrs. Roca Trigg, supervisor of the grounds, is planning the annual doll show to be held Friday, June 27, at 2 p. m. Prizes will be given for the largest, smallest, prettiest, best dressed and most unusual doll. The children are urged to bring their teddy bears and pandas to be entered in the contest. Friday, June 27, has been set for the bicycle races. There will be straight stock bike races, obstacle and relay races for boys and girls from 8 to 16 years old. There will be contests for the best decorated bicycles also. The affair starts at 6:30 p. m. and parents are invited to watch the contests.

Mr. Fulton and Mrs. Margaret Edwards, Westgate supervisors, are planning an amateur show in the near future and children of all ages with any type of talent will be invited to entertain.

As one of the special events for all ages during the summer, movies will be shown at the playground shelterhouse at 7:30 p. m. every Friday.

It's a great kindness to trust people with a secret. They feel so important while telling it.

Summer Time Is Accident Time

This is the recreational accident season. Some mishaps occur while folks seek relaxation in other seasons, but summer is really the time when casualties mar playtime hours.

Records show that 155 persons drowned in Ohio during 1951. Thirty-eight in June, 39 in July, 25 in August, gave the vacation period an average of one drowning every day.

It is hard to realize that water claims so many lives. In fact no other type of public accident comes close to that record. Drowning has increased almost 50% in the last ten years. Great care in, on and around the water, is needed to reduce these casualties and cut down on the demands for rescue and resuscitation of persons.

Falls into the water from boats or docks or from bridges and banks of streams result from too little regard for firm footing. A good many of these victims are by themselves. Shock, or a bump on the head, disables some so that they drown in water so shallow that even non-swimmers could save themselves ordinarily.

Swim only in the company of others. At least two of each swimming party should be excellent swimmers. Choose waters that are attended by life savers.

Relax for a while after vigorous exercise. Entering the water while you are overheated or within an hour after eating, too often results in distress and tragedy.

Investigate the bottom and the depth of water before diving. Rocks, sandbars, sunken logs, hidden beneath the water can produce severe injury. Skylarking and roughhousing in the water may lead to panic, an upset and a drowning.

There are thousands of small boats on Ohio waters. Records indicate that these small craft are most commonly involved in trouble. One should not put out in a canoe, rowboat or outboard motored craft except in calm weather. Get to shore at once when a breeze springs up. It may be the forerunner of a storm. A boat is also a good target for lightning.

Do not carry more passengers than there are seats. Have a life preserver or floating cushion for each person aboard. If the boat capsizes stay with it and await rescue.

If someone falls overboard, don't go in after him. Throw him a rope or life preserver. Changing seats away from the dock is a tricky operation. Only one person should move at a time. He should stay low, holding on as he moves—keeping near the center of the boat as much as possible.

Usually one has to travel some distance to reach the water. Don't get too anxious. Drive carefully. Don't try to lead the whole party and a lot of gear into one car.

Observe all highway signs and signals. Respect warnings at railroad crossings. Let the train go first, for you lose when a race to the crossing ends in a tie.

'Watch It Boys!"

Ticklers — By George

Time to forget you were going to make improvements on your driveway—until your car bogs down in the same ruts next winter.

She: "I'm sick of you not working. Look at us. We have no rent, no clothes, and worst of all, look in the pantry, we have no food. I'm going home to mother."

He: "I think I'll tag along with you, I'm hungry."

It is now asserted that human intelligence reaches its maximum at 16 years. After that there is nothing left to do but learn how to use it.

Police Chief: "What! You mean to say this fellow choked a woman to death in a cabaret in front of two hundred people and nobody interfered?"

Cop: "Yes, Chief. Everybody thought they were dancing."

When Noah sailed the water's blue;
He had his trouble, same as you.
For 40 days he drove the Ark,
Before he found a place to park.

"That salesman! I've never heard a man talk so fast in my life."

"Why shouldn't he? His father was a tobacco auctioneer and his mother was a woman."

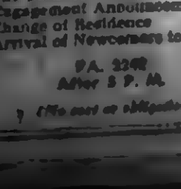
It was the little boy's first time at the opera. He watched the conductor in the pit waving his baton, and when the famous soprano started to sing, he asked his mother, "What's the man shaking his stick at the lady for?"

"Shh," his mother whispered, "he isn't shaking his stick at the lady."



"Then what's she hollering for?" he demanded.

Letters To The Editor

This newspaper invites letters from its readers on subjects of timely interest. All letters, however, must be not more than 400 words in length and all must be signed by the writer. The writer's name will be withheld if requested.

Dear Editor:

The Recreation Department of the Columbus State Hospital is pleased to announce that the White Elephant Sale which was held here June 18, to raise funds for the patients, was a tremendous success.

The sale, conceived and sponsored by the wives of the staff doctors, realized a splendid amount financially, which will be used to purchase much needed equipment for recreational use.

Our thanks are extended to all persons involved in producing this event. Their loyal cooperation and hard work was instrumental in putting the sale across. We especially wish to thank the Hilltop Business Association, Seiler's Department Store and Tiny Town Children's Shop for their generous donations, and the many individuals who contributed money for this worthy cause. Also our thanks to all the folks who sent in clothing, food and various articles, thereby making the sale possible. To all our hospital staff members including those of the Recreation Department, we are indebted for their fine services.

Due to the success of this year's sale, the hospital is seriously considering holding one next summer. The doctor's wives who were responsible for the sale were Mrs. Paul Kirch, who was the instigator of the project, Mrs. Benjamin Kevits, Mrs. Ernest A. Kellen, Mrs. Gordon Ogram, Mrs. William Grover, Mrs. Roy Edwards, Mrs. William Philpott, Mrs. Charles Hamner and Mrs. Tibor Agoston.

Europeans Vitally Interested In American Political Campaign, Observes "Cap" Hoover

The above pictures taken during his six weeks European tour in the opinion of M. V. "Cap" Hoover represent highlights of the trip. Upper left: At the Salt Mines in Berchtesgarten, Germany, with Edward P. Becker, tour companion, hosts Mrs. and Major W. D. Heintz and Cap Hoover. Upper right: Major and Mrs. W. D. Heintz. Lower left: A group of friends in Sommerstheim, Germany, and lower right: A Dutch girl in typical native garb at Sparkenburg, Holland, with the Zulder Zee in the background.

Problems of the peoples abroad are not a lot unlike those of our own people, is the observation of Miles V. "Cap" Hoover, executive secretary of the South Side YMCA. He and Edward P. Becker, a member of the South Side Y Board, have just returned from a six week trip by air which took them to 11 countries in Europe.

When interviewed earlier this week Cap pointed out that everywhere they traveled there was an unusual interest in the forthcoming political campaign in this country and that it is quite obvious that Europeans are genuinely hopeful that Eisenhower will get the Republican nomination and be elected president. "Europeans are not concerned with which party gets in power. They are interested in Ike because they believe he knows their problems and could best cope with them toward peace and security."

After observations of conditions abroad he stated, "If our leaders are spending our money wisely, it is well worth the price if this is the means of prevention of another major conflict."

He further stated that he did not believe communism is spreading further in Europe and that outside the crowded metropolitan areas that were so badly bombed there is little evidence of Red influence. It is the belief of Americans abroad that we have finally learned how to deal with the Russians, not in a verbal manner but by a show of strength, and while time means nothing to the Russians, they do recognize American strength and do not want war so long as America is strong.

Asked what he thought was most needed in bringing a lasting peace abroad, he pointed out that the development of an international language will be necessary before the rank and file of Europeans can understand each other and then should follow some stabilization of money exchange rates.

Hoover believes that conditions of danger abroad are highly exaggerated and that incidents abroad are made to appear far more serious to people in this country than they are actually to persons close to the scene.

He marveled at the frugality of the German people and believes that there is little to worry about with regard to that country again taking its rightful place among the nations of the world. It has actually reached the place in Germany where the Germans are feeling sorry for the English, he claims. Socialism in England has not helped matters, he says. Of the countries he visited he was most impressed with Holland and Switzerland.

The thousands of American boys who have gone abroad in the service since the war are fortunate and have had a real opportunity, he says. The services are making it possible for them to learn a lot about those countries.

While there may be some resentment at the presence of American troops abroad there is also a feeling of security in so long as they are there, Hoover believes. The fact that those people are paying reparations is offset by the spending by American boys which helps their economy.

Americans could well take two lessons from the peoples of those countries, he claims, the first that of courtesy and teamwork among auto drivers, and the second that of taking more time to really live.

Hoover and Becker were the guests abroad of Maj and Mrs. W. D. Heintz, former South Side residents, now stationed at Frankfort-on-the-Main in Germany.

Their travels took them to England, Ireland, Germany, France, Switzerland, Italy, Austria, Luxemburg, Belgium, Holland.

The fact that they left Paris at 9:30 a. m. and landed in New York at 7:10 a. m. is concrete proof that we are a part of an international picture rather than just one that involves the U.S., Cap points out.

"But let's not overlook the fact that there is no place so fine as the good old U.S.A.", he concluded.

The other day I came across an article, "What Is a Boy?" by Alan Beck, which I enjoyed reading and would like to share with you. Here it is:

Between the innocence of babyhood and the dignity of manhood we find a delightful creature called a boy. Boys come in assorted sizes, weights, and colors, but all boys have the same creed: To enjoy every second of every minute of every hour of every day and to protest with noise (their only weapon) when their last minute is finished and the adult males pack them off to bed at night.

Boys are found everywhere—on top of, underneath, inside of, climbing on, swinging from, running around, or jumping to. Mothers love them, little girls hate them, older sisters and brothers tolerate them, adults ignore them, and Heaven protects them. A boy is Truth with dirt on its face, Beauty with a cut on its finger, Wisdom with bubble gum in its hair, and the Hope of the future with a frog in its pocket.

When you are busy, a boy is an inconsiderate, bothersome, intruding jangle of noise. When you want him to make a good impression, his brain turns to jelly or else he becomes a savage, sadistic, jungle creature bent on destroying the world and himself with it.

A boy is a composite—he has the appetite of a horse, the digestion of a sword swallower, the energy of a pocket-size atomic bomb, the curiosity of a cat, the lungs of a dictator, the imagination of a Paul Bunyan, the shyness of a violet, the audacity of a steel trap, the enthusiasm of a firecracker, and when he makes something he has five thumbs on each hand.

He likes ice cream, knives, saws, Christmas, comic books, the boy across the street, woods, water (in its natural habitat), large animals, Dad, trains, Saturday mornings, and fire engines. He is not much for Sunday School, company, schools, books without pictures, music lessons, neckties, barbers, girls, overcoats, adults, or bedtime.

Nobody else is so early to rise, or so late to supper. Nobody else gets so much fun out of trees, dogs and breezes. Nobody else can cram into one pocket a rusty knife, a half-eaten apple, 3 feet of string, an empty Bull Durham sack, 2 gum drops, 6 cents, a sling shot, a chunk of unknown substance, and a genuine supersonic code ring with a secret compartment.

A boy is a magical creature—you can lock him out of your work shop, but you can't lock him out of your heart. You can get him out of your study, but you can't get him out of your mind. Might as well give up—he is your captor, your jailer, your boss, and your master—a freckled-face, pint-sized, cat-chasing, bundle of noise. But when you come home at night with only the shattered pieces of your hopes and dreams, he can mend them like new with the two magic words—"Hi Dad!"

—Alan Beck

But a boy, Heaven help him, soon becomes a man. His magic world of comic books and bubble gum changes into a rugged, competitive world of time clocks and tax deadlines. Boyhood becomes just a memory.

Today and every day your YMCA through a carefully directed activity program is providing hundreds of youngsters with the raw materials for some of their most-treasured future memories — the thrill of belonging to a club . . . fun-filled days at a summer camp . . . the friendly guidance of a wise leader . . . exciting games, swims, hikes, close friendships. These are the memories of a happy, healthy boyhood.

But even more the YMCA is laying the groundwork of Christian idealism, integrity and love of freedom so essential to constructive American citizenship. To this and its entire program is dedicated.

New Point Shopping Center Is Latest of the Casto Developments

The father and son team of Don M. Casto and Don M. Casto, Jr., veteran Columbus real estate developers and builders, are bringing to the West Side one of their proudest achivements in the Central Point Shopping Center, at Central-av and W. Mound-st. All told, 20 shopping centers have been built, are under construction, or are being planned for early opening by the Casto Organization.

Central Point is not their introduction to the West Side, since their first venture in this section of Columbus was Farmers Market, a small neighborhood center on Sullivant-av. But Central Point will provide West Siders with a counterpart of the nationally famous Town and Country Miracle Mile Center at 3700 E. Broad-st, which was the first Casto development on a broad regional scale.

The Casto organization has been actively engaged in real estate building and development in Greater Columbus since 1921. During the past 31 years, Don M. Casto and his affiliated corporations have built approximately $50,000,000 worth of homes, apartments and commercial properties in the Greater Columbus area and observers in the real estate field insist that the Casto organization has contributed greatly to the expansion and development of the city.

The first large supermarket to be built in Columbus was designed and constructed by the Casto organization for one of the leading grocery chains. The first community shopping center with parking facilities for shoppers and 28 diversified stores was the Grandview Shopping Center developed by the senior Casto.

His neighborhood centers, in addition to Farmers Market, include Broad-James, Broad-Nelson, Cleveland-av, Fifth-av, Westerville-rd and many others.

In 1947 the senior Casto conceived the Town and Country type of shopping center, visualizing a huge drive-in department store, composed of an integrated community of diversified stores, including many national chains and leading independent merchants, The Miracle Mile Town and Country on E. Broad-st was the outgrowth of that dream. Today, after more than three years of operation, it is a fabulously famous merchandise mart, copied throughout the nation and Mr. Casto is recognized as the leader in the shopping center field.

In 1945 Mr. Casto was joined by his son, Don, Jr., who had served three and one-half years as a navy pilot in the Pacific theater in World War II, and the younger Casto has been executive vice-president in charge of developments since that time.

In addition to Town and Country and Central Point in Columbus, the Casto organization has also developed and built Dayton Town and Country and Salem Miracle Lane Shopping Center in Dayton, and is busy making leases and drawing plans for the new Northern Lights Shopping Center on Cleveland-av in the Linden area of Columbus. Additional developments are on the drawing boards for Pittsburgh, Pa., Charleston, W. Va., and Cincinnati.

Point Poultry Store Said Best In Middle West

The Central Point Shopping Center offers the people of the West Side of Greater Columbus the finest poultry, dairy and fish store in the Middle West.

Oscar J. Leach, manager and president of Cool Brook Farm Store, made a survey through the Middle West and South to learn the most modern merchandising of poultry, dairy and fish produce. The result of his survey is the Cool Brook Farm Store at "The Point."

Leach is not bashful when he speaks of the results of his southern tour. "I looked and listened," he says. "Then I came back and planned our store for Central Point. I believe our customers on the West Side will agree that we have the best in our type of store."

Cool Brook Farms sells poultry, eggs, cheese and other dairy products and fresh and frozen fish. It is the only fresh fish and poultry market on the West Side.

Cool Brook Farm Store is offering five merchandise orders with a value of $5 during the Central Point opening Thursday, Friday and Saturday.

In the above photo is the prescription department in the new Gray Drug Store at Central Point Shopping Center. With registered pharmacists on duty the new Gray Store is equipped to handle any and all kinds of prescriptions.

Gray's Huge Expansion Program Includes New Central Point Store

Consistent with Gray's $1,000,000 expansion program, Columbus now has another new and completely modern drug store at the Central Point Shopping Center, 645 Harrisburg-pk.

Years of hard work and intensive study have gone into making Gray's one of the largest and most efficient drug chains in the country. By employing research and embodying the latest in merchandising practices, Gray's has developed modern and efficient drug stores which in turn have made drug store shopping easy, convenient, and much more pleasant.

In an effort to give the public this efficient service, the officials at Gray Drug have traveled extensively throughout the United States, studying and observing the various types of drug store operation, in an effort to produce the most progressive system possible.

The new Gray's store at Central Point is one of the finest to be found in Central Ohio. The entire store, which is 60 by 150 feet, is completely flooded by "slimline" fluorescent lighting. This lighting, along with large departmentalized sections and counters, enables the shopper to find with ease the merchandise he is seeking.

Of course one of the most important functions of a drug store is the filling of prescriptions and the dispensing of drugs, medications, and pharmaceuticals for the public health. In recognizing this fact, Gray's has developed the model prescription counter which would please the eye of any doctor or pharmacist. This open type prescription department is completely stocked with the highest quality preparations made by the leading pharmaceutical manufacturers. Prescription specialists are on hand at all times to dispense the fresh stocks of insulin, biologicals, serums, antitoxins, vaccines and penicillin in strict accordance with doctors' instructions. Constant refrigeration in this department keeps perishable drugs completely fresh and safe at all times.

Another feature of this new store is the handy 30 foot soda fountain, which seats 17 people comfortably. This fountain is designed to give maximum service in the minimum of time, and busy shoppers will find this is a good place to enjoy anything from a cool, soft drink, to enticing light lunches and snacks.

In order to accommodate shoppers at the Central Point Shopping Center, Gray's new store features a post office sub-station, with a handy writing desk nearby. This set-up is designed to handle the shoppers' mailing problems as quickly and easily as possible.

In addition to these many fine features, Gray's new store is completely air conditioned for the shoppers' comfort. Three latest model air conditioning units keep a constant flow of fresh, cool air in circulation throughout the store interior, making shopping cool and delightful even on the hottest of summer days.

A completely stocked hardware department, featuring everything for the home and workshop, is another outstanding feature of Gray's new Central Point store. Homemakers will be able to find all types of hardware, such as tacks, hammers, pliers, picture hooks, saws and electrical needs in this department. All items were especially selected for repair and maintenance around the home.

Gray's will celebrate the Grand Opening this week with free gifts and specials.

New Albers Supermarket Sets Record

Albers leads the way.

Not only was the Albers Supermarket the first store to open at the Central Point Shopping Center, at Central-av and W. Mound-st, but the response was so great at their opening early in May that the new store set a record for high business volume which has been maintained ever since.

A visit to the cool, cheerful Albers store makes it easy to see why Albers stands as No. 1 at Central Point. Easy of access from any of the main thoroughfares leading to Central Point, this great food store stands as a beacon to shoppers arriving at the drive-in market place.

Albers Central Point store is the largest of several West Side stores of the Albers chain. It has been equipped with the latest and most modern streamlined fixtures and equipment to make any of the thousands of items of merchandise available at finger's tip for self-serve shopping. Staples and canned goods, vegetables, meats, dairy products and household supplies are grouped departmentally with overhead signs providing instant recognition to the newcomer from any position in the store.

Rapid and accurate checkout facilities make for speedier service and courteous carryout boys eliminate the heavy drudgery of lugging heavy parcels.

During the Central Point opening week-end, you are invited to visit Alber's Supermarket to get acquainted with the West Side's newest and finest food store.

Miller-Jones To Observe Opening With Shoe Sale

Miller-Jones Shoes at Central Point is observing the grand opening of the first section with a sensational sale of shoes for the entire family.

Miller-Jones was one of the first three stores opening at Central Point in May. This suburban store is the fourth new deluxe store to be opened in Columbus by Miller-Jones as a part of their expansion program designed to give customers the advantage of quality shoes at "factory to you savings".

A full range of sizes in men's, women's and children's shoes is featured in the great Central Point opening sale which is announced in the Miller-Jones advertisement today. Miller-Jones also invites children to drop in with their parents to get Dick Tracy souvenirs, since the Miller-Jones company sponsors the Dick Tracy television show.

Cal Henderson, 726 S. Richardson-av, is manager of the Central Point Miller-Jones store. He is very proud of the record established by his store in last May's opening. It topped 101 other Miller-Jones stores in opening sales, and that same volume has been maintained since then, according to Mr. Henderson.

"I am very proud of our record," he said today. "But it is the wholesome appreciation of the West Side shoppers of our shoe values that has made our initial success possible. Many thanks to all of you who contributed. And may I suggest, in the future "make it a point to shop at the Point—and especially at Miller-Jones, for shoes."

"MAKE IT A POINT TO SHOP AT THE POINT"

Thrilling Act To Feature Point Opening

Visitors to the new Central Point Shopping Center, at Central-av and W. Mound-st, will be privileged to see one of the most thrilling outdoor acts in the entertainment world Thursday, Friday and Saturday at 9:15 p. m.

It's Capt. Earl McDonald and his "High Fire Dive"—a thriller from the moment he starts up the ladder to his perch 86 feet in the air until he plunges in a double somersault into a six-foot tank of water covered by several inches of gasoline, with flames shooting six feet into the air.

Thousands of East Siders thrilled to Capt. McDonald's performance last July when he appeared at the Town and Country Shopping center. Now his act is being introduced to West Siders as this daredevil breaks an engagement in Chicago to fulfill a commitment made for Central Point after his first appearance in Columbus last year. Bob French, advertising director for the Casto organization, made sure of his availability for Central Point in June after his first successes last summer.

"There must be a trick to it," say the awed observers after they have witnessed his death defying plunge. Mr. French, who has worked with Capt. McDonald many times and who will announce his nightly performances at Central Point, answers the question:

"Yes, there is a trick?" he said. "It's the trick of how to get through six feet of flames into the water and put the fire out without getting your eyebrows singed. It's very simple. Try it some time."

Sporting Goods Specialists At The Point

Two ex-GIs who love the outdoors have brought a real sportsmen's headquarters to the West Side. Bob and Dick Reeves, who operate the Reeves Bros. Sporting Goods Store at the Central Point Shopping Center, are not only specialists in outdoor merchandise, but they love the outdoors themselves and will always test their own merchandise before they offer it for sale.

They've done quite a bit of hunting and fishing on their own. As a matter of fact, George Robey, the Scripps-Howard outdoor writer, had quite a story about them when they opened their first store downtown at 120 N. Third-st, six years ago, just after the war.

Said Robey: "They're young chaps, full of enthusiasm and know-how in the hunting and fishing game. They've been around, fishing through Canada, Michigan and other hot spots where rod and gun enthusiasts get big thrills."

What George Robey said then goes for now. The Reeves Brothers have one of the finest sporting goods stores on the West Side—made to order for sportsmen who like to lounge around and talk.

Their merchandise is made up chiefly of long established and reliable brands of fishing and hunting equipment. Golfers are welcome too, as well as baseball, tennis and all other sports enthusiasts.

Reeves Bros. are giving away a $35 picnic set for the family in the three-day Central Point opening.

Zettler Opens Newest Store At The Point

The finest, most complete hardware store in Columbus! That's the proud boast of Zettler Hardware's new Central Point store. Zettler has been a name highly regarded in the hardware field in Columbus for more than 70 years. Starting with one store, the Zettler organization has added neighborhood hardware centers throughout Greater Columbus, with the Central Point store being the newest in the chain.

Step by step and store by store, Zettlers have added greater convenience, more complete lines of hardware, kitchen ware, electrical appliances and power implements, until the new Central Point store stands at the head of the chain for shopping convenience and merchandise variety.

The Zettler organization is headed by H. Taylor Zettler, as president. Marvin Reaver is supervisor, and Gene Malone is manager of the Central Point outlet, with Pete Crouse as assistant manager. Complete informality of shopping for hardware and household goods is the keynote of the Zettler merchandising policy. Merchandise is attractively displayed, easy of access to the customer and a semi-self serve policy is observed with a central checkout desk and counter near the entrance, for greater convenience.

Zettlers carry a wide variety of nationally advertised household goods, outdoor play equipment, lawn and garden supplies and seeds, power mowers and other implements, paints and varnishes of better quality, and, of course, hardware.

Zettlers is giving away a $30 Toastmaster hostess waffle set during the Central Point opening week-end.

A New York beggar was found to be the owner of two big cars, which seems to explain why he has to beg.

Central Point Offers . . .

Everything for everybody. One stop to shop. Free parking always with every car only a few steps from any store. Every store open every night until 9 o'clock.

That's Central Point, at Central-av and W. Mound. Some downtown shoppers my doubt it. But try this sometime. Drive downtown to buy something. Fight for a place to park—then pay for it through the meter or through the nose. Walk block after block for what you want to buy. Then come back to your car and find an overtime parking ticket—and go home completely socked with a "never again" attitude. You've done it before. Why do it again? Patronize your West Side merchants, including the Central Point Shopping Center.

By late in the fall Central Point will be in a position to alleviate all of these distressing inconveniences of shopping. Right now only one of your major developments within the center is completed. But as you visit Central Point this week-end, visualize what it will soon be—just a convenient, casual, public square type of shopping that you all enjoy, open until 9 in the evening and never a cent for parking.

Central Point Shopping Center Celebrates Grand Opening June 26th

Multi-Million Dollar Development Is Newest Shopping Center In Area

Formal opening of the first completed section of the multi-million dollar Central Point Shopping Center at Central-av and W. Mound-st is being observed Thursday, Friday and Saturday of this week with a free outdoor attraction, the announcment of an automobile award, special merchandising events by all merchants and the opening of the new Gray self-serve drug store, the last of the first nine stores to be completed.

All nine stores in the first section are joining in the event, according to Don M. Casto and Don M. Casto, Jr., Central Point developers.

Central Point Business Association is awarding a 1952 Chevrolet two-door sedan on Saturday, Nov. 18, at 3 p. m., with no purchase necessary to qualify. In addition several of the stores are holding individual prize awards over the opening week-end to add to the attraction.

To add to the festive air at Central Point, the merchants have contracted with Capt. Earl McDonald for a nightly appearance at 9:15 in his sensational "high fire dive," which will be free to all spectators. This is one of the most sensational outdoor attractions in the entertainment world, and Central Point merchants invite their friends to bring their whole families to see Capt. McDonald plunge into a tank of flaming gasoline from an 85 foot perch.

The completion of the first section at Central Point marks the first milestone in the development of this huge shopping center which will embrace more than 40 stores when completed this fall. The first section was officially opened early in May by Albers Supermarket, and thereafter Zettler's Hardware, Reeves Bros. Sporting Goods; Moore's Auto Accessories; Tom Benua Men's Store; Cool Brook Farms, Poultry, fish and dairy store; Swan Cleaners and Miller-Jones Shoes were opened. This week also marks the opening of the final store in the first group—Gray's self-serve drug store.

Visitors to "The Point" at this week-end grand opening will get a preview of what Central Point will be like when it is completed, according to Don M. Casto, the developer and builder. "Not only will you be pleasantly greeted by nine beautiful stores ready to serve you with the finest of merchandise at reasonable prices, but you will be astonished at the construction throughout the center which is now being rushed at the highest pitch for completion in the fall."

He said, "This is only the beginning. Soon we will have a great J. C. Penny Department store, the S. S. Kresge Co., and Schiff's Shoes in the building adjacent to the section now open. The third section will embrace a Kroger Super Market, Adeline Dress Shop, International Shoes, Jopas Shop, May & Co., Furniture; Goodsell Bros. Wall Paper Store, Spencer's Kiddie Shop and others; and finally the fourth section will comprise commodity and service shops to make a 40 store shopping center complete."

Casto explained that Central Point will observe the 9 p. m. daily closing hour for greater shopping convenience. And he said: "The Point will have acres of free parking space with every car only a few steps from any store in the shopping area. As fast as building projects are completed, additional parking will be provided in front. By this fall there will be accommodations for more than 2000 cars."

Casto sums up the advantages of the Central Point Shopping Center as follows: "Central Point was conceived, designed and will be dedicated to the shopping convenience of the people of the West Side of Greater Columbus and surrounding areas, to provide a great market place with an integrated community of diversified business organizations offering everything for everybody. Our stores will all be geared for high volume sales at lowest possible prices. And with our convenient shopping hours until 9 o'clock, and acres of free parking we know West Side folk will enjoy shopping at The Point."

Pictured above is the exterior view of Albers new Supermarket which this week is observing the official grand opening of the West Side's newest shopping center at W. Mound-st and Central-av. The huge spacious store offers a complete line of grocery and staple items.

In Appreciation . . .

We, the developers and merchants of the Central Point Shopping Center, take this opportunity to express our appreciation to The Hilltop Record and West Side News for their splendid cooperation in making our First Section formal opening a success.

They have generously contributed publicity space over and above the modest amount of paid advertising that we could afford with only nine of our 40 stores open, to help us launch "The Point" as a future West Side shopping institution. For that we are grateful, and we may assure readers of these two fine community newspapers that in the future they can find all the news of Central Point in the publication they are reading at the moment.

About The Hilltop

Summer is here, time to take your shoes off and go bare-foot and when the temperatures soar, a nice cold watermelon halved out is just about the best eating there is . . . Bill Finneran (builder) is "batching". His wife, Sue, and the children are vacationing in Miami, Fla. . . . Next month the Walter Gilhams are planning on a vacation in Wisconsin.

Sunday a week ago Roy and June Kimes held an old-fashioned housewarming in their new home at 1715 Walsh-av. Thirty in all attended . . . We're happy to report Will Gloeckner, a patient at Mt. Carmel, is doing fine, after his major operation . . . Howard Harris has his arm in a sling. He sprained his arm playing "catch" with his son, Jack.
